

# 10 KNOWN DEAD IN STORM

## Errors Are Found in Mayoralty Recount

### BRADEN GAINS 18 VOTES IN RECOUNT OF MAYORALTY POLL

Error Found in Tabulation of Blocks in Precinct Two of Ward One, Where 18 Braden Votes Had Been Credited to James J. Bruin

Thomas H. Braden gained 18 votes and James J. Bruin lost the same number in the recount of the mayoralty vote in Precinct 2 of Ward 1, which was recounted this morning, but checked again when the election commission reconvened this afternoon. No such gain or loss was found in the original recount of this precinct this morning, but Jeremiah J. O'Sullivan, representing Thomas J. Corbett, the recount petitioner, detected an error in the recent tabulation during the recess period and asked for another count. It first was believed that a block of 50 votes that belonged to Mr. Corbett had not been credited to him, but this was found not to be so, but the error of 18 Braden votes given to Bruin was found.

Owing to the error discovered in the recounting of the votes in Precinct 2 of Ward 1, Atty. O'Sullivan has requested the election commission to recount the votes in other precincts recounted this forenoon. It is believed that this recounting will take place after the recount has been completed.

The recount of the city primaries on November 11, as petitioned for by Thomas J. Corbett, who was defeated by Braden by a margin of 101 votes, was begun this morning.

The election commission, with the exception of Mr. Braden, are conducting the recount in the aldermanic chamber at city hall. Mr. Braden, owing to his personal interest in the result, did not care to serve as an active member of the commission and his place is taken by James Redmond, of the commission's office staff.

Two wards were completed up to noon today, 1 and 2. Mr. Braden lost one vote in precinct 1 of ward one, while Stephen C. Garrity lost a total of 4 votes in the two wards, votes credited to him in the original count being thrown into blanks by the commission. The vote of Mayor Donovan was increased one in the two wards recounted.

Mr. Braden attended this morning's session in person and was accompanied by Thomas Johnson, representing Mr. Corbett, and William F. Corbin, Joseph R. Sullivan and Raymond E. Dowd. Mayor Donovan was represented by his secretary, Harry C. Glasheen and Dennis Donovan.

Considerable interest is being shown in the recount, a large number of persons being present at the morning session. The recount of wards 1 and 2 was along much smoother than did the recount of any section of the 15th representative district, which was completed yesterday afternoon, and it is believed that the recount of the nine wards will be completed Thursday afternoon.

### Great Gale Swept Out to Sea, Leaving in Its Path, Mounting Toll of Death and Disaster

#### SEEK CREWS OF WRECKED SHIPS

Capt. Peterson of Barge Canisto Died While Being Drawn Aboard Ossipee

Body Brought Ashore—Raymond Dulude Rescued From Abandoned Barge

ROCKLAND, Me., Nov. 18.—Coast guard cutter Ossipee, which late yesterday rescued Raymond Dulude, of Portland, Me., a sailor from the abandoned barge Canisto and brought ashore the body of her captain, Albert Peterson of Brooklyn, N. Y., who had died while being drawn aboard the Ossipee on a life line, left port early today.

The cutter at once regained the

#### 10 KNOWN DEAD, MANY MISSING

Great Property Losses to Shipping and Wholesale Damage Ashore

Gale Which Had Atlantic Seaboard in Grip Passes Out to Sea

NEW YORK, Nov. 18.—Leaving in its path a mounting toll of death and disaster, the great gale which for 48 hours had the Atlantic seaboard in its grip, appeared today to have been swept out to sea.

Ten known dead, many missing, great property losses to shipping and wholesale damage ashore, was the toll in this section.

Today, while life saving agencies were mobilized to search the sea for missing craft and missing men, the gale, which had been predicted by weather forecasters, predicted colder temperatures, with

#### PASTOR HELD IN WIFE'S DEATH

Rev. C. V. Sheatsley, of Bexley, Ohio, Questioned By Police Today

Charred Ashes of His Wife's Body Found in Furnace of Their Home

COLUMBUS, O., Nov. 18.—(By the Associated Press)—Rev. C. V. Sheatsley, for nine years pastor of Christ Lutheran church of Bexley, a suburb, was questioned by police today in connection with the finding of the charred ashes of his wife's body in the furnace of their Bexley home late yesterday.

Police Lieutenant Shellenbarger announced that something definite might be announced within an hour.

The investigation into the mysterious cremation of the pastor's 52-year-old wife is being conducted by County Prosecutor John H. King and police who last midnight discounted

### MANY NON-SUPPORT CASES IN THE DISTRICT COURT

Husband Admits Forcing His Wife's Wedding Ring From Her Finger to Pawn—Another Forces Wife to Turn Over Her Pay to Him to Gamble

An unusual variety of domestic difficulties were aired in district court this morning, six of the eight cases on the docket dealing with non-support.

William H. Quigley admitted forcing his wife's wedding ring from her finger to pawn it in order to procure enough money for a night's lodging, he told Judge Enright. Mrs. Quigley told the court her husband hadn't given her any money since September 16. The court instructed officers to go to the pawnshop and get back the woman's ring. He sentenced Quigley to six months in the house of correction.

A second unusual incident was brought to light during the non-support trial of James Panagopoulos, whose wife tearfully informed the judge that her husband forces her to turn over her pay to him, and he in turn, goes out and gambles it away at cards. Defendant was sentenced to serve five months in the house of correction. On appeal, he was ordered to recognize in \$500 for his appearance in superior court.

Daniel F. Murphy, who was brought in on a capias for failing to comply with recent terms in a non-support case, was continued on further probation with the understanding that he contribute \$3 weekly to the probation officer to be turned over to his wife.

William L. Ferguson, non-support was continued until November 25, and John Joseph Hart, for the same offense, was continued until tomorrow.

#### SECOND APPEAL FOR TROOPS

Sheriff Acts After Los Angeles Aqueduct Raiders Ignore Court Order

Raiders to Stay 'on Job' Until it is Finished or Until Militia Comes

LOVE PINE, Calif., Nov. 18.—(By the Associated Press)—Owens valley's "little army of occupation" still was in possession of the Los Angeles aqueduct early today and the water intended for the Los Angeles municipal supply was coursing in its two-day old passage through waste gates. No one had yet made any effort forcibly to eject the invaders or to close the gates.

The approximately 100 men who constitute the army took turns standing guard all night and their searchlights swept back and forth over the hills unceasingly.

"I feel confident," said Mayor Clegg of Los Angeles last night, "that the peace officers of Inyo county, supplemented if necessary, by the forces of the state of California, will take care of the men who are now engaged in violating the law of Inyo county."

Sheriff Charles Collins of Inyo county, however, took a different view of the matter. After serving the aqueduct raiders with a superior court order forbidding them to interfere with the Los Angeles water supply, and after seeing copies of the order tossed

#### OPEN ELKS' HOME TO THE PUBLIC

New Building of Lowell Lodge Open for Inspection Today and Tomorrow

George M. Harrigan Toastmaster of Banquet to Be Given Thursday Night

The new home of Lowell Lodge of Elks, in Warren street, today was opened for public inspection. The home will be open this evening and tomorrow afternoon and evening, and all residents of Lowell have been attended a cordial invitation to go through the handsome building. On Thursday, by members of the order only and the formal dedicatory ceremony.

### FIVE COURTS IN SESSION IN COUNTY BUILDING HERE

Gorham Street Court House Today Has Two Superior, Two Probate and One Federal Session—Contested Will Case a Feature

Five courts were in session at the county building in Gorham street today, two superior, two probate and the United States commissioner. The regular civil session of the superior court, with Judge Greenhalge on the bench, and the jury-waived session, with Judge Donahue presiding, were in the second-floor court rooms. Two sessions of probate on the

### THIRD MILLION DOLLAR FIRE

Blaze Started By Explosion at Warners, N. J.; Caused Heavy Loss

WARNERS, N. J., Nov. 18.—The loss from fire which started with an explosion aboard an oil barge, destroyed a gasoline tanker, wrecked pumping stations and pipe lines and burned up 60,000 gallon kerosene tank ashore here last night, was set at above a million dollars today. Three members of a tug crew are missing, although the belief is held they will be located

### HEATING AND HOUSING

Attorney General Submits Opinion to Commission on Necessaries of Life

BOSTON, Nov. 18.—A landlord, who by the terms of his lease with a tenant, promises to provide heat and other conveniences, must do so whether the promises are set forth in a written lease or not. The more promise to do so by the landlord is as binding as a written document.

Such is the gist of a long opinion on the heating and housing situation sent today by Assistant Attorney General Alexander Lincoln to the commission on the necessities of life.

The commission has literally received thousands of complaints from landlords all over the state concerning the demands for heat and thousands of complaints from tenants who think that they are not getting heat in sufficient quantities. The opinion is, therefore, a most important one.

In asking for the opinion, Eugene C.

### BRINGS VISITORS HERE

"Suburban Week" Attracts Many Shoppers From Out-of-Town

"Suburban Week" has made a most auspicious start. Yesterday was the first day of the pilgrimage, which is to bring during the local retail merchants' six-day reception of customers old and new to many Lowell retail stores, thousands of people from the country towns in Middlesex county, who rarely trade in Lowell except when "passing through."

A host of responses, curiosity-filled men and women from nearby towns, ignored yesterday's intensely cold weather and disagreeable traveling conditions, anxious to take advantage of the "Suburban Week" invitations to visit the retail stores of Lowell and make themselves at home.

The excellent weather and milder temperature today was responsible for a large outpouring of shoppers this afternoon, visiting parking thorough-

### COLD BRINGS DEATH TO TWO N. E. MEN AND DISTRESS TO SHIPS

Auto Radiators and House Pipes Frozen—Fires Result in Hasty Attempts to Heat Residences—Ships Ashore and Others Riding Heavy Seas

BOSTON, Nov. 18.—The wintry blast which, with a high wind and a temperature nearly touching zero in parts of New England, brought death to two men, distress to ships along the coast from Maine to Cape Cod, delay to trains, and frozen automobile engines and house pipes, will be checked late today by a rise in temperature and either snow or rain, according to the forecast issued by the local weather bureau.

The storm was never at sea. From Rockland, Me., came last night the report of three barges, bound for that port, adrift, one believed to have foundered with its crew aboard, and the death of Captain Albert Peterson of Brooklyn, N. Y., who died in the freezing water when made fast to a line shot to his barge from the coast guard

### ESCAPES FROM HOSPITAL

Lowell Man Wanted by the Maine Police Evades Hospital Officials

Was Shot by a Deputy Sheriff in Brunswick, Me., on October 31

Prisoner Was Taken From Portland Jail to Hospital For Treatment

The police of Portland, Me., have notified the local authorities that Albert Drelet, or Albert Alberts, of this city, escaped from the Maine General hospital last night, evading the officials who had been ordered to keep him under surveillance.

Drelet was shot by Deputy Sheriff

## TWO KNOWN DEAD FOUR MISSING

Fire Which Destroyed Big  
Atlantic City Hotel Burn-  
ing Itself Out Today

Nothing But Walls Remain—  
Casino Wrecked—Loss  
Estimated at \$1,500,000

ATLANTIC CITY, N. J., Nov. 18.—With a toll of two known dead and four missing the fire which destroyed the Atlantic City hotel and casino, formerly the Senator, last night and for a time threatened many fine residences at this coast resort, was burning itself out today. It was believed that all further danger of the flames spreading had been averted.

Nothing but part of the walls for the hotel remained and the casino on the famous steel pier was practically wrecked. The loss is estimated at \$1,500,000.

One man, James Bennett, 30, of New York city, died shortly after midnight as a result of injuries received as he was being rescued from the flames; an unidentified woman is known to have perished, and it is feared that at least three more guests of the hotel may have lost their lives.

Police Sergeant James A. McMenamin has not been heard from since he went into the Senator about 10 o'clock in an attempt to rescue some guests, and it is feared that he died in the discharge of his duty.

About a score of persons, most of them firemen, were injured during the progress of the conflagration, although none but Bennett suffered serious injuries.

The cause of the fire is still undetermined.

## CHARGED WITH THEFT OF \$1200 FROM BANK

BOSTON, Nov. 18.—William I. Henderson, an employee of the Merchants National bank of Salem, waived examination when arraigned before United States Commissioner Jemmy today charged with theft of about \$1200 from the bank. He was held in \$2000 for the grand jury.

SECO. HUGHES HAS COLD  
WASHINGTON, Nov. 18.—Secretary Hughes was kept at his home today by a cold and was forced to cancel an engagement to speak over the radio tonight in connection with Pan-American radio night.

## DEATHS

MANOUSOS—Antenor Manousos died yesterday at his home, 279 Cumberland road, aged 41 years. He was a prominent young Greek resident of this city. He leaves a wife and three brothers, James, George and Peter Manousos of this city.

SPILLANE—Agnes Josephine, daughter of Mrs. and Mr. Joseph F. Spillane, died yesterday afternoon at the home of her parents, 23 Litchfield terrace, after an illness of one week, aged 7 years, 7 months and 27 days. She was a popular student of the third grade of the Bartlett school and was a genuine favorite among her classmates. Besides her parents she leaves four sisters, Ellen T., Catherine F., Margaret M. and Mary E., and one brother, John J. Spillane.

ENO—William Enos, a well known and highly esteemed resident of this city, died yesterday afternoon at the home of his son, Arthur L. Enos, 730 Alondra street, aged 80 years. He is survived by four sons, Pierre T. A. Edward C. and Arthur L. Enos of this city and Joseph Enos of Venice, Calif.; one sister, Mrs. Sarah Gohin of this city and one brother, George Enos of New Brunswick; also several grandchildren and great-grandchildren.

CARNEVALE—John Carnevale for the past 18 years a well known Italian resident of this city residing at 10 Auburn street, died in Boston, aged 31 years. He is survived by his wife, Antonette, in Italy; three brothers, Vito, Angelo and Joseph Carnevale of Lowell; and one sister, Mary, who was a member of the Christiana Columbus society of Lowell. The body was removed to the funeral home of M. H. McDonough Sons, 14 Highland street.

## FUNERAL NOTICES

SPILLANE—Died in this city, Nov. 17, Agnes Josephine Spillane, beloved daughter of Joseph F. and Margaret (Mahoney) Spillane, aged 7 years, 7 months and 27 days. The funeral will take place from the home of her parents, 23 Litchfield terrace. The burial will be in St. Patrick's cemetery. The arrangements are in the charge of Funeral Directors James W. McKenna Sons.

RONDEAU—Died Nov. 16 at the Lowell Corporation hospital, Mrs. Marie (Chen) Rondeau, aged 34 years, 1 month and 1 day. Funeral will take place Wednesday morning at 9 o'clock from the home, 350 Sladon street, Dracut. Solemn high funeral mass will be celebrated in St. Louis church at 9 o'clock. Friends are invited to attend. Burial will be in St. Joseph's cemetery. Arrangements are in charge of Funeral Director Joseph Alberi.

MORRIS—Died Nov. 17, in this city, Edward M. Morris, aged 77 years, at the home of his wife, Miss Jessie Morrish, 3 By street. Funeral services will be held at the funeral home, 236 Westford street, Wednesday morning at 10 o'clock. Friends are invited to attend. Burial private, under the direction of Undertaker George W. Healey.

## FUNERALS

HOWARD—The funeral of Frank J. Howard took place this morning at 9 o'clock from the home of his mother, Mrs. Sarah Gill, 13 Dunn street and was largely attended. A solemn high funeral mass was celebrated at 9 o'clock.

ALLISON—The funeral of Murray Allison took place from the home of his daughter, Mrs. Minnie A. Clark, 469 Broadway, yesterday afternoon. The services were conducted by Rev. Percy B. Thomas, pastor of the First Congregational church. Appropriate selections were sung by Mrs. Arthur W. Stroeter. The bearers were Frank Clark, James Effe, Ward Gordon, James Phelps, Harry Lamblett, Andrew Brown, John Grant and William Russell. Burial was in the family lot in the Edison cemetery. Arrangements were in the charge of Undertaker George W. Healey.

MASS NOTICE  
TRINGOVE—There will be an anniversary solemn high mass of requiem celebrated at St. Jean Baptiste church, Thursday morning at 9 o'clock, for the repose of the soul of Vincent A. Tringove.

CARD OF THANKS  
We, the undersigned, wish to express our thanks to the many friends who at the death of Murray Allison, expressed their sympathy and sent beautiful floral tributes at the time of his funeral.

MRS. MINNIE A. CLARK and Family.

## SCHOONER ABANDONED, CREW BROUGHT ASHORE

BOSTON, Nov. 18.—A vessel familiar in the coastal trade for seventy years ended her career when the schooner Rebecca G. Whilldin was abandoned five miles south by east of Pollock Rip tonight last night. Captain Magnus Benjamin of Boston and his crew of three men were brought here today by the steamer A. L. Kent, from Baltimore, which saw their distress signals and rescued them.

The Whilldin, bound from Michigan, Me., for Vineyard Haven, with a cargo of lumber, anchored Sunday night not far from her destination. During the night a heavy gale arose and she broke loose from both her anchors and drifted seaward. The schooner sprang a leak and the crew worked at the pumps all night and through yesterday to keep her afloat. The after cabin was flooded.

Word was received here that after the men had been rescued, the schooner abandoned the duellet and picked up by a coast guard cutter. The Whilldin, which registered 135 tons net, was built at Milford, Del., in 1853, and her home port was Calais, Me.

Two schooners, which became helpless in the gale off Cape Cod, were towed into port at Provincetown today by the coast guard cutter Tampa, according to a message received here from Commander McLean of the Tampa.

The schooner W. T. Bell, 130 tons, and the Storm Petrel, 174 tons, were caught running Cape Cod, and anchored when the storm overtook them. Their rigging was blown to pieces, but the anchor chain held until help reached them.

## Second Appeal for Troops

Continued  
Into the spillway to mingle with the Governor, Richard W. Richardson last night a second appeal for state troops saying that he and his deputies were "utterly powerless to cope with the situation."

The raiding party of farmers, clerics, lawyers, physicians and businessmen of the valley, today were making themselves comfortable in camps, preparing to stay "on the job" until the situation is settled.

They acted, because, they asserted, Los Angeles was taking water needed for irrigation.

The Los Angeles water supply is assured for ninety days by supplies impounded south of here.

at St. Jean Baptiste church by Very Rev. Eugene Turcotte, O.M.I., assisted by Rev. Augustin Gratton, O.M.I., as deacon and by Rev. Armand Baron, O.M.I., as sub-deacon. The church choir, under the direction of Rodolphe P. Penzolotti, were Mrs. Edith T. Phelps, Mrs. Elizabeth Cote, Arthur J. Levesque and Ross Hector Gill, James Edward and DeSilva, Edward Gill and George Hamel. Burial was in the family lot in St. Joseph's cemetery, where the funeral prayers were read by Rev. Eugene Turcotte, O.M.I. The funeral arrangements were in charge of Undertakers Amende Archambault & Sons.

ALFISON—The funeral of Murray Allison took place from the home of his daughter, Mrs. Minnie A. Clark, 469 Broadway, yesterday afternoon. The services were conducted by Rev. Percy B. Thomas, pastor of the First Congregational church. Appropriate selections were sung by Mrs. Arthur W. Stroeter. The bearers were Frank Clark, James Effe, Ward Gordon, James Phelps, Harry Lamblett, Andrew Brown, John Grant and William Russell. Burial was in the family lot in the Edison cemetery. Arrangements were in the charge of Undertaker George W. Healey.

## TOWN OFFICIALS SENT TO JAIL

Selectman, Chief of Police  
and Ex-Councilman Given  
Jail Sentences

Convicted in Sensational  
Salisbury Beach Rum-  
Running Case

BOSTON, Nov. 18.—Jail sentences for Ruel S. Gatchell, a selectman of the town of Salisbury, Chief of Police Harold F. Congdon of Salisbury and Albert S. Reynolds, until recently a member of the Salisbury city council were announced yesterday by Judge James A. Lovell in United States district court at a hearing on guilty and plea entered in connection with charges of rum-running and bribery at Salisbury beach. Anthony Caramagno, charged with attempted bribery, will be fined \$500. Gatchell and Congdon were charged with conspiracy to transport liquor. Caramagno and Reynolds were named in charges of bribery involving Harry F. Burdick, head swimmer of the Plum Island coast guard station. All but Congdon pleaded guilty to the charges. Congdon pleaded not guilty.

According to the announcement yesterday, next Monday when the formal sentences will be pronounced, Gatchell will be sent to the Plymouth jail for three months, Reynolds will go to the same jail for two years, and Congdon will be sentenced to serve four months at the Plymouth jail. Reynolds, who resigned from the Newburyport city council three weeks ago, and Gatchell, will each receive a month's stay of sentence to set their business affairs in order.

Gatchell, Reynolds and Caramagno all testified for the government at the recent trial, in which Burdick and Daniel J. Keilher of Salisbury were acquitted of complicity in the affair. The jury reported a disagreement in the case of Herman J. Rilek and Carl N. A. Voss.

## Third Million Dollar Fire

Continued  
In some hospital. Much of the loss falls on the Sinclair Oil Co.

The flames threatened for a while to sweep the entire waterfront.

Several of its crew of 38 were rescued from the icy water off Statue Island, and the ship had jumped overboard, their clothes were frozen, and the captain, at last believed to have been killed, was found later unconscious in a hospital.

The explosion on the barge 44 sent flames to the tanker William Hayes Thompson and the fire soon spread to its way to the first of the 8000 barrel gasoline tanks of the plant of the Sinclair Refining company that is in its path. While the company's fire brigade battled the flames, the emergency pumps were set to work and the contents of the other tanks were drawn off and saved. More than \$7,000 gallons of gasoline went up in smoke.

ATLANTIC CITY, N. J., Nov. 18.—(By the Associated Press)—The Atlantic City athletic union, at its closing session today, elected Harry Hulbert of New York as president to succeed William C. Prout of Boston; selected Pittsburgh as the 1925 convention city; approved two spinning records, one by Louis Clark and the other by Charles Paddock, after a spirited controversy.

## HULBERT NEW HEAD OF AMATEUR A. U.

ATLANTIC CITY, N. J., Nov. 18.—(By the Associated Press)—The Atlantic City athletic union, at its closing session today, elected Harry Hulbert of New York as president to succeed William C. Prout of Boston; selected Pittsburgh as the 1925 convention city; approved two spinning records, one by Louis Clark and the other by Charles Paddock, after a spirited controversy.

## TRAWLER PICKS UP TWO MEN AT SEA

BOSTON, Nov. 18.—A radio message received here today from the trawler Ocean reported that the trawler had picked up two men from a motorboat in Nantucket sound, 14 miles north-west of Nantucket Lightship. The motorboat was owned in New Bedford, the message said. The names of the men were not given.

## THREE SAILORS OVER- COME BY COAL GAS

STAMFORD, Conn., Nov. 18.—Three sailors of the coast patrol boat here yesterday to go on board the rum runner being built by the Lunders company, overcome by coal gas from a range in the galley of the craft early today, and were sent to the Stamford hospital for emergency treatment.

The sailors are Leonard Urban, Brooklyn, N. Y.; Albert Nye, Mattapoisett, Mass.; and Edward Gustafson, Brooklyn, N. Y. All are expected to recover.

During the war the plant was engaged in turning out munitions. The Lunders company, which was in the business of building ships, was in the process of converting the plant into a shipyard. The plant was destroyed by fire on Nov. 18, 1924.

## FIRE AT WARREN, R. I.

WARREN, R. I., Nov. 18.—Fire of mysterious origin destroyed the "Wheaton Place," one of the largest houses in town, destroyed.

WARREN, R. I., Nov. 18.—Fire of mysterious origin destroyed the "Wheaton Place," one of the largest houses in town, destroyed.

## BURNED TO THE GROUND

Plant of Ashland Novelty Co. at Abington Destroyed By Fire This Morning

ABINGTON, Mass., Nov. 18.—The plant of the Ashland Novelty company was burned to the ground this morning with a loss of \$25,000. The firm manufactures candle pins for bowling.

## SHORTAGE OF \$20,000 DUE TO "FAKE LOANS"

STAMFORD, Conn., Nov. 18.—A shortage of at least \$20,000 due to "fake loans" is charged, it was understood by the police today against Miss Tina Stamatin, 20, of this city. Roy E. Macdonald, of Mount Vernon, N. Y., Harry C. McGraw, of Bridgeport, and Walter M. Keller, of this city, were arrested on night on an embezzlement charge on complaint of the beneficial loan society. The accused were being held without bail today until an investigation of the affairs of the Stamford office of the society could be completed. It was reported to the police that an arrest had been made in Bridgeport and that the inquiry into the recording of alleged "fake loans" would lead to arrests elsewhere.

## URGES CONSERVATION OF WATER SUPPLY

SPRINGFIELD, Nov. 18.—Herbert Myrick, publisher of agricultural periodicals, today sent to governors of New England and middle Atlantic states messages suggesting that the executives urge upon their people the almost conservation of water supplies. In view of the almost unprecedented drought situation in which the ground is fast drying up with a great deficit in moisture in the soil, the points out that wells and springs by the thousands are partly or wholly dry and that the condition of winter drought is most dreaded by prudent farmers.

## ANOTHER FLOOD BUYING ORDERS

NEW YORK, Nov. 18.—Another flood of buying orders poured into today's stock market. It was nearly fifty issues to new peak prices for the session. In the first two hours of trading on total sales in excess of 1,000,000 shares. So scarce was the floating supply that certain stocks that early gains ran from 1 to 6 points when orders to "buy at the market" were executed.

## TRAWLER PICKS UP TWO MEN AT SEA

### Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and really there is nothing better for coughs.

Into a pint bottle put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for 92% ounces of Pinex, with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

### SPECIAL PERMIT TO WEAR RED CHRYSANTHEMUMS

BOSTON, Nov. 18.—Harvard men who wish their women companions at the Harvard-Yale game at New Haven next Saturday to wear large red chrysanthemums have been advised to get a special permit for each flower in order to avoid possible seizure. T. B. Cotton, head of the Boston bureau of etymology of the federal department of agriculture, wrote yesterday to F. W. Moore, graduate treasurer of the Harvard Athletic association, informing him that the chrysanthemum, the traditional flower of the Yale-Harvard game, is a carrier of the European corn borer. New Haven, he said, is outside the New England quarantine area.

### DR. FOSDICK'S SERVICES MUST END MARCH 1

NEW YORK, Nov. 18.—After months of controversy which, according to Presbyterian ministers, has "affected the whole country and broken up friendships," the New York Presbytery has decided, with only two dissenting votes, that Rev. Dr. Harry Emerson Fosdick's services as special preacher at the First Presbyterian church must end March 1, 1925, and that in the meantime he may continue to fill the pulpit.

An amendment proposed at yesterday's meeting calling for the immediate cessation of Dr. Fosdick's services was defeated by a rising vote of 53 to 18.

### Heating and Housing Continued

Hullman, chairman of the necessities of life commission, wrote as follows:

November 17, 1924.

My dear Mr. Attorney General:

In connection with the forthcoming report of the commission to the legislature in regard to housing matters, there seems to be some question as to whether chapter 555, acts of 1923—to penalize the violation of certain rights of tenants—as extended to May 1, 1925, by chapter 72, acts of 1924, may be invoked by tenants at will as well as by tenants under lease.

The commission has acted on the assumption that the benefits of this law were intended by the legislature for all tenants in good standing. In the thousands of complaints made to the commission concerning lack of heat and other conveniences being furnished tenants by landlords, it has only been necessary to recommend court action in about ten cases. The commission finds that one justice whose district includes a section where there are many moderate-priced, heated apartment houses this law does not apply to tenants at will.

The commission finds that this emergency housing law has been of great help to many tenants in that it enables a tenant in good standing to secure reasonable redress when an irresponsible landlord refuses for neglect to furnish the services and commodities for which the tenant pays. Due to the scarcity of rents at less than \$50 per month it is usually impossible for a tenant at will to move immediately, if the landlord fails to furnish heat or other services in accordance with the agreement. Furthermore, in view of our laws in regard to the termination of a tenancy at will it may involve a tenant who quits the property without giving the proper legal notice of termination of tenancy in a complicated legal case.

In view of the importance of this matter, I am taking the liberty of asking you for your opinion as to whether the provision of chapter 555, acts of 1923, as extended by chapter 72, acts of 1924 apply to tenants at will as well as tenants under lease.

Very truly yours,  
E. C. HULLMAN.

To this Mr. Lincoln replied:

November 17, 1924.

Mr. Eugene C. Hullman:

You request my opinion as to whether St. 1920, c. 555, applies to tenants at will as well as tenants under lease.

I assume that you refer to a distinction between a tenancy created by parol and a tenancy created by an instrument in writing. A tenancy at will may be created by an instrument in writing. Murray v. Chertin, 99 Mass. 225 St. 1920, c. 555, 1, reads as follows:

"Any lessor of any building, or part thereof, who is required by the terms of a contract or lease to furnish water, heat, light, power, elevator service or telephone service to any occupant of the building, who willfully or intentionally fails to furnish such water, heat, light, power, elevator service or telephone service at any time when the same is necessary to the proper or customary use of the building, or part thereof, or any lessor who willfully and intentionally interferes with the quiet enjoyment of the leased premises by such occupant, shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than six months."

The word "lease," although often used as referring to the written instrument by which a tenancy is created, is also used in the law with reference to the letting, or creation of a tenancy. This is its primary meaning. In this sense a lease may be made by parol as well as by writing, and although it is provided under G. L., c. 183, § 3, that lease by parol "shall have the force and effect of an estate at will only," this provision does not make it any the less a lease. (Elliott v. Stone, 1 Gray 571, 574. For example, also, in R. S., c. 60, § 26, the term "such lease" is used in reference to the preceding words "all estates at will.")

There is still less reason for restricting the meaning of the word "lessor" to one who lets by an instrument in writing; and in my opinion this word, as used in St. 1920, c. 555, is not to be so construed.

Yours very truly,  
ALEXANDER LINCOLN,  
Acting Attorney General.

### CHARGED WITH BURNING GOODS TO-DEFAUD

Nicholas Andreopoulos of this city was arraigned in superior criminal court yesterday on two indictments charging him with burning goods to defraud in a Cross street avoiron tenement on Oct. 9. The Sun Insurance Co. of London was named in one indictment, and the National Fire Insurance Co. in the other. Andreopoulos pleaded not guilty and his case was continued for trial at a later date. He was held in the sum of \$3000.

### FRATERNAL NEWS

A regular meeting of Loyal Wampanoag lodge, I.O.O.F., No. 100, was held last evening in Grafton hall with N.D. George Everett presiding. It was announced that the next meeting of the lodge will be held at the Excelsior lodge meeting the first Monday in December. Nomination of officers was opened and was continued to the next meeting.

Passaconaway tribe, I.O.R.M., met in regular session Friday evening with Nathan John P. Koonin presiding. Routine business was transacted and a report of the proceedings of the great council was submitted by P.S.J.A. My-

### DALY'S ORCHESTRA AT THE COMMODORE

Leo Daly's orchestra will be the attraction at the Commodore ballroom this evening, instead of Hallett's orchestra, as advertised in last night's paper. Snappy fox trot numbers and dreamy waltzes will be featured in the program of latest dance hits. The admission will be 30 cents, with dancing free from 8.30 until 12.

"Mal" Hallett and his orchestra will be at the Commodore on Thursday and Saturday evenings. A new policy will be tried out—40 cents admission with dancing free.

The hall is comfortably heated, the music wonderful and the dancing surfaced in the best of condition—everything for an enjoyable evening.

### SPECIAL FOR EUROPE

Station CKAC, Montreal, has decided on a regular broadcasting program especially for its listeners in England and Europe. It follows successful reception of this station across the Atlantic.

## A. G. POLLARD CO.

The Store For Thrifty People

# The Thanksgiving Sale of Kitchen Furnishings

## Begins Tomorrow, Wednesday, Nov. 19th

This sale comes as a golden opportunity to every housewife of Lowell and Suburbs—as it gives them an opportunity to replenish their supply of things culinary, for prices are low now, and for proper entertaining, many things are needed.

## MILL REMNANTS

At Lowell's Only Mill Remnant Store

### COATINGS

DOWNY WOOL—SUEDE—BOLIVIA

About 500 yards in this lot. Fabrics that are shown elsewhere at \$5.00 a yard. Priced at, per yard, \$2.75 to \$3.90

Plenty of the shorter lengths for Children's Coats. They are priced especially low.

CAMEL HAIR—Several hundred yards direct from the mill. An unusually good lot of sample lengths and remnants. Priced at, per yard, \$1.25 to \$1.89

### FLANNEL

New lot, about every shade the mill is making; \$3.00 quality. Priced at, per yard, \$1.75 to \$2.65

JERSEY, all wool, 56 in.; \$2.00 value. At yard, \$1.55

POIRET TWILL, very fine weave; \$3.50 value, at yard, \$1.75 to \$2.75

Visit our salesroom when in need of any woolen fabric. Here you will find Lowell's largest stock and at prices that can only be maintained by buying direct from the mills.

Fourth Floor

## TO LAY CORNERSTONE OF BANDITS HOLD UP TRAIN \$400,000 GYMNASIUM

HAMILTON, N. Y., Nov. 18.—The cornerstone of Colgate university's new \$400,000 gymnasium will be laid Friday morning as part of the program of the annual alumni day. A special chapel service to be addressed by James C. Colgate, president of the board of trustees, and George Cobb, president of the alumni corporation, will precede the laying of the stone. Hundreds of old grads are expected back for the day and to witness the annual football game between Colgate and Syracuse which takes place Saturday.

### GIRLS' CITY CLUB HAS BUSY PROGRAM

Gymnasium classes will be in session tomorrow evening and as the classes are open to all members a large attendance is expected. Thursday evening, Prof. Herman Brase of the Lowell State Normal school will continue his series of lectures on Sociology. His topic will be "The Worth of Personality." The Girls' City club bowling team will on Friday evening next meet the Talbot Mills Office League of North Billerica in a contest to be held at the Crescent Bowling alleys. Last evening an elimination contest was held and the team chosen. Last year's team was a fast playing aggregation and gathered up sufficient points at every contest. This year's team, however, is out to break previous records. The following girls will make up the Girls' City club team: Grace O'Neil, Mildred Hunter, Ellen Wigglesworth, Mary McCarthy, Anna Hayes and Helen Thomas. On Saturday evening will be held the regular dancing party of the club. Sunday afternoon, at 4:30 o'clock, reading and discussion groups will be held. From 7:30 o'clock in the evening until 10:15 o'clock, "Open House Night" will be observed for members and their friends.

Best Diet for Invalids

A well-balanced, palatable, easily assimilated food that nourishes and up-builds. Use at meals, between meals, or upon retiring, and when faint or hungry.

Prepared at home by stirring the powder in hot or cold water. No cooking.

### Send Locomotive Against Approaching Passenger Train

—Crash Avoided

MEXICO CITY, Nov. 18.—Bandits under Vadil Tenorio stopped a freight train on the Vera Cruz-Isthmus line yesterday, sacking the cars and afterwards sending the locomotive against an approaching passenger train, according to press dispatches. A crash was avoided when the engineer drove back the passengers while the crew successfully derailed the locomotive.

### LOWELL'S COMMUNITY CHEST CAMPAIGN

Lowell's community chest organization invites men and women of the city to Liberty hall, Memorial Auditorium, this evening, to participate in a general discussion of the campaign just launched and now proceeding toward the desired ends. Much interest in many quarters of business and social life in the community centers in tonight's rally in the cause of charity. It will be the first public meeting held in promotion of the chest campaign. Tonight's gathering in Liberty hall was arranged principally to give the general public an opportunity to receive full information first-hand, concerning the charitable scope of the present canvass of Lowell by the community chest representatives. Representative D. H. McFarland, vice-president of the American City Bureau Inc., supervising the Lowell campaign, will be present and answer any questions that may come up for consideration in the community chest campaign preliminary programs. Mr. McFarland is in receipt of numerous lengthy communications from leading men in other cities, where similar community chest campaigns have been instituted very successfully. He recently received a letter from President William Bittles, of the Newark, N. J. chamber of commerce, in which the latter points out that the "community chest means a once-a-year solicitation for one fund to take care of all the budgets of all the organizations and institutions participating in the federation."

### COOLIDGE CARRIED VERMONT BY 64,374

MONTPELIER, Vt., Nov. 18.—The official count of the vote cast in Vermont on Nov. 4 for presidential candidates, announced today, shows that President Coolidge received 50,498 to 15,121 for Davis and 5,912 for La Follette. There were 215 votes for the prohibition candidate and five scattering. The total vote of 102,886 was 12,825 greater than that cast in 1920, when there was a republican plurality of 47,293.

Paper from the mulberry tree is now made into various flexible and durable garments.

## "You Can Do It Better With Gas"

# Twelve Reasons Why You Should Heat Your Garage

A cold garage is bad for your automobile. Whether you realize it or not the fact is that much damage is caused by keeping machines in garages not properly heated.

You may say that you have always used a cold garage and can't see where it did much harm. But

- A Cold Garage 1—Cracks radiators and cylinders
- A Cold Garage 2—Harms tires.
- A Cold Garage 3—Injures bearings.
- A Cold Garage 4—Ruins body finish.
- A Cold Garage 5—Makes washup impossible.
- A Cold Garage 6—Increases gasoline bill.

—if you only knew what proportion of your yearly repair bills has been due to the low temperature in your garage you might be amazed.

These are some of the reasons why you should have a gas-fired garage heater.

- A Cold Garage 7—Fills motor with carbon.
- A Cold Garage 8—Injures battery.
- A Cold Garage 9—Makes metal brittle.
- A Cold Garage 10—Strains motor.
- A Cold Garage 11—Wears self-starter.
- A Cold Garage 12—Is money thrown away.

## MONEY WAITING FOR NEW RADIO PATENTS

By N. E. A. Service.  
CHICAGO, Nov. 15.—A million dollars is ready for investment here in promising radio inventions or other related enterprises.

This is the second time large financial interests have put their approval on the advancement of radio. During the New York radio show recently there was money for investment in new radio firms or for the manufacture of new radio apparatus. Now, with the approach of the Chicago radio show here, it is announced bankers are appropriating a million dollars to be divided among at least five of the most promising radio companies.

**Bigger Show**  
The radio show is to be held in the Coliseum, Nov. 18 to 23. It is expected to be even larger than the New York show, because of additional exhibitors from Europe and the Orient. One hundred and eighty American manufacturers and 20 of the most famous wireless concerns of England, France, Italy, Germany and Japan will be among the exhibitors. More than \$5,000,000 worth of apparatus will be on display.

**Foreign Exhibits**  
Among the new features, that were not shown in New York, will be some new kinds of French receivers; tubes and battery eliminators, besides Italian and Japanese products that arrived too late for the New York show. Twenty-five cash prizes and six silver cups will be awarded in various competitions to be held during the week of the show. There will be an amateur set builders' contest, a department set aside for new inventions and an exhibit of practical miniature models.

If the record of the majority vote reveals inaccuracies similar to those found in the returns of the 15th representative district, then it will be time to move for some change by which the qualification of election officers will be passed upon before their appointment.

This is supposed to be Education week, but it might more appropriately be called Football week.

"Heat lightning" is the reflection of thunderstorms too far distant to be audible.

### PERFECTING RADIO

Louis Lumiere, famous French scientist, is conducting research work in radio acoustics in his laboratory at Lyons, France. He and his brother, Auguste Lumiere, are known to the world chiefly for the invention of the first cinematograph and for their achievements in the field of color photography.

### ESPERANTISTS TO BE ON THE AIR

Esperantists throughout the world are preparing to communicate by radio during the coming International Radio Week, Nov. 24-30.

Miss E. J. Meriam, secretary of the Esperanto Association of North America, says ten American and Canadian broadcasting stations so far have consented to allow time for Esperanto broadcasts at that time.

"Esperantists in 61 countries will listen for greetings from America," she adds. Foreign stations also will send out Esperanto programs.

**HALF KILOWATT STEPS**  
Licenses will soon be issued by the department of commerce for increasing power of broadcasting stations. The plan calls for addition of only 500 watts at a time, and then under strict government supervision.

8.30 p. m.—Concert by Carl Zosler's melodists. Late important news.

## OPERATION ADVISED FRIEND SAID "DON'T DO IT!"

Try Lydia E. Pinkham's Vegetable Compound First. Proved Good Advice

Chicago, Illinois.—"Just a few lines to let you know what Lydia E. Pinkham's Vegetable Compound did for me. I was married going on for three years, and went to a doctor and was taking treatments twice a week for pains every month. I used to lie in bed three or four days with the pains, and the doctor would call and inject something into my arm to put me asleep so I would not feel the pains. At last she said I would have to be operated on if I wanted any children. Well, I just happened to go to see a friend with her first baby and I told her I was going to the hospital, and she said, 'Don't do it! You go and get a bottle of Lydia E. Pinkham's Vegetable Compound and you won't need any operation.' So my husband got me a bottle right away. Now I have two lovely children. I recommend the Vegetable Compound to every woman. It has helped me and a lot of my friends."

—Mrs. A. MCANDREWS, 1709 South Morgan St., Chicago, Illinois.

## SOMETHING WRONG WITH ALL HOOKUPS

### BY ISRAEL KLEIN, N.E.A. Service Radio Editor.

No matter what kind of a revolving set you have, it isn't perfect.

Take that from all kinds of authoritative sources.

The nearest to perfection may be said to be the little crystal receiver that is satisfied with listening in to local concerts through headphones. Proof is the recent wave of reversal toward use of the crystal in connection with larger hookups.

Beyond the crystal come sets with amplifiers, for loud signals, and as soon as that is sought perfection must be sacrificed to more or less extent.

To receive louder signals, there are five fundamental principles. These are: 1. Regeneration; 2. super regeneration; 3. radio frequency amplification; 4. audio-frequency amplification, and 5. super-heterodyne.

The trouble with each of these is: 1. Regeneration—apt to oscillate, act as a local transmitter and cause interference with nearby sets when forced to the height of its signal strength.

Super-heterodyne—

2. Super-regeneration—not selective and hard to control; not for a novice to tamper with.

3. Radio frequency amplification—limited to only two stages and is liable to distort signals beyond this.

4. Audio frequency amplification—limited to only two stages and is liable to distort signals beyond this.

5. Super-heterodyne—easy to operate, for it has only two controls. But is complex in construction, uses six or more tubes, so that it is beyond the financial limits of most fans. At the same time, although sensitive to weak signals and a sharp tuner, it is not critical in adjustment.

## PRES. COOLIDGE IN BEST OF HEALTH

WASHINGTON, Nov. 13.—President Coolidge has waved aside suggestions of some friends that he take a vacation, now that the campaign is over, assuring them, it is understood, that not only is he in the best of health, but he feels he will keep in better condition by sticking to work.

The president's decision is understood to have the endorsement of his bulletins. Official central standard time announced at 10 o'clock.

WRC, WASHINGTON, D. C.  
6 p. m.—Children's hour by Peggy Albion.

9 p. m.—Musical program.

## MOTHER!

Watch Child's Bowels

"California Fig Syrup" is Children's Harmless Laxative

When your child is constipated, bilious, has colic, feverish-breath, coated-tongue, or diarrhoea, a teaspoonful of genuine "California Fig Syrup" sweetens the stomach and promptly cleans the bowels of poisons, gases, bile, souring foods and waste. Never cramps or overacts. Contains no narcotics or soothing drugs. Children love its delicious taste.

Ask your druggist for genuine "California Fig Syrup" which has full directions for babies and children of all ages, plainly printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Adv.

## FOR RESTORATION OF AGRICULTURE

WASHINGTON, Nov. 13.—With preliminary formalities and introductions completed, members of President Coolidge's agricultural commission, and the way clear today for laying the foundation for a program when administration officials hope will point the way toward restoration of agriculture to a basis of economic equality with other industries.

At its first meeting yesterday, held behind closed doors at the department of agriculture, the commission adopted a preliminary plan of procedure and decided that the best method of formulating constructive recommendations in time for considering at the impending session of congress would be to study the whole farm question, with pending relief legislation, present laws and existing education of the farm as a working chart.

LOWELL CASES IN SUPERIOR COURT

Albert Roberga of this city pleaded guilty in superior criminal court, East

Cambridge, yesterday, to driving an automobile while he was under the influence of liquor. He was fined \$100.

A drunkenness charge was filed.

In the same court, Alfred Rodriguez was fined \$25 for operating a machine without a license. A plea of not guilty was accepted on the charge of operating in a manner to endanger the lives and safety of the public.

John M. Marchand failed to appear in answer to a charge of neglecting to care for a minor child, and was defaulted.

Peter Rodopoulos was defaulted for non-appearance on a complaint charging him with illegally keeping liquor.

Harry Lambert of Chelmsford paid a fine of \$50 for illegal keeping. A plea of not guilty was accepted.

## PROGRAM FOR AMERICAN EDUCATION WEEK

Today marks the opening of American Education week, which is being observed throughout the country and especially in the public schools of the nation.

In connection with the observance, Supr. Hugh J. Hottel, of the school department, calls attention to President Coolidge's proclamation, and the program chosen by the national committee in charge of the week's observance.

The program for the week as outlined by the national committee gave yesterday as Constitution Day and the program for the remainder of the week is as follows:

Monday, Tuesday, November 18-19: "The United States Flag - the Living Symbol of the Ideals and Institutions of Our Republic."

The red flag means death, destruction, poverty, starvation, disease, anarchy and disorder.

Help the immigrants and aliens to become American citizens.

Stamp out revolutionary radicalism. To vote is the primary duty of the patriot.

Slogans: American first. The red flag - danger. Visit the schools today.

School and Teacher's Day - Wednesday, November 20: "The Teacher - The Guiding Influence of Future America."

The necessity of schools. The teacher as a nation builder.

The school influence on the coming generation. The school as a productive institution.

School needs in the community.

Get fitted for that halo now!.....

a good disposition (based on a perfect digestion) is the first essential. One or two Jaques' Capsules & a swallow of water..... there's the perfect digestion back again.

## Tonsillitis

Sore throat and nasal catarrh result from inflamed conditions and indicate the presence of germs. Although Bactalline Lotion is non-poisonous and pleasant to the taste, laboratory tests show that it destroys developed germs in less than half a minute. Its soothing and healing action quickly relieves soreness and irritation when it is applied to the throat and nose in the form of a gargle or spray. You and the children should start using it today as a preventive for colds, grippe, colds, scarlet fever, diphtheria and all other forms of contagious diseases. Be sure to ask for Bactalline Lotion for it is positively effective and different from any other - and should be in every home. At all drug stores, 50c and \$1.00. -Adv.

## Bafaline Lotion

## CORN

Dr. Scholl's Zino-pads stop corns hurting instantly. Remove the cause - friction and pressure. They are thin, medicated, antiseptic, waterproof. Absolutely safe! Easy to apply. Get them at your druggist's or shoe dealer's.

Three Sizes - for corns, callouses, bunions

## Dr. Scholl's Zino-pads

"Put one on - the pain is gone."

## Piles

Can't Be Cured From the Outside. External treatments seldom cure Piles.

Nor do surgical operations. The cause is inside - bad circulation. The blood is stagnant, the veins flabby.

The Lowell walls are weak, the parts almost dead.

To quickly and safely rid yourself of piles you must free the circulation - send a fresh current through stagnant pools. Internal treatment is the one safe method. Ointments and cutting won't do it.

S. Leonhardt, M. D., a specialist, set at work some years ago to find a real internal remedy for piles. He succeeded. He carried his prescription HEM-ROID, and tried it in 1000 cases before he was satisfied. Now HEM-ROID is sold by druggists everywhere under guarantee. It is a harmless, pleasant, easy to take, and can always be found at Green's Drug Store, which will gladly refund the purchase price to any dissatisfied customer. -Adv.

Dr. Howard always recommended

## Oxidaze for Coughs, Colds, Br. Asthma

Years of study and observation convinced him it would safely, quickly and surely stop a bad cough and give instant relief in Bronchial Asthma. Money back if it fails. Guaranteed harmless. All druggists including Green's Drug Store and Jigger's. -Adv.

THE FATTED CALF AND THE PRODIGAL.

Muscle influences upon a nation. Slogans: Better trained and better paid teachers, more adequate buildings. Schools are the nation's greatest asset.

Literacy day, Thursday, November 20: "Informed Intelligence is the Foundation of Representative Government."

Literacy is a menace to our nation. An American's duty toward the uneducated. Provide school opportunity for every illiterate.

Literacy creates misunderstanding. An illiterate who obtains only second-hand information is a tool of the radical.

Slogans: No illiteracy by 1930. Education is a godly nation's greatest need. The dictionary is the beacon light to understanding.

Visit the schools today. Physical Education Day - Friday, November 21: "Playgrounds and Athletic Fields Mean a Strong Healthy Nation."

A playground for every child. Physical education and health habits for all. Adequate parks for city, state and nation.

Safety education saves life. Encourage sano athletics for all. Physical education is a character builder.

Slogans: A sick body makes a sick mind. Athletes all. Visit the schools today.

Community Day - Saturday, November 22: "Service to Community, Service to Nation is the Duty of Every Citizen."

Equality of opportunity in education for every American boy and girl. Better rural schools. Adequate public library service for every community.

A community's concern for education measures its interest in its own future. Good roads build a community.

Slogans: Get acquainted with your neighbor. A square deal for the country boy and girl. Children today - Citizens tomorrow.

For God and Country Day - Sunday, November 23: "Religion, Morality and Education Are Necessary for Good Government."

Education in the home. Education in the school. Slogans: A godly nation cannot fail.

Ministers of all denominations are urged to preach a sermon on education, either morning or evening. All communities are urged to hold mass meetings. Resolutions for speakers should be made to the American Legion posts throughout the country for meetings during this week.

GLENN FRANK, Editor Century Magazine, MRS. FREDERICK GLAZIER SMITH, State President

## FRATERNITY HOST TO FRESHMEN

The Omicron Pi fraternity of the Lowell Textile school was host to the freshmen of the school at a get-together last night in the fraternity house at Pawtucket and Woburn streets. Similar functions will be held by the Delta Kappa Psi and Phi Kappa Psi fraternities later in the season.

At last night's affair, President Charles H. James spoke briefly on fraternity life, while the entertainers were Miss Grace Lee and Harry McGowan. The committee in charge was composed of Levon Yacubian, Edward Wingate and Albert Gladwin.

## CONCERT FINANCIAL SUCCESS

On the night of the performance the social success of the Shrine band concert and dance at the Memorial Auditorium was assured and now it is learned that the event was a financial success as well. The money gained will be used by the Temple Club to furnish its quarters and to establish a maintenance fund.

## FINE ARTS ON AIR

The Massachusetts board of education is broadcasting two fine arts courses through station WBSZ at Springfield. The courses include modern American literature and Appreciation of music.

- First person plural pronoun.
- Not a word.
- Short for papa.
- Biblical form of show.
- Slightly cooked.
- Used.
- Feminine pronoun, possessive case.
- Neuter singular nominative pronoun.
- Short for mother.
- Instrument used for cutting wood.
- Place where.

Canadian detectives have developed a system of communication which they call "eyeball talking," to talk criminals.

## AMUSEMENT NOTES

**THE STRAND THEATRE:** Featuring the bill at the Strand theatre the first of this week is "The Breath of Scandal," based on the story by the same name which ran in serial form in the Cosmopolitan magazine. The feature is a Metro-Goldwyn production of the single play of the same name.

"The Breath of Scandal" was widely read when printed in serial form and pronounced one of the best stories of the year. It is a defense of the flapper in part, showing that the wildness of the present-day youth is not something new, but a return to the old.

The leading roles are taken by Betty Hutton and Lou Tellegen. Miss Hutton plays the part of the vampire, who lures the father of a family, played by Mr. Tellegen, away from the hearth. Miss Hutton makes a very attractive vampire, very different from the type which was popular on the screen a few years ago and of which the public has grown tired. Mr. Tellegen is always good and his picture is no exception.

The heroine of the play, if she may be called such, is Betty Hutton. She is the daughter who learns of her father's infatuation for the vampire and becomes very much disconcerted with it. Playing opposite her is Forrest Stanley, who has been seen here in other pictures and is very well liked for his faithful interpretations of the parts in which he is cast. Among the other players are Myrtle Stedman and the beautiful Jack Palance. Palance plays a number of other equally well known characters of the screen. Comedically he delivered the initial showing of this picture yesterday and everyone present was well entertained. The picture is a very well directed and follows the story as closely as is possible.

"One Night in Rome" is the story of an Italian nobleman, who, banished from his native land, flees to England and in London earns his livelihood as a fortune teller. Jack Palance plays and as such is extremely interesting. Laurette Taylor, hailed by many as the greatest character actress of the modern picture, plays the part of the young Italian noblewoman, a part which she played to hundreds of audiences in the theatre. The picture, which gained for her appreciation from critics through the length and breadth of her career.

The program is completed with a new weekly and a side-splitting comedy.

**MERRIMACK SQUARE THEATRE:** There is not one feature, but two, at the Merrimack Square theatre on the current program. "Feet of Clay" and "Never Say Die" are both of the high-class variety that make them headlines on any bill.

"Feet of Clay" is a Cecil B. DeMille production bristling with action, sensational drama, beautiful scenery and exquisite costumes. It is a most interesting story of modern times with regard to social and economic conditions. Among the several gigantic scenes are a water carnival, a thrilling motorboat race and an exclusive ball in which are featured Victor Varconi, Ricardo Cortez, Julia Faye, Robert Edison, Theodore Kottel, Charles O'Neil and Luke Cosgrove, all prominent artists in the realm of the moving picture.

The theme of the story deals with a young couple who have been reared in riches. After the marriage, the husband is forced to work to support himself and his wife, but because of a small salary, he is obliged to exercise the utmost economy. At a grand ball, a young man who was an ardent admirer of the wife before her marriage, and the wife of a physician who had a secret admiration for the newly wedded husband, meet on the dance floor. Because of a leg injury, the young husband has been forbidden by his physician to dance. When the former admirer accidentally points out to him, however, that his wife is dancing with a former lover, his jealousy is aroused. He decides to dance with his wife, despite medical orders, and collapses on the floor, further injuring his leg and necessitating his confinement to his home for a year. Perforce, the wife then goes to work for a high class customer, and during her absence the doctor's wife continues to pay her attentions to the young and incapacitated husband. During one of her visits, she is surprised by her own husband and jumps out a window in an effort to escape being seen. When the doctor's wife learns the truth, the husband becomes despondent with the thought that his wife will cease to care for him because of the incident.

and he turns on the gas with a view to ending it all. He is unconscious when his wife returns, and her plan to die with him is frustrated by the doctor who arrives in time to revive them.

"Never Say Die" is the second all-star feature, stars the popular Douglas MacLean, in a comedy number that is sure to please. An International News reels and a light comedy picture round out the bill.

**LOWELL OPERA HOUSE:** Another George M. Cohan offering, "So This Is London," staged by the Stanley Jansen stock players at the home of the spoken drama last night, and continuing all this week, captured the usual first night audience and bids fair to be one of the successes of the season. The show deals with the visit of an immensely rich American parent with an imprudent son, to Great Britain where they have a business deal on which an intensely English couple have a quite eligible daughter. The exalted happiness of the initial disgust and ultimate delight of the older folks.

All of the players are seen to excellent advantage. Mr. Gerald Rowan, leading man, as the son of the American couple, and Miss Lillian Desmond as his sweetheart, are letter-perfect in their roles. The three settings are rich and charming in their simplicity and thoroughness.

Mr. Wilmer Walter and Miss Helen Ambrey as the American parents and Mr. Harry Hatcher and Miss Vesste Farrell as the English parents, were exacting parts in a manner which excited the greatest admiration. Jack West and Miss Faith Avery also do well.

## ARE YOUR KIDNEYS WEAK?

Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are among the most common diseases that prevail, they are almost the last recognized by patients, who usually content themselves with doctoring the effects, while the original disease constantly undermines the system.  
Weak kidneys may cause lumbago, rheumatism, catarrh of the bladder, pain or dull ache in the back, joints or muscles, at times have headache or indigestion; as time passes you may have a sallow complexion, puffiness of the face, dark circles under the eyes, sometimes feel as though you had heart trouble, may have plenty of ambition but no strength, get weak and lose flesh.

**SPECIAL NOTE**—You may obtain a sample size bottle of Swamp-Root by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y. They will also send you a book of valuable information, containing many of the thousands of grateful letters received from men and women who say they found Swamp-Root to be just the remedy needed in kidney, liver and bladder troubles. The value and success of Swamp-Root are so well known that our readers are advised to send for a sample size bottle. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure and mention this paper.—Adv.

If such conditions are permitted to continue, serious results are sure to follow. Kidney Trouble in its very worst form may steal upon you.

If you feel that your kidneys are the cause of your sickness or run down condition, begin taking Dr. Kilmer's Swamp-Root, the famous kidney, liver and bladder medicine, because as soon as your kidneys are well, they will help the other organs to health.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular medium and large size bottles at all drug stores. Don't make any mistake but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., which you will find on every bottle.

### PARISHIONERS GUESTS

Rev. John J. McGarry, D. C.

L. Entertains 4000 at Second Reunion

Memorial Auditorium and Liberty Hall Scenes of Enjoyable Affair.

The second annual reunion of the people of St. Patrick's parish was held last evening in Memorial Auditorium and Liberty Hall, when over 4000 parishioners were the guests of their pastor, Rev. John J. McGarry, D.C.

An evening of enjoyment was had by all present and it was with grateful applause that the reverend clergyman was greeted when he appeared upon the platform to address his parishioners. In welcoming the large gathering, Dr. McGarry said in part:

"You are more than welcome this evening. We hope that this is but the second of a great many more reunions, each to be bigger and better than the one previous. These reunions signalize conditions in St. Patrick's. Let us, therefore, all band together to make the parish what it ought to be. Let us make the Acre shine as it has never shone before, we, the people of St. Patrick's parish."

Dr. McGarry then presented Mayor Donovan who briefly greeted the parishioners.

Francis Saunders, president of the C.V.M.I., in behalf of the members of the parish, expressed appreciation of Dr. McGarry's generosity and wished him long life, health and happiness among the people of St. Patrick's parish.

The entertainment program was opened with an Irish melody by a local orchestra following which Miss Frances Tighe entertained with vocal selection, "Garry Me Back to Old Virginia," a xylophone solo by Gordon Forsberg was then given and was duly recognized by the audience which accorded him rounds of applause. "West of the Great Divide," a harp solo by Timothy Finnegan, accompanied on the piano by Prof. Henry Gillay, was well given, the singer's full, well-rounded voice doing justice to the popular composition.

"The Story of a Glove," a character dance by Misses Pauline and Esther McLoey was one of the features of the evening and the youngsters dressed as Pierrot and Pierrette interpreted their number with alacrity and precision.

James O'Garra and Patrick Callahan, in bagpipes and violin numbers elicited much hilarity as they interpolated their music with numerous Irish dance steps. Mr. O'Garra in a clog dance, had his auditors keeping time with him as they followed the rhythm of the melody, some imitating him and others humming the tune of the popular Irish melodies. In the Irish jig, Mr. O'Garra was most pleasing and his lively interpretation of the ever-popular dance proved a feature.

The program was brought to a close with assembly singing led by Mr. Joseph W. Green, accompanied by Charles Miners. Among the selections sung were, "Smiles," "Sweet Adeline," "Jude Night," "Seeing Nellie Home,"

### PAIR SENTENCED FOR STEALING VESTMENTS

BURLINGTON, Vt., Nov. 18.—William McCready and Gordon Wells, found guilty of petty larceny in Chittenden county court here last week for having stolen vestments and other articles at St. Mary's Cathedral last summer, were sentenced this morning by Superior Judge Henry B. Chase to serve from four to six months at hard labor in the house of correction at Windsor.

William Moyers, Klan organizer, who was a member of the party which was caught looting the cathedral and who

previous to the trial of McCready and Wells, had pleaded guilty to grand larceny, was not sentenced this morning.

### STUDENTS JUMP FROM WINDOWS DURING FIRE

AMHERST, Nov. 18.—Two of the 15 students living in the Alpha Delta Phi annex at Amherst college were forced to jump from windows when fire destroyed the building early today. It is thought that the blaze started from a fireplace on the first floor. The loss is estimated at \$10,000.

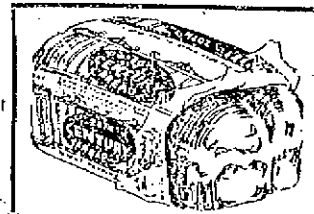

"Pape's Cold Compound"

Breaks a Cold Right Up

Don't stay stuffed up! Take "Pape's Cold Compound" every two hours until three doses are taken. The first dose opens clogged-up nostrils and air passages of head; stops nose running; relieves headache, dullness, feverishness, sneezing. The second and third doses usually break up the cold completely and end all grippe misery. "Pape's Cold Compound" is the quickest, surest relief known and costs only thirty-five cents at drug stores. Tastes nice. Contains no quinine. Instant upon Pape's.—Adv.

—These Styles—

Tunics, Fur Trimmings, Braid, Beading, Applique Flowers in contrasting color, Silver Lace.

Sizes for Women and Misses

CHERRY & WEBB CO.

Fayette County, Penn.  
Headquarters for Spurious Stamp Workers

UNIONTOWN, Pa., Nov. 18.—Belief that Fayette county is the headquarters for a gang of counterfeiters who have flooded the western Pennsylvania region with more than \$10,000 in counterfeit government war savings stamps, was expressed today by federal agents after they had made arrests here. The prisoners, Giovanni Romeo, federal stakeholder of Uniontown, his brother, Itocco, a barber, and Joe Marino, general stakeholder at Collier, near here, were charged with having circulated more than \$2500 in counterfeit stamps.

The Fayette county gang, the authorities said, may be closely associated with the circulation of more than \$5,000,000 worth of the spurious stamps throughout the nation. In one instance, at Johnstown, they said, the counterfeit stamps passed there were furnished by the Fayette counterfeiters.

When questioned at the Fayette county jail early today the prisoners refused to talk, leading authorities to believe that they feared other members of the gang.

The federal agents announced that they expected to make at least a half-dozen more arrests and that they hoped to locate the counterfeiting plant. The spurious stamps, they added, were excellent imitations.

While refusing to go into details concerning their evidence, the government agents said they discovered the plot while working in the Philadelphia postoffice.

### PILOT FORCED TO MAKE TRIP ACROSS OCEAN

NEW YORK, Nov. 18.—The steamer America arrived here today with Christopher Aherns, the pilot who guided the ship out of Queenstown harbor, still on board.

Tough weather off the Irish coast prevented him from leaving the ship.

### Escapes From Hospital

Continued  
Edwards in Brunswick on Oct. 31, having attempted to flee when detected in the act of delivering alcohol. He was brought to Portland and officers regarded him as a deserter, wounded so he would not be likely to escape, and when sufficiently recovered he was taken from the hospital to Jail.

Several friends had called on Dr. Jones recently and he had been allowed to walk about the yard. Friends were with him yesterday but he disappeared soon after having his supper. It is thought that companions were nearby with an automobile and hurried him away.

The Lowell police know nothing of Dr. Jones' history. His name or that of Albert Roberts is not listed in the Lowell directory.

## MINISTER-DRY AGENT

Rev. M. M. Day Halts Hunt for Moonshiners to Perform Two Marriages

BLUFFFIELD, W. Va., Nov. 18.—The Rev. M. M. Day, federal prohibition agent, who is also a Baptist minister, departed from his usual duties of trailing "dry" law violators yesterday to perform two marriage ceremonies. One of the principals was a man he had previously arrested.

Enroute to jail with a prisoner, he was halted on the road by S. T. Carter and Bessie Johnson, who were hunting for a minister. Informed that they had stopped the right man, they took seats in Day's automobile and were married by him on arrival at Welch, the McDowell county seat.

Learning that Day was a minister, Clayton Clapper, one of Day's prisoners in the county jail, sent for Hattie Mullins, his sweetheart. After performing the second ceremony, Day boarded his automobile and again took up the hunt for moonshiners.

WAS FINED \$500  
BOSTON, Nov. 18.—In the United States district court, Boston, yesterday, S. J. Dunne of Lowell was fined \$500 by Federal Judge Morton on a charge of selling and possessing liquor. Defendant was given until Thursday to pay the fine.

## LOWELL FIREMEN'S RELIEF ASSOCIATION

A semi-annual mass meeting of the Lowell Firemen's Relief Association was held this forenoon in the Central fire station with President William E. Corbett in the chair. This morning's meeting was for men working on Platoon 2 and a similar meeting for men working on Platoon 1 will be held this evening.

## Open Elks Home

many and the lodge banquet will be held on that day.

The banquet will be served in the dining hall of the new clubhouse and George M. Harigan, chairman of the lodge building committee, will act as toastmaster. Speakers will be Exalted Ruler Jas. E. Donnelly, Mayor John J. Donavan, Congressman John Jacob Rogers, Past Grand Exalted Ruler Jas. R. Nicholson, District Deputy Grand Exalted Ruler Arthur G. Tedwith, Past District Deputy Grand Exalted Ruler John P. Farley and Hon. John F. Malley.

A special entertainment will be furnished at the banquet and an attendance of 500 Elks is assured. John J. Ruler, lodge treasurer, Past Exalted Ruler John J. Lee, lodge secretary, and Exalted Ruler James E. Donnelly formed the sub-committee on arrangements for the banquet.

## Amnesty for M. Caillaux

with the enemy during the war and banished from France for three years, was voted amnesty by 195 to 62.

The vote on the Caillaux case, after only two hours' discussion, came in a distinct surprise alike to the friends and foes of the ex-premier who had expected a long and acrimonious debate lasting for days and perhaps weeks.

The vote was taken immediately after a stirring speech by Premier Herriot who pleaded with the senators to let bygones be bygones.

"France is strong enough to be able to withstand differences of opinion," he said. "Let us bury forever the quarrels and political differences which during the war appeared to be sources of danger. Your decision will demonstrate your confidence in your country and at the same time be a measure of mollification. The government is asking the senate to contribute throughout the country."

From a legal standpoint, M. Herriot asserted, Caillaux had never been convicted of treason or even "intelligence with the enemy," but had been condemned under an old clause inserted in the French penal code at the time of Napoleon's continental blockade in order to prevent French citizens corresponding with the enemy.

The amnesty measure restores Caillaux to full civic rights. He now may run for parliament and hold office. Upon well-informed authority it is said the government intends to appoint him to the high post of "financial adviser" to the ministry of finance within a short time.

The ex-premier is now in good health, active and energetic, and is declared by his friends not to have said his last word in French politics. The announcement of amnesty for M. Caillaux who was for many years among Frenchmen in all walks of life, caused hardly a ripple on the surface of the life of Paris today.

In connection with Caillaux's future career, it was noted today that Georges Mandel, Clemenceau's right hand during and after the war, and a former deputy, united in an authorized interview in La Liberte that should Caillaux attempt to plead his cause, after being granted amnesty, by appealing to the French public through weekly re-election to the chamber or the senate, it will result in the intervention of some one, although no longer connected with politics, who has the interest of France at heart.

This is interpreted as meaning that Clemenceau would take up the cudgels against Caillaux, by making a series of addresses throughout the country.

## TWO HELD IN BANK HOLD-UP ARE RELEASED

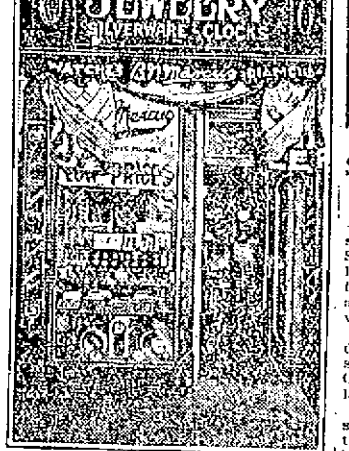

FRANKLIN, Nov. 18.—James Mingo and Manuel Pacheco, both of New Bedford, held with three others on charges of murder in connection with the death of James E. Carpenter, aged cashier of the National bank of Wrentham, who was fatally shot by bandits who attempted to rob the bank Nov. 1, were released in district court here today on the recommendation of District Attorney Harold Williams. The district attorney told the court he had no evidence against these men in connection with the attempt on the bank.

Mingo and Pacheco were at once re-arrested by New Bedford police officers on warrants charging conspiracy to rob. They were arrested by Massachusetts and Rhode Island police officers in a raid on lodging houses in Providence.

The cases of James F. Weeks of Randolph, Alfred Bedard of Pawtucket, H. L. and Fred Bedard alias Celestino Madalena of Seekonk, all under charges of murder, were continued until Nov. 26 at Walpole.

## Seek Crews of Wrecked Ships

search for the crews of the barges Strafford and Pesatcong, which also had been cut adrift from the tug Kingfisher when the tug became unmanageable off Monhegan island in north-west gale early yesterday morning.

The Pesatcong foundered during the day, but her companion craft were still afloat at last accounts and the Ospeice expected to tow them to Portland or Rockland today.

As the tug Kingfisher was still standing by when the Ospeice left for this port last night, faint hope was held that the six missing members of the crews of the Strafford and Pesatcong might be aboard that craft.

The tug and three barges are owned by the Morecraft Transportation corporation. The Kingfisher is commanded by Captain J. M. Richardson. They were bound to New York from here with paving.

## Cold Brings Death And Distress

cutter Osagee. Another member of the crew, Raymond Butts, of Pawtucket, R. I., was taken to a hospital suffering from exposure. The Osagee and the Kingfisher started at daybreak to search for the missing barges.

Many other vessels were in distress. One ship was reported ashore and two schooners off Cape Cod were riding the heavy seas with their sails in tatters and their anchors out. The coastguard cutter Tampa left this port yesterday to succor the distressed ships off Cape Cod.

Several through trains from New

## POND NOT KLINE THREW FORWARD

NEW HAVEN, Conn., Nov. 18.—The forward pass which led to a touchdown in the Yale game at Princeton last Saturday was thrown by H. W. (Ducky) Pond. It was stated by Capt. Loveloy today. An argument had arisen among the students as to whether Kline or Pond threw the pass. Newspaper accounts differed, even the Yale News crediting the throw to Kline.

York and Washington were from an hour to two hours late in reaching Boston, fire resulting from hasty attempts to heat residences kept the fire department busy at Rock, the wind swept flames over a block of six wooden houses before the fire could be checked. Frozen hydrants hampered the work of the firemen.

Members of the coast guard and the Cohasset Humane society at daybreak renewed search for two men who left Cohasset Sunday in a 46-foot motor boat to go to a point 30 miles east of Minot's Light, where several rum-runners are at anchor. Relatives and friends of the two missing men, John Curtis and Louis Frickette, struggled with heavy seas yesterday in an effort to find them. The northeast gale that ushered in the cold weather broke an hour after the men put to sea.

## Crops Destroyed

ALBANY, N. Y., Nov. 18.—The wave of winter weather which suddenly swept over New York state Sunday night wrought havoc with both harvested and unharvested crops, according to reports gradually coming in from the rural sections. Apples, left in barrels or under the trees for marketing or other use later, were frozen. Cabbage and cauliflower suffered the same fate, and farmers reported generally that produce which customarily is left in the fields or stored outdoors until Thanksgiving day has been ruined by the cold. Potatoes, rice, it was said, escaped damage because much of the crop still is in the ground.

## RESTRICT INSPECTION OF INCOME TAX LISTS

WASHINGTON, Nov. 18.—Internal revenue collectors were instructed today by Commissioner Blair to restrict public inspection of income tax lists to not more than three days a week and not more than three hours of any one day. The orders, dispatched in a circular today, constituted the first movement by the bureau of internal revenue since the legality of income tax publication was turned over to Attorney-General Stone.

Declaring it had been demonstrated that "there are many who desire to see the lists for no obvious reason," Mr. Blair said measures had to be adopted which would permit the collectors' offices to function without delays incident to a wide inquiry into the books by everyone who so desired.

The circular again called attention to provision of Section 3157 re-enacted in the tax law, covering publication of the returns and advised collectors to warn all who sought to use the returns in that fashion.

At the department of justice it was said a decision would be announced soon as to where the test case on publication of tax returns would be brought.

## BUTLER TO RETAIN G. O. P. CHAIRMANSHIP

WASHINGTON, Nov. 18.—There are indications that William M. Butler, newly appointed senator from Massachusetts, will retain also the chairmanship of the republican national committee.

Mr. Butler has been here the last two days winding up affairs of the recent campaign with Roy O. West of Chicago, secretary of the national committee.

## NO CUT IN WAGES

Senator William M. Butler is quoted as saying we shall have no reduction of wages in the textile factories of New England. Butler may be regarded as an authority on this particular question, for although he has been engaged in politics for some months past, yet he has been sufficiently in touch with the industrial situation to realize that any general attempt to reduce wages at this time would simply intensify a condition already very bad. Of course, if it came to a question between lower wages and idleness in the mouth of winter, the mill operators would be obliged to accept the inevitable; but in view of the rising prices of household necessities, the promises made by the republican party that prosperity would be restored by its continuance, in power, and the present upward tendency in manufacturing industries, it is probable that there will be no excuse for cutting wages or extending the policy started by the Amoskeag mills of Manchester, N. H., despite items to the contrary from Bideford and a few other points.

It is true, that the textile industry is operating against adverse conditions and that a reduction in the cost of production would be beneficial; but it would not relieve the industry of the handicaps which its leaders claim are most detrimental to its interests.

From this time forward, and probably for the next four years, the republican party in control of the government, will have power to deal with the economic aspects of languishing industries in the manner necessary to bring them prosperity. The G. O. P. makes the claim that its policies always insure prosperity for the country; but although they have not had such a result during the past four years, it is hoped that either from the "benighted" effects of the republican protective policy or from the nation's inherent power to overcome economic evils, we shall soon see better business without the precipitation of a wage war in the textile or any other industry.

It is probably because Mr. Butler foresees the early recovery of business that he makes the statement that there will be no cut in mill wages. As an astute politician, he thus takes to his party and himself the credit for whatever improvement the future will bring. Republican leaders are always ready to claim all the credit for whatever prosperity the nation enjoys and to blame the democrats for all the panics and depressions; but the voters are now so cognizant of the causes of industrial and economic changes, that not even the specious statements of republican leaders can deceive them.

## IMMIGRATION LAW VIOLATORS

Our new immigration laws from which so much was expected by its proponents is proving an utter failure. The number of immigrants admitted under this law is surprisingly small and most of them come, as was evidently designed, from the Nordic countries.

It is true that the new law has put an end to the heartless scenes enacted at Ellis Island, by having the quotas for each month certified at the port of embarkation, something that should have been done in the first place.

Of course, it is necessary to restrict immigration within reasonable bounds, but it is not right to discriminate to such an extent against some of the nationalities that have contributed most largely to the building up of this republic. Moreover, as a result of the stringency of this law, there are more foreigners coming in by the back door than by the front. They come indirectly through South America, Mexico and Canada. They are quietly smuggled across the borders and mingle with the communities in large cities without discovery. It appears now, that the smuggling of immigrants across the borders, north and south, is rivaling the smuggling of liquor into the country in violation of the prohibition laws.

It will soon become necessary to line our frontier with armed police officers to stem the tide of immigration that is now coming in without much risk of detection by our lax methods of prevention.

It has been suggested that every intending immigrant should be obliged to pay a fixed amount for coming here; but this policy would stir up anti-American feeling in foreign countries; yet the present impractical arrangement is perhaps equally offensive to most of the nations of Europe, and certainly to several for which we profess the greatest friendship. The whole arrangement is unsatisfactory, unjust to several friendly nations and haphazard.

## SINKING THE WASHINGTON

Thousands of Americans feel indignant that the government should have made an agreement to sink a battleship which was almost completed and on which \$15,240,000 had been expended. That is being done under arrangements made in the arms reduction treaty; but we have not heard of the other parties to the treaty making any such sacrifice. If they reduce naval armaments, it will be by sinking a few of their old ships which are no longer fit for service.

The question in the minds of citizens who believe in preparedness is whether we are justified in this course as a demonstration of our willingness to promote international peace. Yet the demolition of this ship is but a small part of the destruction called for under the treaty. Moreover, while we are destroying capital ships, some of the other parties to the treaty are building swift cruisers to take the place of the bigger ships banned by the treaty.

The republican administration has been boasting of its economy and particularly of the results of the arms conference; but most people will regard the destruction of the Washington in the same light as if the money expended on her construction were taken in a lump sum and dumped into the ocean.

## CONSERVING OUR FISHERIES

Commissioner O'Malley who has charge of the Bureau of Fisheries, in his annual report to Secretary Hoover makes an appeal for conservation of the fish supply in American waters and complains of the damage done by pollution of waterways, deforestation, reclamation and irrigation, power dams and other obstructions to the free movement of fish to the spawning arena. He shows that as a result of these causes and in some cases of over-fishing, there is an evident depletion of the older fishing areas, and great need of conservation and propagation in American coastal waters. The chief recommendations made are to make a vigorous attempt to restore the sur-

geon, salmon, shad, lobster, crab, oyster and clam in the fisheries off the North Atlantic coast, and to prevent the pollution of littoral waters from sources other than navigation, and finally, to undertake the increase of stocks of game fish throughout the United States. These matters will interest our local fishermen, many of whom are co-operating with the government for the restocking of lakes, rivers and ponds in New England.

## BOSTON CHARTER FIGHT

Considerable interest now centers in a provision of the city charter of Boston which debars a mayor of that city from immediately succeeding himself after a four-year term. This provision, of course, was dictated chiefly by the legislature for the purpose of preventing the mayor from building up a political machine to perpetuate himself in office. The validity of this provision is now questioned, and it is expected that Mayor Curley will carry the matter to the supreme court for decision. Experts upon constitutional law assert that it is a violation of article 9 of the bill of rights, which says:

"All elections ought to be free; and all the inhabitants of the commonwealth, having such qualifications as they shall establish by their frame of government, have an equal right to elect officers, and to be elected for public employments."

It seems, however, that in such a case the power of the legislature is paramount and that if this provision were inserted in the charter for the purpose of preventing some of the abuses of political office-holding, then it would probably be sustained by the courts.

## NATIONAL GUARD CONTEST

The Massachusetts National Guard is short of its full regulation complement of officers and men in many sections of the state where organizations of volunteer units have headquarters. In the western part of the state it is alleged that companies of infantry cannot show the numbers required by army regulations for the various campaign units. It may be said that Lowell's National Guard is above the standard required for immediate service if called upon for military duty. This is creditable to our Lowell men who have always shown a progressive and patriotic spirit in all matters of this kind.

In order to bring some of the companies that have fallen behind up to the standard, a state-wide recruiting contest has been authorized to continue until June 30 of next year. A prize is being offered for the most successful work in the various campaign activities. All of the 18 companies in the Massachusetts National Guard are eligible to enter the contest and it is likely that all the companies that are now deficient will be brought up to full strength.

## INCOME TAX RETURNS

The United States Chamber of Commerce has come out strongly in favor of the repeal of the new law permitting publication of income tax returns, and in favor of the establishment of a tax commission to simplify our system of taxing incomes.

It is very evident that the publication of tax returns violates the good faith which the government owes to its citizens to protect them in their private affairs and against the publication of information which is in every sense private, and given only under the assumption that it will not be published. It was a serious blunder in the first place to pass a law authorizing the publication of tax returns.

The long promised drive for the community chest is about to start. Its purpose is to put an end to the continual appeals made by numerous parties to local merchants and other business men in behalf of deserving charities. It provides a new way of supporting private charities.

We cannot complain of yesterday's record-breaking cold as we have had a record-breaking spell of the finest weather ever known in New England.

## SEEN AND HEARD

Haven't been a hole reported in Central bridge for three days.

The police donned their heavy overcoats and red helmets yesterday.

Financial writer says lower taxes are not in sight, especially with us that are out of sight.

Speaking of the Central bridge, a Centralville man was telling us that he has often seen seals on the bridge, but none of them ventured to light thereon.

## A Thought

We make way for the man who badly pushes past us.—Beevo.

## Anything Would Do

In a downtown candy shop, a woman was having a two-pound box filled with a variety of sweets. "Shall I put in some of this?" inquired a certain kind. "Oh, just put in anything," came the reply. "I'm sending it out or home and I don't matter."—Indianapolis News.

## Made It Good Once

Two would-be famous authors were discussing certain paper and an editor. "I've terribly slow in reading manuscripts," said the one with the laughing face. "But I remember to send back to him and ask him who he is," he remarked.

## Minister Didn't Fit

A southern negro minister, who was given to the use of big words and complicated discourses, was called upon by the church committee and told that his style of preaching was not at all what they could stand. "I'm a little bit of a minister," he replied. "Yes, you're a minister and a minister," responded a member of the committee, "but you don't show wherein."

## Bright Young Man

The bright young bookkeeper was always ready to render assistance to his chief. One day he walked to his desk, laid down a letter without address and without a signature, and asked him what he would succeed doing with it. The bookkeeper read it through and then gave an answer that at least showed his willingness to be helpful. "Well, well, I will send it back to him and ask him who he is," he remarked.

## What Ministers Need

Dr. John Roach Straton, said at a luncheon in New York: "A minister doesn't need to be sensational in order to succeed. He needs to be industrious. Most ministers don't work hard enough. A school teacher who is interested in a subject, studying, and teaching, will have a better chance of success than a minister who is not. I want every boy whose father has no work to stand up. The first boy to rise was the minister's son."—Rehoboth Sunday Herald.

## Christians

A traveler who halted at a roadside upon a Sabbath day, hid for three days in terror of his life. Driven out by the darkness of night, he saw a light of smoke rising from a chimney of bushes inland, and crawled carefully to study the type of smoke about it. Just as he reached the chimney he heard a voice say, "Why in did you play that card?" He dropped to his knees and devoutly raising his hands, he said, "Thank God, they are Christians!"—Minneapolis Tribune.

## An Old Gun

Miss Antiqua was one of those dear old creatures who never lose hope. Her motto was try, try, and try again, and she had tried for years to get the matrimonial status, but her success in finding a husband. One day she was attending an "at home" and was introduced to a charming gentleman, Mr. Dandegrass by name. "You ought to get married, Mr. Dandegrass," surprised Miss Antiqua during the course of their conversation. "Yes," replied Mr. Dandegrass earnestly. "I have wished many times lately that I had a wife. This little old Antiqua will take notice, so to speak. 'Have you really?' she asked suddenly. 'Yes,' was the answer. 'If I had a wife, she would probably have a sewing machine, and the sewing machine would have an oil can, and I could take it and oil my office door. It squeaks horribly.'"

## Inspiration

Who has not felt the urge to rise When dawn bursts red upon the hill To seek new vision from the skies And lift the burden with a will; Or, picking up the heavy task Where yester eve it weary stopped. To find that dullness, like a mask Had fallen off when darkness dropped?

Who has not felt a sluggard when The morning sun has risen first, Or has not sought the task again With muscles new, for work athirst? Who has not felt the morning air Renew his pride in work well done, Or thought the early tasks more fair? Well, I have not, for I have not.—G. EDWARD PENDRAY, In Life.

## MAN ABOUT TOWN

The storm boards on Central bridge came in handy yesterday. The barrier along the north side of the bridge was erected about a week and a half ago, but up to yesterday nobody remarked their existence. As the weather had been fairly comfortable, a strong wind was blowing down-stream yesterday, however, and the storm boards were a necessary adjunct of the otherwise porous bridge. I noticed that this year, the powers that be have acquiesced to the wishes of Centralville residents by placing the boards down to the edge of the sidewalks. In previous years, a spade was left open at the lower extremity and Mr. Wind crept under without difficulty.

Glenn Frank, editor of Century Magazine, who will address the Federation meeting of women's clubs in the Memorial Auditorium tomorrow afternoon promises to be most entertaining in his talk. Mr. Frank, a young man of pleasing personality and possessing a sense of humor will delight his auditors and there is no doubt but that the 100 or more women who are to attend will feel fully repaid after listening to Mr. Frank's remarks on "The Outlook of Western Civilization."

Persons passing the drinking fountain in Monument square yesterday had their first experience with slippery sidewalks due to ice, and more than one caught unawares, suffering their first icy slip by falling. The ice on the sidewalk had formed after water in the drinking fountain had been blown from the bowl by the wind, which blew in gale proportions at times, and stretched from the drinking fountain nearly to the curbing of the Merrimack street sidewalk.

Readers given full credit to the papers published in Lowell, which have always freely opened their columns to publicity material often copiously provided in support of the American Red Cross and its annual roll call campaigns, the national, state and community organizations receive their continued assistance from prominent citizens; also from persons assisted by the relief fund of the humane institution, many of them filled with sentiments of gratitude well worth reading. Among the prizes testimonial recently received from the American Red Cross and all its works, was one from President

## AMERICAN LEGION POST

Fathers and Brothers Are

Guests of Local Legion-

aires at Regular Meeting

It was "Fathers and Brothers Night" at American Legion headquarters in the veterans' wing of Memorial Auditorium last night, officers and members making the affair a delightful entertainment. It was one of the best of the organization's first offerings on an extensive winter social calendar of attractive events to come.

The veterans first held a business meeting, the committee on dedication of squares in Centralville, Dr. William M. Collins, chairman, presenting a petition which tonight will go before the city council at the latter's regular session. The petition relates to securing the right to rename the following squares:

Bridge and First streets, Frank Lyons square; Jewett and Coburn streets, Charles K. Buck square; Pumping station and West Sixth street, Peter R. Moulton square; Bridge and Hampshire streets, Gerald T. Silk square; Third street, near Durant park, Ralph G. Hurd square.

Providing permission is granted to rename the squares listed, the Legionnaires will, on Sunday afternoon, November 30, starting at 1 o'clock, proceed to the dedication of the memorial tablets at the auditorium, scheduled 3 o'clock, perform the usual solemn ceremonies in front of each sign bearing a committee name. The veterans' column will move from square to square in similar fashion to the dedicatory customs prevailing in the past.

Henry Sullivan was chosen chairman of a committee that is instructed to arrange a "get-together" meeting at post headquarters on November 29. A vote of thanks was tendered the ball committee for its efficient service. The Legion annual was a complete success, financially and socially, as usual. The committee handling the affair is expected to report at the next regular meeting.

Several letters were read, coming from various parts of the country, regarding information as to the whereabouts of one Joseph Leavick, who served with Company M, 60th infantry, U.S.A., and Walter W. Seaton of Battery F, 102nd field artillery. The Legion has practically completed arrangements to form an American Legion troop of Boy Scouts. John J. Murphy will be scoutmaster and Cornelius J. Burns assistant.

The following committee will serve at the annual post election of officers, to be held the first Monday night in December: Chairman, Michael H. Harrington; Capt. Joseph George Whelton, Maj. Percy J. Wilbur, Patrick J. O'Heara, Cornelius J. Burns and Major Dana Palmer. The entertainment—very special—provided for last night's "father-and-son" guests, included boxing matches, singing and piano playing. The Glancy twins, six years old only—appeared in poppy box, one of the kindergarten type. Four rounds went to a draw, all smiles and still fraternal as all twins have to be.

Frank Quinn, musical post member familiar with the keys of the piano, snapped out jazzy tunes for the edification of all, then Comrade Harry Cole served the Dutch luncheon and everybody was sitting pretty.

## GOV. AL SMITH HAS SWOLLEN FOOT

FRENCH LICK, Ind., Nov. 18.—Gov. Al Smith of New York, here for a rest, is confined to his room with a swollen foot, which he considers an aftermath of the 12 holes of golf a day he has been playing.

Members of his party diagnosed the ailment as incipient gout and denied he was fighting infection. The hotel physician treated the foot yesterday and advised the governor to remain in his room. With the foot bandaged, Gov. Smith spent the day dictating to a stenographer and catching up with correspondence.

## THE REGISTRATION OF MOTOR TRUCKS

In accordance with instructions received at the local office of the motor registry department, trucks will be registered for the year 1925 in accordance to their stated capacity. The following letter received at the local office is self-explanatory:

"In connection with truck registration for 1925, the registration fee is to be based on the manufacturer's rated carrying capacity plus any excess load the owner intends to carry. In other words, the owner of a 3-ton truck must pay a registration fee of \$30 or more, or more as a 4.5 or 6-ton truck, etc."

The change in the law is effective by a recent ruling which has or will be passed by the department of public works under provisions of chapter 40A of the acts of 1924, the ruling being effective for all 1925 registrations.

CHARLES H. GILBERT, Chief Clerk.

Calvin Coullidge, whose name is never mentioned in a document unworthy of his signature. In the literature now being distributed throughout Lowell and county towns is a handsome four-page folder printed in soft brown ink and bearing on the front page a letter personally written and signed by President Calvin Coullidge, addressed to the American people. Many Lowell readers may have seen and read the Red Cross circulars containing the latter, which is too long for the Man About Town column, but three striking sentences contained in the Coullidge frank approval of the relief organization and its work read as follows:

"The American Red Cross has become an intimate part of our national life. It is a semi-official agent of the government, but it belongs, nevertheless, to the people. It is the instrument of the people in giving expression to the lofty, unselfish humanitarianism, the practical idealism, characteristic of this nation from its humble beginning."

The organization has proved an indispensable instrument for the alleviation of suffering and the betterment of human life in our own and other lands. As individuals it is our duty and privilege to be a part of this organization. The Red Cross needs and should have your generous support. As president of the United States and president of the American Red Cross, I urge universal acceptance of the invitation to join."

## O'NEILL HOLDS PLACE

Over Lewis in Representative Contest to 160 Votes

Cornelius J. O'Neill was declared elected as representative in the 15th district by a majority of 160 votes over Representative Fred O. Lewis, as a result of the recount of votes in this district completed by the election commission late yesterday afternoon.

The original returns of this district gave Mr. O'Neill a majority of 66 votes over Rep. Lewis, and the latter petitioned for a recount. The petition was granted and the recount started last Thursday. Startling changes in the vote were disclosed by the recount and when the last block had been counted, Mr. O'Neill had gained 95 votes over his original 66 majority. The recount also disclosed changes in the vote of every candidate in this district, but made no changes in their standing.

The original and recounted vote, as announced by Chairman Hugh McKeown of the election commission, follows:

	Original	Recount
Henry Aehin, Jr.	10,391	10,752
Dr. John de la Parra	1,335	1,410
Victor F. Jewett	9,533	9,562
Fred O. Lewis	7,765	7,860
Cornelius J. O'Neill	7,530	7,585

Following the completion of the recount the two candidates and Edgar M. Kent of the republican city committee and Timothy J. O'Neill of the democratic committee, expressed their thanks to the commissioners for their work.

Mr. O'Neill issued the following statement to the public:

"The confidence which the voters of the 15th district have in me is shown by their vote, and at the end of two years when I retire as representative in that district I know that I shall have merited the support they have given me. It has been a great honor and a great election, and I am deeply grateful to the district which has sent me to the legislature."

## RECITAL BY PUPILS OF MISS CARNEY

Pupils of Miss Catherine T. Carney, teacher of piano, entertained a large audience in St. Peter's school hall last evening at the first recital of the season. Assisting Miss Carney in her program, were Mrs. Nora Hogan Longtin, soprano; Miss Marjorie Brunelle, alto; and Raymond Kelley, pianist. The program was as follows:

- Glory, G. Gier
- A Song from the East, Cyril C. Scott
- Waltz, Alfred
- Waters of Minnetonka, M. J. McKeown
- Mrs. Nora Hogan Longtin
- Allegro from Sonata Op. 14, No. 2, Beethoven
- Country Gardens, No. 22, Beehoven
- Country Dance, Alexander MacFadyen
- Song, I Hear You Calling Me, Harford-Marshall
- Mrs. Nora Hogan Longtin
- Valse, O Sharp Minor, Chopin
- Dance Polonaise, Albert Jeffrey

## THE ZOO

IN Asia and in far Japan

The little Sable dwells.

Its fur is very costly and

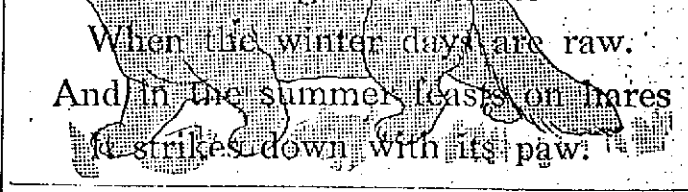

In coldest clime excels.

It lives on twigs and berries

When the winter days are raw.

And in the summer feasts on hares

It strikes down with its paw!

## Fall

Chill is spreading; trees are shedding. Fall is with us now. Mister World is rather curled in wilderness, somehow.

Meadow scene that once was green has turned to dusky brown. Stalks of corn, in summer bold have died and fallen down.

Garden bowers of brilliant flowers are standing cold and bare. Warmth that was, is gone because there's chilliness in the air.

Every day, in every way, the scenes are changing fast. Lengthy day has passed away and nights much longer last.

Old Jack Frost cannot be bossed; he's dragged us in his den. Time has sped and summer's dead. The fall is here again.

(Copyright, 1924, The Lowell Sun)

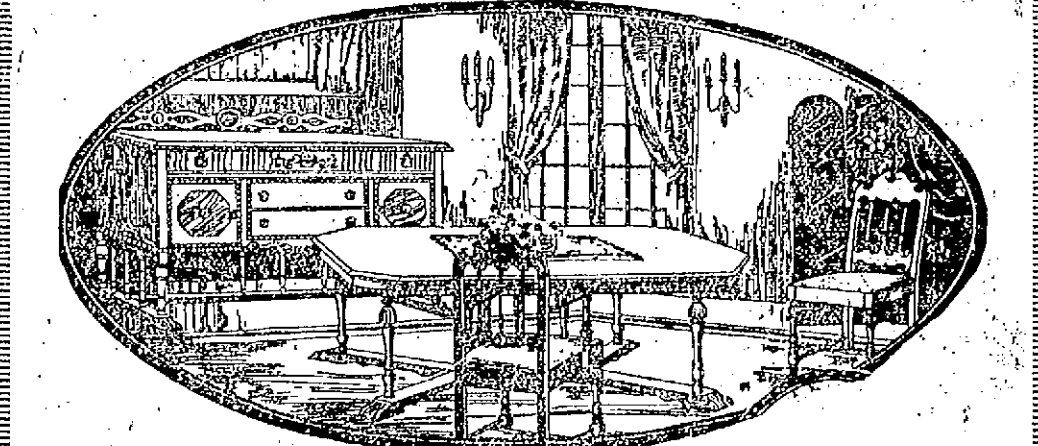

## ACTIVITIES AT THE NORMAL SCHOOL

Students at the Lowell State Normal school are observing National Education week with elaborate daily programs which cover the work outlined in programs sent out by the state. Yesterday, Constitution day, was observed with an extensive program. In the morning, an essay, "Music in Education," by Calvin Coullidge was read by Miss Margaret MacAlpine of the Music Supervisors course, and was followed by assembly singing of "America" and "The Star Spangled Banner." At 2:15 o'clock in the afternoon, Supt. Hugh J. Molloy, gave an address on the constitution and explained its provisions. Mr. Molloy's address was most instructive and enabled the students to more clearly understand the constitution of the United States, the palladium of the people.

Programs in keeping with the day will be given daily this week, with lectures by state department members tomorrow afternoon and Friday morning, and a hockey game Friday afternoon between the junior and senior departments.

## "KAFFEE KLATSCH"

Station WOL, at Chicago, gathers its women listeners every Saturday afternoon at an informal "Kaffee Klatsch" in the studio where coffee and doughnuts are served. At the same time the "Kaffee Klatsch" program is broadcast.

Residents of every town within easy access of Lowell should buy all their goods in Lowell.

## The Cost of Furniture To You is Governed By the Cost of Distribution

In other words, rent, clerks, trucking, light, heat, power, taxes, insurance and advertising be paid out of the profit.

## WHERE DO THESE ITEMS COST MORE IN BOSTON OR LOWELL?

In Boston, of course. Why, the rent of a store the size of ours and located in the shopping district would cost at least \$20,000 more rent a year. Advertising costs over five times more than it does in Lowell. We know for a fact that the best of the legitimate furniture stores in Boston must do charge 25% more than we do, or they could not exist. And those furniture dealers who are always giving furniture away at less than cost (and getting immensely rich at it)—Well, the sky is the limit. For instance, here are two items we have heard of lately, a Bed Spring we sell for \$12.50, they sell for \$19.75. A Mattress we sell for \$11.50, a Lowell party paid \$22.00 for it in one of those stores. If you need to be warned against such exploiters they might just as well get your money, as you would buy stock in an oil well in Dracut with it anyway. No, goods are not sold less than cost by us—anyone else. But they are sold by

## A. F. OF L. CONVENTION

Turns to Work of Formulating Its Major Policies For Next Year

1000 Delegates From Mexico Call at El Paso—Labor Banks Opposed

EL PASO, Texas, Nov. 18 (By the Associated Press)—The American Federation of Labor convention turned today to formulating through committee action its major policies for the next year. Fifteen committees appointed at the first session yesterday will do the bulk of the work of the assembly during the remainder of this week, including executive hearings on topics of paramount importance.

Scenes unprecedented in federation history marked the afternoon session yesterday, when approximately 1000 delegates from the Mexican Confederation of Labor came from Juarez, Mexico, to hold a joint session with the Americans.

Fraternal delegates from Great Britain, Germany and Canada joined with the American and Mexican leaders and pledged continuing efforts for world peace.

The American convention planned to adjourn at 4 o'clock this afternoon, for a second joint session in Juarez.

The A. F. of L. executive council report recommended that labor organizations guard against hasty formation of labor banks.

"Labor in this new field has not passed the complete period of experimentation," the report said.

2,805,026 Members

The secretary's report showed an average membership for the year of 2,805,026. Last year the figure was 2,825,468.

President Samuel Gompers in his address made only one reference to political activities by labor organizations.

In sketching the background of the American labor movement, he said that some fifty years ago the national labor union, "like previous similar labor efforts," had "organized a labor party and then passed out of existence."

A special report on the executive council dealing with the federation's participation in the La Follette-Wheeler campaign is ready for an early session of the convention.

Leads Not a Candidate

ALBUQUERQUE, N. M., Nov. 18.—John L. Lewis, president of the United Mine Workers of America, en route to El Paso to attend the annual convention of the American Federation of Labor, denied here last night that he would be a candidate for president of the federation.

Beauty

A Gleamy Mass of Hair

35c "Danderine" does Wonders for Any Girl's Hair

Girls! Try this! When combing and dressing your hair, just moisten your hair brush with a little "Danderine" and brush it through your hair. The effect is startling! You can do your hair up immediately and it will appear twice as thick and heavy—a mass of gleamy hair, sparkling with life and possessing that incomparable softness, freshness and luxuriance.

While beautifying the hair, "Danderine" is also toning and stimulating each single hair to grow thick, long and strong. Hair stops falling out and dandruff disappears. Get a bottle of "Danderine" at any drug or toilet counter and just see how healthy and youthful your hair appears after this delightful refreshing dressing—Adv.

## MEXICAN KAYOS FULTON

IN HALF MINUTE

CULVER CITY, CAL., Nov. 18.—Tony Puentes, youthful Mexican heavyweight, knocked out Fred Fulton, Minnesota, in less than half a minute of fighting last night.

Using a right to the chin in each instance, Puentes floored Fulton three times, twice for the count of nine and the last time for the final count.

As the referee called out the count, Fulton howled his disapproval.

al, shouting "fake" and peppering the ring with cushions.

With the sound of the gong the Mexican met the bulky plasterer in the center of the ring and sent him down with the first blow.

Shaking his head and blinking his eyes, Fulton popped up just before the final count, only to be floored again for nine seconds. On his third trip to the canvas Fulton went down face first, there to stay until counted out. It was Puentes' eighth knockout in two months.

A "chemical sponge" that absorbs food odors and gases in refrigerators and pantries is a new invention.

## Suburban Week

We extend a cordial invitation to one and all to visit our store during Suburban Week.

If It's Hardware You Want—We have it in great variety.

If It's Tools—We have almost every kind made.

If It's Cutlery—There is no more carefully selected or greater assortment to choose from in the country. Cutlery Is Our Specialty.

If It's Paint—We have a complete stock for every need. We are sole agents for John W. Masury & Sons Paints. There is none better.

If It's Fireplace Goods—We carry everything for the fireplace.

## AUTO FELL FIVE STORIES

Landed on Another Machine

—Both Cars Wrecked,

But Drivers Escape.

NEW YORK, Nov. 18.—Despite the fact that he backed his automobile into an open elevator shaft in a garage and fell five stories with it to land on another automobile just entering the shaft, Lindley M. Franklin, of Flushing, is alive today suffering only from minor bruises. Archibald Nesbitt of Bayside, vice-president of the George A. Fuller Construction company, the occupant of the second car, a sedan, also escaped serious injuries although his hurts required hospital treatment.

Both cars were wrecked in such a manner as to protect the drivers from being crushed.

ANNUAL BAZAAR AT

THE NORMAL SCHOOL

The annual bazaar under the auspices of the student body of the Lowell State Normal school for the purpose of raising funds for Christmas charity work will be held on Dec. 5 this year. Indications point to a most successful event as people are realizing to a greater extent the work of the girls along charitable lines.

Among the many attractions at the bazaar this year will be a men's table. Miss Winifred Lester is chairman of this table and she will be assisted by Prof. Herman Brase of the psychology department of the school.

The members of the student council will supervise their respective tables and will be assisted by members of the student body. The chairman of the various tables are as follows:

Candy table, Mary Palmer, Senior III; novelty, Mary W. O'Connor, Senior IV and Junior D; household, Wilma Perkins, Senior I; cake, Mary Frawley, Senior III; ice cream, Mae Donnelly, Junior B; grab, Rose Q. Leroy, Junior C; men's table, Winifred Lester, Junior D.

The following committees will assist in the work: Decoration, Mary Geary, chairman; Frances Tompkins, Deborah Seigal, Grace Moran, Evelyn Dickenson, Annie Cohen, Esther Sharf, Estelle Childs, Alice Savage, Pubility, chairman; Canteen, McSorley, Miriam Laman, Ruth Warden, Estelle Mills, Margaret Murphy, Cecilia Patonanda, Mary Moran, Doris Vidder, Thelma Thodd, Margaret Carney, Entertainment, Katherine Katter, chairman; Helen Dow, Mae Leon, Mildred Marn, Alice Bucher, Virginia DeVale, Alice Rickalls, Grace Murphy, Rose Frawley, Margaret MacAlpine, Mae Armstrong.

Miss Mary Luppold is general chairman of the affair.

The population of Rumania has increased by 600,000 since 1922, bringing it to 17,000,000.

## COLD WEATHER CAUSES FIRE ALARMS

The first real cold snap of the season was the cause of a number of fire alarms yesterday afternoon and evening, as many minor fires were caused by sparks from chimneys, overheated and defective flues, as tenants sought to start up fires in boilers and stoves for the first time.

A telephone alarm at 4:04 and a bell alarm at 4:15 o'clock yesterday afternoon from box 33 was for a roof fire at 766 Broadway. Damage was slight. A telephone alarm at 4:11 was for a chimney fire at 51 West Fifth street and another telephone at 5 o'clock was for a blaze in the Allen street dump.

Two automobiles were threatened with destruction when fire broke out in the garage in which they were stored in Meadowcroft street early last evening. Quick action by neighbors resulted in their being removed and the blaze was quickly extinguished by firemen responding to a telephone alarm. The loss was slight. At 6:20 o'clock a telephone alarm was sounded for an automobile fire in Pawtucket street. Those who responded and the blaze was extinguished before any great damage had been done.

A bus on the Boston-Manchester route "drew up" at the Branch street firehouse at 7:55 last night to have a slight blaze, which had started from a heater, extinguished. The bus was not damaged to any extent and proceeded on its way when the flames were quelled.

A closet fire at 22 Lee street resulted in an alarm from box 21 at 7:17 o'clock last evening. The fire had evidently been caused by a defective flue and spread through the partitions. It was quickly extinguished and the damage is estimated at not more than \$200. At 8:47 a telephone alarm was sounded for a fire in the plankings of the Allen street bridge.

An overheated stove in a tenement at 18 Waterford street set fire to woodwork and firemen answering a telephone alarm at 11:07 p. m. saved the room from any great damage.

A grass fire set fire to a high wooden fence opposite 160 East Merrimack street and firemen were summoned by telephone at 11:35 o'clock to extinguish the flames.

AGAINST POWER LINES Farmers congregated at the Milwaukee dairy show objected to stretching of high power lines across their farms on the ground that the lines interfered with their radio reception.

## ADMIRAL LORD BEATTY

TO RESIGN HIS POST

LONDON, Nov. 18.—Admiral Lord Beatty will resign his post as first lord of the admiralty at the end of the year, according to some of the morning newspapers. It is recalled that rumors of his resignation were current about a year ago, when it was suggested he was retiring due to disability.

faction with certain governmental schemes. There is no suggestion of the kind on this occasion nor apparently any special significance in the resignation, as Lord Beatty's term of office has already nominally expired.

Naval circles expect that his successor will be Vice-Admiral Sir Osmond de Beauvois Broke, commander of the Mediterranean station, since 1923.

More than 500 tons of tickets are sold annually by the London Omnibus Co.

## Equal Suffrage on Golf Links!

MIRIAM BURNS

By N. E. A. Service  
KANSAS CITY, Mo., Nov. 18.—  
Equal suffrage on the golf links as  
well as in the voting booth!

That's the new demand by women.  
Heading the move for that kind of  
recognition by men, who in almost all  
clubs bar women from the links on  
holidays and Sundays, is Miriam  
Burns, Kansas City champion golfer,  
and student in Northwestern univer-  
sity, Chicago.

Last summer she played into the  
finals in the western championship in

Chicago and lost to Edith Cummings.  
In the national championship she got  
revenge by defeating Miss Cummings  
but neither was able to win the cham-  
pionship.

Miss Burns began playing at 14 and  
at 19 now is one of the country's most  
promising feminine golfers.

"To improve my game, I'd like to  
play more with men," Miss Burns  
says.

But, being a mere woman, I am  
ruled from the courses, much of the  
time when men play.

"I don't like golf club regulations

ANNA PAVLOVA'S  
FAREWELL TOUR

Anna Pavlova's farewell tour brings  
the dancer and her hundred artists to  
this city on Tuesday evening, Nov. 25,  
at the Lowell Memorial Auditorium.  
The victory of Pavlova's dancing  
again gripped London critics and with-  
out in her recent four-weeks' engage-  
ment at Covent Garden, just prior to  
her return to this country for her fare-  
well tour. The Daily Telegraph, re-  
viewing Pavlova's second perform-  
ance said:

THE DEVELOPMENT  
OF SHEDD PARK

Preliminary plans for the develop-  
ment of Shedd park, in accordance with  
the terms of the will of the late Free-  
man B. Shedd, who bequeathed \$100,000  
for the work, were discussed at a meet-  
ing of the park commission yesterday  
afternoon. Owing to the lateness of  
the season, it was decided to spend the  
winter in making preparations and to  
commence the actual work in the  
spring.

MANY MEN ENGAGED  
IN SEWER WORK

Work now underway by the sewer  
department includes the duckboards main  
at which a crew of 30 men are work-  
ing. Other jobs under way at the  
present time are located in Mt. View  
street, Parker street, Condit street,  
Vincent street, Nesmith, East Meadow  
road, Shen street and Lamb street.

Four small crews are also engaged  
daily in catch basin installation and  
cleaning work.

Modern incandescent lights have  
about four times the efficiency of  
those of 15 years ago, experts say.

One bit. The new man-made rules and  
unfair to women—especially the wo-  
man who works or attends college  
classes.

"Why should a woman, who is as  
busy other days as the men, be barred  
from the courses Saturday afternoons  
and Sundays?"

EAST'S ATTITUDE BANS  
INTERSECTIONAL GAMES

BY BILLY EVANS  
It is to be regretted there are not  
more intersectional games in foot-  
ball.

Variety adds spice to anything and  
that goes for a football schedule.

Year after year the schedules of  
many of the leading colleges offer few,  
if any changes.

Various colleges known as tradition-  
al foes, whatever that is, are placed  
regularly on the schedule, regardless  
of the ability or drawing power of  
the team.

It is a matter of record that the  
eastern colleges vary their schedule  
more than the west. This is particu-  
larly true of the "Big Ten" in the  
west.

It would be a great thing for the  
game if there were more intersectional  
games between the leading schools  
of the east and west.

Illinois vs. Notre Dame  
Too bad Illinois, with its great team,  
isn't scheduled to meet a worthy rival  
from the east. There is always color  
to such a game that is so often lack-  
ing in the routine schedules.

Of greater regret is the fact that  
Notre Dame and Illinois do not play.  
Coach Rockne of Notre Dame was  
desirous of arranging such a game,  
realizing its drawing possibilities.  
It is said that Illinois gave the sug-  
gestion much consideration but finally  
passed it up.

Viewpoint of Big Ten Teams  
Big Ten teams point out that sched-  
uling a game with some strong at-  
traction other than the Western Con-  
ference team means they must drop  
one of their old-time rivals from the  
"Big Ten." This is not considered ad-  
visable in most cases.

The great overhead of the many new  
stadiums, now a part of the college  
athletic life of many western schools,  
may ultimately solve the situation.

It takes packed houses to keep up  
the overhead, and to pack the stadium  
it is necessary to offer attractions that  
have a distinct appeal. Something  
that interests not merely the alumni  
of the competing institutions but the  
public at large.

Recently I discussed the matter of  
intersectional games with the athletic  
heads at Illinois.

Games Must Be Home and Home  
I learned that Illinois was not ad-  
verse to some big intersectional game  
each year but only on a home-and-  
home basis.

At present few of the leading schools  
of the east will consent to a home-  
and-home arrangement. They are  
willing to give the western college an  
eastern game but cannot see their  
way clear to go west.

Illinois feels that its athletic pre-  
stige is enough that it should be on

the same story—you can't stop a  
man or a product that has the  
stuff to come through.

Chesterfield is making gain after

gain—like a swift, smashing drive  
to a touchdown.

Everywhere men are changing  
by thousands to Chesterfield.  
Why? For the best of all reasons  
—taste! That's what convinced  
smokers the country over.

## Chesterfield

CIGARETTES

They Satisfy—millions!

Such popularity  
must be deserved

Attended to a game at home as well as  
abroad.  
Until the east is able to see it that  
way there is no chance for Illinois to  
take on a big eastern opponent.  
Michigan next year is to play the  
Navy on a home-and-home agreement.  
This will tend to "pep" up the Wolver-  
ine schedule.

SPORT PERSONALS  
Miss. Georgas Carpenter is at his  
villa in Lena taking a rest and the  
bunked ring fans of America hope he  
needs a lot of it.

California will hold open house to  
members of the cauliflower fraternity  
beginning the first of the year. An  
ornate menu of ham-and-eggheads has  
been prepared.

Jack Cupley entertained a small  
group of foreign waiters at his Long  
Island chateau yesterday afternoon.  
The piano and dining room have been  
recovered, but the kitchen has been  
as yet unaccounted for.

The announcement of Mr. Demsey's  
engagement to Miss Taylor seems  
to have been premature. The same may  
be said of his engagement with Wills.

Sonor Flipo has declined to go for  
a weekend motor ride in the Berk-  
shires. The good sonor complains the  
boys have been riding him too much  
as it is.

Ben Johnson is planning a house-  
warming for Judge Landis. Mr. John-  
son is in his most delightful moods  
when making things hot for the dis-  
tinguished jurist.

GRABSKI CABINET  
IS RECONSTRUCTED

WARSAW, Nov. 18.—The Grabski  
cabinet has been reconstructed with  
the radical leaders, Stanislas Trugutt,  
minister without portfolio, acting as  
vice-president. St. Trugutt will devote  
himself to political matters, principally  
the improvement of conditions in the  
eastern provinces where there have  
been many Bolshevik raids, leaving  
Grabski free to handle finan-  
cial and economic questions.

8 CO. \$2,001,015

BOSTON, Nov. 18.—The schedule of bankruptcy of G. F. Redmond & Co., Inc., defunct brokerage firm, filed in federal court today, showed liabilities

of \$2,801,915 and gave the assets as "unknown." There are 9200 creditors all unsecured. The largest claim against the firm is for \$16,564, while the smallest is three cents, claimed by M. A. L. Milton of Belfast, Me.

**CITY ENGINEER OF**

## NEWPORT DEAD

NEWPORT, R. I., Nov. 18.—Roland J. Eanton, for the past ten years city engineer of Newport, died at his home here this morning, in his 70th year. He had been engaged as civil engineer in laying out many of the estates of prominent people.

**Urges More Support  
For the Farmer**

Continued

noon by State Commissioner Arthur W. Gilbert, who spoke before Lowell Rotarians on present-day farming conditions in state and nation.

Dr. Gilbert is being prominently named to fill the vacant berth of United States secretary of agriculture.

Emphatic in his warnings, presenting startling facts to show that Mus-

Sachassetts citizens are today spending in other states more than \$500,000,000 annually for common garden, fruit or orchard, hennery and dairy products, because of the steady decline of agricultural pursuits in this commonwealth.

Dr. Gilbert declared that he was sorry the farmers could not defeat the daylight saving bill, for he fought against the measure honestly in the interests of the soil tillers, whose fortunes in this section of New England, he insisted, are steadily waning.

"Daylight saving acts as a deterrent to prosperous farming in Massachusetts," Dr. Gilbert declared last night. "The facts are glaring."

He reviewed local land realms where produce is raised in the spring, summer and fall months. He declared that since the Civil war, New England agriculture has declined more than 50

per cent from pre-war averages. There is 42 per cent less land being cultivated in Massachusetts today than there was in former years. "We are going down hill," added the commissioner—"rural and urban conditions are wholly unbalanced today."

The speaker admitted that high freight rates in New England made

the cost of living higher in the New England states—much higher than it is today in the cities of Chicago, Philadelphia and elsewhere. It costs a family residing in Lowell, an average of \$75 a year more than it does in Detroit or Chicago and many other American cities, north and south. Industries are steadily moving out of

New England because wages have to be maintained higher and higher because freight rates and other costs of living make larger demands upon the people's pocketbooks.

Dr. Gilbert mentioned several instances of industrial plants moving away from New England because of the freight rate situation and high

costs of production. Lynn, he said, within the past three years, has lost 47 shoe manufacturing industries, most of them moving westward to St. Louis and other cities in that part of the country, solely because they could not exist in Massachusetts' fields of the high-costs unprofitable category.

"And I am informed that the labor

situation today in Lynn is acute," Dr. Gihert, added. "We must assist men who produce our foods in Massachusetts. Developments are now being made here by enlarging the production of market garden specialties. It pays. "We are producing better New England apples and fruit of all kinds, as well as vegetables. We are packing

our products better, as the Nashoba Fruit Packing company in Littleton and Harvard, show the way. The western fruit packers lead, but Massachusetts will not be far behind in another year or two. This year's Nashoba apple pack—in standard boxes, each apple selected and graded to size and color and each also wrapped in tissue paper

with the 'Nashoba' trade-mark printed in colors thereon—is now being sold in many American cities, such as Philadelphia, New York, Chicago and southern cities.

One railroad even went to San Francisco and competed with Oregon and Washington Apples of handsome enticing color but little flavor. The

Dr. Gilbert said a Hood River Valley (Oregon) red-ripe apple had no flavor like the Nashoba McIntosh or the old-fashioned Baldwin. Even a "tree run" Massachusetts apple from the sunny

side orchards of the county hillsides, east and west, can eclipse any western apple for both texture, juiciness and quality flavor.

Dr. Gillert, before closing his excellent address of warning and beseeching, read a few figures showing the scarcity of home products in the competitive markets of New England

It testified that Massachusetts farmers do not raise enough potatoes yearly to provide the inhabitants of the State at large with but 12 meals. The supply of vegetables would vanish in ten weeks if all citizens took regular portions in the usual way. Butter production in Massachusetts, cattle and even milk was classed to the

The state today depends almost entirely upon other sections for the largest part of the food that it eats to preserve life and health, Dr. Gilbert declared in closing. It is a serious condition of things, with costs rising continually in this commonwealth and industries moving away. He pleaded that agricultural pursuits

must expand and increase in yearly products if the "chaotic" situation as it affects the state's prosperity today is to be saved.

Federation of Women's Club Convention

MRS. FREDERICK G. SMITH

GLENN FRANK

Among the prominent speakers to address the annual convention of the Federation of Women's Clubs to be held in the Memorial Auditorium tomorrow are Glenn Frank, editor of the Century Magazine, and Mrs. Frederick G. Smith, president of the Massachusetts State Federation of Women's Clubs.

The morning session will open at 10 o'clock with the Middlesex Women's club as hosts. Assembly singing, salute to the flag and the reading of the club history, will open the day's program.

Mrs. Charles H. Hobson, president of the Middlesex Women's club will address the members of the Federation following which Mrs. Frederick G. Smith, president of the state organization will greet the delegates.

A business session which will take up the major portion of the morning meeting will include reports by Mrs. Grace Morrison Poole, director of the Federation; discussion of the topic, "The Value of the New England Conference," by Mrs. Arthur D. Polter; "Messages from the Los Angeles Divisional Conference," Mrs. Ernest R. Brackett, Mrs. C. S. Marshall, Mrs. William G. Dwight, "A Glimpse of Playtime," Mrs. Arthur M. Keith; reports by Mrs. Joseph S. Leach and members of the resolutions committee. Luncheon will be served at noon at the high school annex and preparations have been made to entertain over 1000 members and delegates.

At 1:15 o'clock the afternoon program will be opened with an organ recital by William C. Heller, organist and Alessandro Niccoli, violinist. At the conclusion of the recital a short business session will be held at which new clubs will be presented and club topics in general will be discussed.

The feature of the afternoon will be an address by Glenn Frank, editor of the Century Magazine, who will speak on "The Outlook for Western Civilization." Mr. Frank is a most entertaining speaker and his topic is one which will be of much interest to club women.

AIRY STREET BRIDGE

In reply to a number of complaints which have been received concerning the fact that storm guards have not been placed on the Airy street bridge, Supt. Harry Doherty of the street department stated today that, owing to the construction work now in progress along the northern side of the bridge, it would be impossible to put the storm guards in place.

Ninety-eight per cent. of the almonds grown in America are produced in California.

OUR BOARDING HOUSE

THE MASTER OF THE MANOR SPEAKS

THANKSGIVING DAY PROCLAMATION  
BY GOVERNOR CHANNING H. COX

From the beginning, the people of Massachusetts at the call of their chosen leaders have been wont to set apart one day each autumn for giving thanks to Almighty God for the blessings which He has bestowed upon His children during the year. Customs which reflect the aspirations of the soul are enduring. This beautiful festival, first celebrated at Plymouth, is now observed throughout the entire nation. Even beyond the borders of our country, wherever Americans may be, this fine custom bids them pause to reappraise their heritage and to renew their faith. A mighty people does well to follow the reverent example of that small company of indomitable Pilgrims. They prayed for a continuance of God's infinite mercy, but first their overflowing hearts gratefully acknowledged the rich and bounteous gifts which were already theirs from His sustaining hands.

Now, therefore, in accordance with anoble tradition, and by and with the consent of the Honorable Council, I, Channing H. Cox, Governor of the Commonwealth of Massachusetts do hereby appoint Thursday, the twenty-seventh day of November, as

A DAY OF THANKSGIVING AND PRAYER.

Let devout hearts praise Him in places of worship and in the home as the sweet ties of family are renewed. Let us return thanks that our nation is at peace, that our prosperity has enabled us to give succor and cheer to others less fortunate, that in our midst "trade," the calm health of nations still flows in strengthening tide, that no scourge or epidemic has swept over the land, and that nature has given so rich a harvest. Let us remember not alone our material blessings, but let us give thanks for all that has quickened a worthy spirit. Let each individual bring to his Maker gratitude for every hard-fought victory, for every degrading impulse conquered, for every prejudice abandoned, and for every enlightened and tolerant thought sown in the knowledge that every such expression will be pleasing in His sight. On this day let us join in a prayer for His continued blessing upon our Commonwealth, upon our Country, and upon all Nations of the world.

Given at the Executive Chamber, in Boston, this fourteenth day of November, in the year of Our Lord one thousand nine hundred and twenty-four, and of the Independence of the United States of America the one hundred and forty-ninth.

By His Excellency the Governor,  
FREDERICK W. COOK,  
Secretary of the Commonwealth.  
GOD SAVE THE COMMONWEALTH OF MASSACHUSETTS.

SANBORN NOT  
IN NASHVILLE

First Husband of Mrs. Cote,  
Held in Second Husband's  
Death, Still Missing

Wife's Statement That Sanborn Was in Nashville Prison Found Untrue

NASHVILLE, Tenn., Nov. 18.—William Sanborn, who disappeared from his home in Portland, Me., in 1919, and who yesterday was reported by his wife to be in the state prison here, is not in the penitentiary, authorities announced today.

An investigation of the whereabouts of Sanborn was started after alleged confessions by Mrs. Alphonse Cote, Sanborn's former wife, her son, Ralph, and Charles H. Fielding, which, authorities said, revealed a conspiracy to murder her second husband.

Sanborn was the first husband of Mrs. Cote, who is held without bail as an accessory before the fact of the Cote murder for which Charles H. Fielding of this city is held as the alleged principal. Mr. Libby told the authorities he could lead them directly to the spot, the location of which is as fresh in his memory as on the day that he observed the light colored patch of earth while driving to market.

Alleged conflicting statements by Mrs. Cote to explain the disappearance of her first husband were revealed last night when Percival E. Sanborn of Beverly, Mass., his brother, informed the authorities that he had been notified by Mrs. Cote that her husband was serving a sentence of 25 years in a penitentiary in Tennessee. Word was received today from Nashville that he was not confined there.

Sanborn more than \$1000 a large diamond and other jewelry, and her brother, Robert Lucas, who was notified yesterday of her death. She owned 400 acres of rich farming land near here. In 1918 she divorced Bert Elliott who is reported to be in California. Three weeks ago she was married to Wheeler.

Turners Falls, Nov. 18.—Mrs. Cella Fortin of 18 Fourth street asked local newspaper today to aid her in obtaining information about her daughter, Germaine, 17, who disappeared on Oct. 4 and from whom but one letter has been received and that one apparently written in a state of extreme agitation. Mrs. Fortin, who is a striking blonde, was employed in a Greenfield restaurant up to the time of her disappearance and the mother gives it as her belief that she went away with one Andrew Pappas, a relative of her employer, who disappeared at the same time. Mrs. Fortin is of very light complexion and bobbed light hair, 5 feet, 5 inches in height and weighs about 120 pounds.

Commission on agricultural inquiry, called by President Coolidge, decides to have analysis of situation on pending farm legislation and administration of present laws affecting agriculture.

Attorney General Harlan Stone, in address at induction of Roger W. Jervoy as his successor as dean of law school of Columbia university, urges preservation of individual liberty and freedom of citizenship in the building up of administrative machinery.

BRIDE OF THREE  
WEEKS SLAIN

Mrs. Elsie Wheeler Found  
Stabbed to Death in Isolated Part of Minnesota

Details of Slaying Await Return of Authorities Hiking 160 Miles in Wilderness

WARROAD, Minn., Nov. 18.—Details of the slaying of Mrs. Elsie Wheeler, 31, in the isolated country of the Minnesota northwest angle, today awaited the return of Lake-of-the-Woods county authorities, who were hiking 160 miles through the wilderness to a lonely homestead cabin where she was found stabbed last Thursday.

Mr. and Mrs. Dean Wheeler and Jake and Robert Coulson recently went into the territory near the Canadian border, where they had taken out homestead claims, going from Clearwater, Kas. Mrs. Wheeler was stabbed while the men had gone to a river three miles from the cabin of Carl Hagan, trapper, with whom the four were staying until they could construct their own cabins. Wheeler accused the idea of his bride of three weeks had killed herself.

Hagen and Jake Coulson walked the 160 miles to here in four days to notify officers.

Woman Had \$1000  
CLEARWATER, Kas., Nov. 18.—Dean Wheeler and his wife, Elsie, and Jake and Robert Coulson, brothers, left here three weeks ago by automobile for northwestern Minnesota to prove up homestead claims.

Mrs. Wheeler took with her from Clearwater more than \$1000, a large diamond and other jewelry, and her brother, Robert Lucas, who was notified yesterday of her death. She owned 400 acres of rich farming land near here. In 1918 she divorced Bert Elliott who is reported to be in California. Three weeks ago she was married to Wheeler.

17-YEAR-OLD GIRL MISSING SINCE OCT. 4

TURNERS FALLS, Nov. 18.—Mrs. Cella Fortin of 18 Fourth street asked local newspaper today to aid her in obtaining information about her daughter, Germaine, 17, who disappeared on Oct. 4 and from whom but one letter has been received and that one apparently written in a state of extreme agitation. Mrs. Fortin, who is a striking blonde, was employed in a Greenfield restaurant up to the time of her disappearance and the mother gives it as her belief that she went away with one Andrew Pappas, a relative of her employer, who disappeared at the same time. Mrs. Fortin is of very light complexion and bobbed light hair, 5 feet, 5 inches in height and weighs about 120 pounds.

COLD WAVE CAUSE OF MAN'S DEATH

HAVERHILL, Nov. 18.—The cold wave was indirectly responsible for the death of Napoleon Vanclette who was asphyxiated in his room here early today. He had lighted a gas heater to warm his room and after he fell asleep the oxygen in the room was exhausted and the flame went out, allowing the gas to escape.

MANY YEARS ON FORCE

Five Lowell Police Officers to Celebrate Anniversary of Their Appointments

Five well known Lowell police officers will celebrate the anniversary of their appointment to the force next month. They are Lieutenant Martin Maher, Sergeant Hugh Maguire, and Patrolmen John Ganly, John J. Mulry and James Markham.

Lieutenant Mulry will reach his 32nd milestone as a member of the department on Dec. 28. It was on that day in 1892 that he was appointed a supernumerary. On April 8, 1894, he was made a regular and on May 27, 1902, he was promoted to the rank of lieutenant. He served in that capacity until March 28, 1911, he was made a patrolman, the position he holds at the present time. Lieut. Maher has been commended six times for important arrests.

Sergeant Maguire also will have rounded out 32 years of service on Dec. 28. He was appointed with Lieut. Mulry on Dec. 28, 1892, and was made a regular on May 6, 1894. On December 6, 1907, he was appointed a sergeant, and has been commended by his superiors for earnest attention to duty.

Patrolman Mulry was named a supernumerary 31 years ago next Dec. 22. On Dec. 27, he was made a regular and has been doing outside duty since then.

Patrolman Ganly will reach his 30th year of service on Dec. 21. He was assigned to regular duty on Dec. 27, 1892. On January 5, 1914, he was detailed to the patrol wagon and is serving in that capacity now.

Patrolman Markham will reach his 30th year of service on Dec. 21. He was made a supernumerary on Dec. 21, 1894, and was appointed a regular on June 21, 1895.

Each of the patrolmen have been commended for important arrests.

STONE CROSSES ON SOLDIERS' GRAVES

WASHINGTON, Nov. 18.—The battle monuments commission, headed by General Pershing, has decided informally that the graves of American war dead in France shall be marked for all time with white stone crosses in patterns similar to the wooden markers that have stood over the graves since the war.

Not only will the sentiment of the cross be perpetuated, General Pershing said today, but the arrangements will be unchanged, the stone crosses being fixed as permanent markers "row on row."

General Pershing explained that this decision had been approved by individual members of the battle monuments commission, and in all probability would be formally voted at a meeting of the commission to be held here this week. The plans will then be presented to Secretary Weeks for approval before actual work of planning the stone crosses in the cemeteries overseas is begun by the ceremonial division of the army quartermaster corps.

There are 20,417 graves in the American fields of honor in France, Belgium and England, comprising an aggregate of 256 acres.

TRACTOR SNOW PLOW FOR FIRE DEPARTMENT

An innovation in fire apparatus will be introduced here next year in the form of a tractor snow plow, according to Fire Chief Edward F. Saunders.

"The department, the chief said, has long needed a piece of apparatus of tractor type for winter work in opening roads blocked by snow and in pulling apparatus out of snow banks and mud holes in which they get mired in winter and early spring.

The cost of the tractor, he believes, will be about \$1000. It will be a tractor with a snow plow in front and a fire fighting apparatus in the rear. The tractor will be used in opening roads blocked by snow and in pulling apparatus out of snow banks and mud holes in which they get mired in winter and early spring.

In years gone by, he added, there have been places within the city limits where fire trucks could not force their way, owing to accumulations of snow in the roadways, and this will be true again, especially during the period between snowfall and the time the city plows have an opportunity to clear out passages ways.

If I am successful in purchasing a tractor for the department, he continued, it will respond to every alarm off the main roads when there is snow on the ground. Then, if any roads should be found impassable by fire trucks, the tractor will open them up and apparatus will get through to the fire with but little delay.

Instructions will be given to every officer in the department also, he said, that if their apparatus becomes mired in snow, they should not attempt to force their way, but wait for the tractor to arrive and wait for the tractor to arrive and wait for the tractor to arrive.

GOV. COX DISCUSSES AUTO ACCIDENTS

(Special to The Sun)  
JACKSONVILLE, Fla., Nov. 18.—"The problem of protecting those who use the highways must be faced at once. It will not solve itself. Our present civilization must accustom itself to treat life and limb with greater regard. We must recognize it as essential to reduce the number of motor vehicle accidents." So Governor Channing H. Cox told the governors of the states of the country when they convened today at the governors' conference here.

Prevent Crossing Accidents  
JACKSONVILLE, Fla., Nov. 18.—Prevention of grade crossing accidents and safeguarding highways furnished the basis for the discussion at today's session of the governors' conference which seventeen governors and two governors-elect are attending.

In opening the discussion, Governor Emmett F. Branch of Indiana declared that it had been estimated that 800 persons would be killed and more than 8000 injured in grade crossing automobile accidents during 1924.

VISITING DAY IN LOCAL SCHOOLS

A number of local public schools are closed today to afford the teachers an opportunity to visit schools in other parts of the state. The state is comparing methods of teaching. The schools closed are as follows: Girls' vocational, Butler, Agawam street primary, Agawam street kindergarten, Carter street, Weed street, Colburn primary, Colburn grammar, Ames street, Central street primary, Central street kindergarten, Charles street primary, Charles street kindergarten, Greenhalge, Lakeview avenue primary, Lakeview avenue kindergarten, West Six street, Varnum, Tenth street, Varnum kindergarten, Kirk street, Lincoln, Laura E. Lee primary, Laura E. Lee kindergarten, Howard street kindergarten, Grand street, Powell street, Lexington avenue, Cabot street and Elliot street.

Public offerings of 72,182 shares of common stock of the Bangor & Aroostook railroad company was oversubscribed.

GORDON H. HOTCHKISS

Man Fatally Injured in Accident Husband of Former Lowell Girl

Gordon H. Hotchkiss of Cambridge, who was fatally injured in an automobile accident on the Newburyport turnpike at Topsfield last Sunday evening, was the husband of a former Lowell girl, Miss Abner Lewis, by whom he is survived. He also leaves a five-year-old daughter and a brother, Harry, of Brooklyn. Mrs. Hotchkiss is the daughter of Mr. and Mrs. James E. Lewis of Cambridge, former Lowell residents and sister of Herbert J. Lewis, foreman of the Courier-Citizen, and Mrs. John A. Larnerton of this city.

The accident in question occurred during the changing of a tire at the side of the highway. Herbert J. Lewis was in the act of tightening up the damaged tire after having placed it on the spare tire rim. Hotchkiss stood by his side holding a trouble light to warn approaching motorists, the tail light of the car being temporarily covered by Lewis' body. A Packard roadster, driven by a Harvard student, coming along at high speed in the rear of a Ford truck, crashed into the Lewis car, striking Hotchkiss at the same time, sending them forward ten feet. The fact that the brake was set, together with the presence of a fence, preventing the car from going over a steep embankment. Mrs. Lewis, Mrs. Hotchkiss and the Hotchkisses were in the car at the time, but all escaped escape injury.

Hotchkiss was picked up and rushed to the nearest hospital, which happened to be the Danvers state hospital. On the ground that this institution deals only with mental cases, even first aid was declined, making it necessary to transport the dying man to the Salem hospital, a distance of nine miles from the scene of the accident. He died about two hours and a half after reaching the hospital.

Continuity to previously published reports, the driver of the Packard did not drive off, but lent assistance to the members of the Lewis party.

ITEMS OF INTEREST IN WALL STREET

NEW YORK, Nov. 18.—Shipments of gold from abroad aggregating \$1,000,000 of which about \$3,500,000 arrived last week, are expected by the Bankers' Trust company, the purpose, it is understood, being for account of war damages. None of the gold, it is said, has come from Germany, having been sent here subject to orders from the bank's Paris office. Meanwhile bankers here are awaiting instructions to ship gold to Germany from the proceeds of the recent German loan floated in this country, the decision resting with the general board of the German bank of issue now being organized.

Recent strength of New Haven railroad stocks and bonds has revived expectation in the financial district of announcement shortly of the road's refunding program. Material improvement has been noted in recent earnings compared with those earlier in the year.

Three offerings of railroad stocks with an aggregate par value of more than \$21,300,000 was placed on the market today—the first time in many years that such a variety of carrier shares has been opened to public subscription. The largest issue consists of 125,000 shares of Carolina, Clinchfield & Ohio railroad leased line stock, priced at \$7.50 to yield about 5.50 per cent. Other bonds represented in the offering are the Bangor & Aroostook and the Vicksburg, Shreveport & Pacific.

DECISION ON TARIFF RATE REDUCTION

WASHINGTON, Nov. 18.—President Coolidge has received additional data from the tariff commission in connection with its report on the sugar tariff, and he hopes to make a decision very soon on the question of a tariff rate reduction.

# Storm and Fires Cause Heavy Damage

## FIVE COURTS IN SESSION HERE

### Mayoralty Recount Opens at City Hall

#### RECOUNT OF MAYORALTY VOTES IS UNDERWAY AT CITY HALL

Election Commissioners Act on Petition of Thomas J. Corbett Defeated in the Primaries by Thomas H. Braden by Margin of 104 Votes

The recount of votes cast in the mayoralty contest in the city primaries on November 11, as petitioned for by Thomas J. Corbett, who was defeated of nomination by Thomas H. Braden by margin of 104 votes, was begun this morning.

The election commissioners, with the exception of Mr. Braden, are conducting the recount in the Aldermanic Chamber at City Hall. Mr. Braden, owing to his personal interest in the result, did not care to serve as an act member of the commission and his place is taken by James Redmond, of the commission's office staff.

The wards were completed up to noon today, 1 and 2, and only minor changes were found. Mr. Braden lost one vote in precinct 1 of ward one, and this was the only change in his vote in the two wards. Mr. Corbett's vote was unchanged, while Stephen C. Garrity lost a total of 4 votes in the

two wards, votes credited to him in the original count being thrown into blanks by the commissioners. The vote of Mayor Donovan was increased one in the two wards recounted.

Mr. Braden attended this morning's session in person and was accompanied by Thomas Johnson. Representing Mr. Corbett were Attorney Jeremiah J. O'Sullivan, William P. Curtis, Joseph E. Sullivan and Raymond E. Dowd. Mayor Donovan was represented by his secretary, Harry C. Glasheen and Dennis Donovan.

Considerable interest is being shown in the recount, a large number of persons being present at the morning session. The recount of wards 1 and 2 went along much smoother than did the recount of any section of the 15th representative district, which was completed yesterday in person, and it is believed that the recount of the nine wards will be completed Thursday afternoon.

#### FIVE COURTS IN SESSION IN COUNTY BUILDING HERE

Gorham Street Court House Today Has Two Superior, Two Probate and One Federal Session—Contested Will Case a Feature

Five courts were in session at the county building in Gorham street today. Two superior, two probate and the United States commissioner.

The regular civil session of the superior court, with Judge Greenidge on the bench, and the jury-witted session, with Judge Donahue presiding, were in the second-floor courtrooms. Two sessions of probate on the

ground floor were presided over by Judge Leggat and Judge Beale, the latter handling contested cases. The United States commissioner's court was in charge of Commissioner R. D. Walsh.

#### COLD BRINGS DEATH TO TWO N. E. MEN AND DISTRESS TO SHIPS

Auto Radiators and House Pipes Frozen—Fires Result in Hasty Attempts to Heat Residences—Ships Ashore and Others Riding Heavy Seas

BOSTON, Nov. 18.—The wintry blast which, with a high wind and a temperature nearly touching zero in parts of New England, brought death to two men, distress to ships along the coast from Maine to Cape Cod, delay to trains, and frozen automobile engines and house pipes, will be checked late today by a rise in temperature and either snow or rain, according to the forecast issued by the local weather bureau.

The storm was severe at sea. From Rockland, Me., came last night the report of three barges, bound for that port, adrift, one believed to have foundered with its crew aboard, and the death of Captain Albert Peterson of Brooklyn, N. Y., who died in the freezing water when made fast to a line shot to his barge from the coast guard.

#### PASTOR HELD IN WIFE'S DEATH

Rev. C. V. Sheatsley, of Bexley, Ohio, Questioned By Police Today

Charred Ashes of His Wife's Body Found in Furnace of Their Home

COLUMBUS, O., Nov. 18.—(By the Associated Press)—Rev. C. V. Sheatsley, for nine years pastor of Christ Lutheran church of Bexley, a suburb, was questioned by police today in connection with the finding of the charred ashes of his wife's body in the furnace of their Bexley home late yesterday. Police Lieutenant Shellenbarger announced that something definite might be announced within an hour.

More than \$1,000,000 worth of playing cards were exported from the United States in 1923.

### Series of Destructive Fires in MANY NON-SUPPORT CASES IN THE DISTRICT COURT

#### Wake of Howling Icy Gale — Several Lives Lost

#### SEEK CREWS OF WRECKED SHIPS

Capt. Peterson of Barge Canisto Died While Being Drawn Aboard Ossipee Body Brought Ashore—Raymond Duhade Rescued From Abandoned Barge

ROCKLAND, Me., Nov. 18.—Coast guard cutter Ossipee, which late yesterday rescued Raymond Duhade of Pawtucket, R. I., a sailor from the abandoned barge Canisto and brought ashore the body of her captain, Albert Peterson of Brooklyn, N. Y., who had died while being drawn aboard the Ossipee on a life line, left port early today.

The cutter at once resumed the search for the missing barge.

#### HEATING AND HOUSING

Attorney General Submits Opinion to Commission on Necessaries of Life Promises Made by Landlord Are as Binding as Written Document

(Special to The Sun)  
BOSTON, Nov. 18.—A landlord, who by the terms of his lease with a tenant, promises to provide heat and other conveniences, must do so whether the promises are set forth in a written lease or not. The mere promise to do so by the landlord is as binding as a written document.

Such is the gist of a long opinion on the heating and housing situation sent today by Assistant Attorney General Alexander Lincoln to the commission on the necessities of life.

The commission has literally received thousands of complaints from landlords all over the state concerning the demands for heat and thousands of complaints from tenants who think that they are not getting heat in sufficient quantities. The opinion is, therefore, a most important one.

In asking for the opinion, Eugene C. [Name] was [Name].

#### GUN BATTLE IN RESTAURANT

One Man Seriously Wounded and Interior of Cafe Wrecked in Pistol Duel

Police Believe Affray in Lower West Side, N. Y., Resulted From Feud

NEW YORK, Nov. 18.—One man was seriously wounded and the interior of a restaurant on the lower West Side was wrecked in a pistol duel early today in which more than a score of shots were fired. Police believe the affray resulted from a gangster's feud.

Edward Sullivan, one of the contestants in the duel which he waged with three men, was shot four times. Thus far he has refused to divulge any reason for the attack.

#### BRINGS VISITORS HERE

"Suburban Week" Attracts Many Shoppers From Out-of-Town

"Suburban Week" has made a most auspicious start. Yesterday was the first day of the pilgrimage, which is to bring during the local retail merchants' six-day reception of customers old and new to many Lowell retail stores, thousands of people from the country towns in Middlesex county, who rarely trade in Lowell except when "passing through."

A host of responsive, curiosity-filled men and women from nearby towns, yesterday's intensely cold weather and disagreeable traveling conditions, anxious to take advantage of the "Suburban Week" invitations to visit the retail stores of Lowell and make themselves at home.

The excellent weather and milder temperature today was responsible for a large outpouring of shoppers this afternoon, as the parking thoroughfare [Name] was [Name].

#### SECOND APPEAL FOR TROOPS

Sheriff Acts After Los Angeles Aqueduct Raiders Ignore Court Order

RAIDERS TO STAY "ON JOB" UNTIL IT IS FINISHED OR UNTIL MILITIA COMES"

LOS ANGELES, Calif., Nov. 18.—(By the Associated Press)—Owens valley's "little army of occupation" still was in possession of the Los Angeles aqueduct early today and the water intended for the Los Angeles municipal supply was coursing in its two-day-old passage through waste gates. No one had yet made any effort forcibly to eject the invaders or to close the gates.

The approximately 100 men who constitute the army look turns standing guard all night and their searchlights swept back and forth over the hills unceasingly.

"I feel confident," said Mayor Cryer of Los Angeles last night, "that the peace officers of Inyo county, supplemented if necessary, by the forces of the state of California, will take care of the men who are now engaged in violating the law of Inyo county."

Sheriff Charles Collins of Inyo county, however, took a different view of the matter. After serving the aqueduct raiders with a superior court order forbidding them to interfere with the Los Angeles water supply, and after seeing copies of the order, tossed [Name].

## TWO KNOWN DEAD FOUR MISSING

Fire Which Destroyed Big  
Atlantic City Hotel Burn-  
ing Itself Out Today

Nothing But Walls Remain—  
Casino Wrecked—Loss  
Estimated at \$1,500,000

ATLANTIC CITY, N. J., Nov. 18.—With a toll of two known dead and four missing the fire which destroyed the Hotel Atlantic City and its annex, formerly the Senator, last night and for a time threatened many fine residences at this coast resort, was burning itself out today. It was believed that all further danger of the flames spreading had been averted.

Nothing but part of the walls for the hotel remained and the Casino on the famous steel pier was practically wrecked. The loss is estimated at \$1,500,000.

One man, James Bennett, 80, of New York city, died shortly after midnight as a result of injuries received as he was being rescued from the flames; an unidentified woman is known to have perished, and it is feared that at least three more guests of the hotel may have lost their lives.

Police Sergeant James A. McMenamin has not been heard from since he went into the Senator about 10 o'clock in an attempt to rescue some guests, and it is feared that he died in the discharge of his duty.

About a score of persons, most of them firemen, were injured during the progress of the conflagration, although none but Bennett suffered serious injuries.

The cause of the fire is still undetermined.

## CHARGED WITH THEFT OF \$1200 FROM BANK

BOSTON, Nov. 18.—William T. Henderson, an employee of the Merchants National Bank of Salem, waived examination when arraigned before United States Commissioner Jenney today charged with theft of about \$1200 from the bank. He was held in \$2000 from the grand jury.

### SEC. HUGHES HAS COLD

WASHINGTON, Nov. 18.—Secretary Hughes was kept at his home today by a cold and was forced to cancel an engagement to speak over the radio tonight in connection with Pan-American radio night.

## DEATHS

MANOUSOS—Anthony Manousos died yesterday at her home, 279 Cumberland road, aged 21 years. She was a prominent young Greek resident of this city. Deceased her parents who leaves three brothers, James, George and Peter Manousos of this city.

SPILLANE—Agnes Josephine, daughter of Mr. and Mrs. Joseph P. Spillane, died last evening at the home of her parents, 28 Litchfield terrace, after an illness of one week, aged 7 years, 7 months and 27 days. She was a popular student of the third grade of the Barrett school and was a genuine favorite among her classmates. Besides her parents she leaves four sisters, Ellen, Catherine, Margaret and Mary, and one brother, John J. Spillane.

ENO—William Eno, a well known and highly esteemed resident of this city, died yesterday afternoon at the home of his son, Arthur J. Eno, 780 Andrews street, aged 80 years. He is survived by four sons, Pierre T. A. Edward C. and Arthur L. Eno of this city and Joseph Eno of Venice, Cal.; the sister, Mrs. Sarah Gohn of this city and one brother, George Eno of New Brunswick; also several grandchildren and great grandchildren.

CARNEVALE—John Carnevale for the past 18 years a well known Italian resident of this city residing at 10 Auburn street, died in Boston, aged 3 years. He is survived by his wife, Antonette, in Italy; three brothers, Vito, Angelo and Joseph Carnevale of Lowell; and one sister in Italy. He was a member of Christopher Columbus society of Lowell. The body was removed to the funeral home of J. H. McDonough Sons, 11 Highland street.

## FUNERAL NOTICES

SPILLANE—Died in this city, Nov. 17, Agnes Josephine Spillane, beloved daughter of Joseph J. and Margaret (McMenamin) Spillane, aged 7 years, 7 months and 27 days. The funeral will take place from the home of her parents, 28 Litchfield terrace. The burial will be in St. Patrick's cemetery. The arrangements are in charge of Funeral Directors James W. McKenna Sons.

RONDEAU—Died Nov. 16 at the Lowell Corporation hospital, Mrs. Marie (McMenamin) Rondeau, aged 34 years, 11 months and 1 day. Funeral will take place Wednesday morning at 9 o'clock from the home, 350 Sladen street, Braintree. Solemn high funeral mass will be celebrated in St. Louis church at 9 o'clock. Friends are invited to attend. Burial will be in St. Joseph's cemetery. Arrangements are in charge of Funeral Director Joseph Albert.

MORRIS—Died Nov. 17 in this city, Edward M. Morris, aged 77 years, at the home of his wife, Miss Jennie Forbush, 3 By street. Funeral services will be held at the funeral church, 235 Westford street, Wednesday morning at 10 o'clock. Friends invited without further notice. Burial private, under the direction of Undertaker George W. Healey.

## FUNERALS

HOWARD—The funeral of Frank J. Howard took place this morning at 9 o'clock from the home of his mother, Mrs. Sarah Gill, 18 Dana street and was interred in the cemetery. The funeral mass was celebrated at 9 o'clock.

## SCHOONER ABANDONED, CREW BROUGHT ASHORE

BOSTON, Nov. 18.—A vessel familiar in the coastal trade for seventy years ended her career when the schooner Rebecca G. Whilldin was abandoned five miles south by east of Pollock Rip Lightship last night. Captain Magnus Benjamin of Boston and his crew of three men were brought here today by the steamer A. L. Kent, from Baltimore, which saw their distress signals and rescued them.

The Whilldin, bound from Machias, Me., for Vineyard Haven, with a cargo of lumber, anchored Sunday night not far from her destination. During the night a heavy gale arose and she broke loose from both her anchors and drifted seaward. The schooner sprang a leak and the crew worked at the pumps all night and through yesterday to keep her afloat. The after cabin was flooded.

Word was received here that after the men had been rescued and the schooner abandoned the derelict was picked up by a coast guard cutter today for three miles off Cape Cod, according to a message received here from Commander McLean of the Tampa.

The schooner W. T. Bell, 150 tons, and the Storm Petrel, 174 tons, were caught rounding Cape Cod, and anchored when the storm overtook them. Their rigging was blown to pieces, but the anchor chains held until help reached them.

## Second Appeal for Troops Continued

Into the gallantry to mingle with the waiting stream, he telegraphed to Governor Friend W. Richardson last night a second appeal for state troops, saying that he and his deputies were "helpless to cope with the situation."

The raiding party of farmers, clerks, lawyers, physicians and businessmen of the valley, today were making themselves comfortable in the houses, preparing to stay "on the job" until it is finished or until the militia comes.

They acted, because, they asserted, Los Angeles was taking water needed for irrigation.

The Los Angeles water supply is said to be ninety days by supplies impounded south of here.

At St. Jean Baptiste church by Very Rev. J. Eugene Threlkeld, O.M.I., assisted by Rev. Augustin Gratton, O.M.I., as deacon and by Rev. Armand Baron, O.M.I., as altar server, the church choir, under the direction of Rodolphe E. Threlkeld, P.M.I., sang the mass. The bearers were Mr. Edith T. Peplin, Mrs. Marie Jacquot, Arthur J. Levesque and Eugene Cole. The bearers were Rev. Fr. Desjardins, Rev. Fr. Levesque, Rev. Fr. St. Joseph's cemetery, where the committal prayers were read by Rev. Fr. Gratton, O.M.I. The funeral arrangements were in charge of Undertakers Amelie Archambault & Sons.

ALLISON—The funeral of Murray Allison took place from the home of his daughter, Mrs. Minnie A. Clark, 183 Broadway, yesterday afternoon. The services were conducted by Rev. Percy F. Thomas, pastor of the First Congregational church by Mrs. Arthur W. Streeter. The floral offerings were numerous. The bearers were Frank Clark, James Pyle, Ward Gordon, James Phelps, Harry Hamblett, Andrew Brown, John Grant and William Russell. Burial was in the family lot in the Edison cemetery. Arrangements were in charge of Undertakers George W. Healey.

MASS NOTICE—There will be an anniversary solemn high mass of requiem celebrated at St. Jean Baptiste church, Thursday morning at 9 o'clock for the repose of the soul of Vincent A. Trengove.

CARD OF THANKS—We, the undersigned, wish to express our thanks to the many friends who, at the death of Murray Allison, expressed their sympathy and sent beautiful floral tributes at the time of his funeral.

MRS. MINNIE A. CLARK and Family.

## TOWN OFFICIALS SENT TO JAIL

Selectman, Chief of Police  
and Ex-Councilman Given  
Jail Sentences

Convicted in Sensational  
Salisbury Beach Rum-  
Running Case

BOSTON, Nov. 18.—Jail sentences for Ruel S. Getchell, a selectman of the town of Salisbury, Chief of Police Harold E. Condon of Salisbury and Albert S. Reynolds, until recently a member of the Newburyport city council were announced yesterday by Judge James A. Lowell in United States district court at a hearing on guilty and plea entered in connection with charges of rum running and bribery at Salisbury beach. Anthony Caranagho, charged with attempted bribery, will be fined \$300.

Getchell, Condon and Reynolds were charged with conspiracy in transporting liquor. Caranagho and Reynolds were named in charges of bribery involving Harry F. Burnham, boat-swain of the Plum Island coast guard station. All but Condon pleaded guilty to the charges. Condon pleaded not guilty.

According to the announcement yesterday, next Monday, when the formal sentences will be pronounced, Getchell will be sent to the Plymouth house for three months. Reynolds will go to the same jail for two years, and Condon will be sentenced to serve four months, also at Plymouth. Reynolds, who resigned from the Newburyport city council three weeks ago, and Getchell, will each receive a month's stay of sentence to set their business affairs in order.

Getchell, Reynolds and Caranagho all testified for the government at the recent trial, in which Burnham and Daniel J. Keillor of Salisbury were acquitted of conspiracy in the affair. The jury reported disagreement in the cases of Hermann J. Rich and Carl N. A. Voss.

## Third Million Dollar Fire Continued

In some hospital. Much of the loss falls on the Sinclair Oil Co.

The flames threatened for a while to sweep the entire waterfront.

Several of its crew of 26 were rescued from the icy water of Staten Island sound after they had jumped overboard, their clothes afire. The large captain, at first believed to have been killed, was found later unconscious in a life preserver.

The explosion on the barge 11 sent flames to the tanker William Boyce Thompson anchored alongside.

The ship was destroyed and the fire soon ate its way to the first of the four large fuel oil tanks of the plant of the Sinclair Refining company that stood in its path. While the flames, the fire brigade battled the flames, the emergency pumps were set to work and the contents of the other tanks were saved off and saved. More than \$7,000 gallons of gasoline went up in smoke.

## \$500,000 LOSS BY FIRE

Plant of the Vermont Milling  
Products Corp. Near Fair  
Haven, Vt., in Ruins

FAIR HAVEN, Vt., Nov. 18.—The plant of the Vermont Milling Products corporation near this city, was in ruins today after a loss estimated at nearly \$500,000. Finished material, groundstate for use on roads, valued at \$125,000, was destroyed, as was also valuable machinery. Employees tried to fight the flames by pumping water from an abandoned quarry. They were also helped by the Vermont fire department, but the flames drove them from the quarry. Origin of the fire this morning had not been determined.

## FIRE NEAR MANCHESTER

Occupants of Two Houses,  
Destroyed by Flames, Had  
Narrow Escape

MANCHESTER, N. H., Nov. 18.—Fire which broke out early today in (off-town) eight miles from the city destroyed two dwelling houses, and aid from the city was called to assist the town firemen in fighting the flames. The loss will amount to more than \$10,000. Occupants of both houses had a narrow escape. Burning embers set nearby fields afire and citizens assisted firemen to stamp out the burning grass.

## FIRE AT WARREN, R. I.

"Wheaton Place," One of  
the Largest Houses in  
Town, Destroyed

WARREN, R. I., Nov. 18.—Fire of mysterious origin destroyed the "Wheaton Place," one of the largest houses in Warren, at 3 o'clock this morning. The house was the property of E. P. Woodward of Fall River, owner of a well known trucking firm. The property cost about \$10,000 when built. It is said.

## BURNED TO THE GROUND

Plant of Ashland Novelty  
Co. at Abington Destroyed  
By Fire This Morning

ABINGTON, Mass., Nov. 18.—The plant of the Ashland Novelty company was burned to the ground this morning with a loss of \$35,000. The firm manufactures candle pins for bowling.

## SHORTAGE OF \$20,000 DUE TO "FAKE LOANS"

STAMFORD, Conn., Nov. 18.—A shortage of at least \$20,000 due to "fake loans" is charged, it was understood by the police today against Miss Tina Stamatin, 20, of this city. Roy H. Malcolm, of Mount Vernon, N. Y., Harry C. McGrath and Walter N. Keller, of this city, were arrested last night on an embezzlement charge on complaint of the beneficial loan society. The accused are being held without bail today until an investigation of the affairs of the Stamford office of the society could be completed. It was reported to the police that an arrest had been made in Bridgeport and that the inquiry into the recording of alleged "fake loans" would lead to arrests elsewhere.

Miss Stamatin was cashier in the local office, Malcolm, the former manager and Keller, the present manager. No particulars have been given out by officers of the society.

## URGES CONSERVATION OF WATER SUPPLY

SPRINGFIELD, Nov. 18.—Herbert Myrick, publisher of agricultural periodicals, today said in governors of New England and middle Atlantic states messages suggesting that the executives urge upon their people the utmost conservation of water supplies, in view of the almost unprecedented existing situation in which the ground has frozen up with a great deficit in moisture in the soil. He points out that wells and springs by the thousands are partly or wholly dry and that the condition of winter drought is most dreaded by prudent farmers.

## ANOTHER FLOOD OF THE BUYING ORDERS

NEW YORK, Nov. 18.—Another flood of buying orders poured into today's stock market, lifting nearly fifty issues to new peak prices for the year total and in excess of 1,000,000 shares. So scarce was the buying supply of certain stocks that early gains ranged from 1 to 6 points when orders to "buy at the market" were executed.

## HULBERT NEW HEAD OF AMATEUR A. U.

ATLANTIC CITY, N. J., Nov. 18.—(By the Associated Press.) The Amateur Athletic union, at its closing session today, elected Murray Hulbert of New York as president to succeed William C. Gould of Boston; selected Pittsburgh as the 1925 city, and approved two splitting records, one by Louis Clarke and the other by Charles Hudlock, after a spirited controversy.

## TRAWLER PICKS UP TWO MEN AT SEA

BOSTON, Nov. 18.—A radio message received here today from the trawler Ocean reported that the trawler had picked up two men from a motorboat and a life preserver, 14 miles north-west of Nantucket lightship. The motorboat was owned in New Bedford, the message said. The names of the men were not given.

## THREE SAILORS OVER- COME BY COAL GAS

STAMFORD, Conn., Nov. 18.—Three sailors of the Coast patrol sent here yesterday to go on board the rum chaser being built by the Tulears company, were overcome by coal gas from a range in the galley of the craft early today, and were sent to the Stamford hospital for emergency treatment.

The sailors are Leonard Urban, Brooklyn, N. Y.; Albert Nye, Mattapoisett, Mass.; and Edward Gustafson, Brooklyn, N. Y. All are expected to recover.

and were rushing. The stock for 50,000 sets of pins was on hand, all kind dried Vermont maple, which made a roaring fire.

During the war the plant was engaged in turning out munitions. The firemen saved the plant of the Danville Cement Block company.

The blaze broke out shortly after midnight and was of mysterious origin. It started on the opposite side of the factory, away from the heating plant.

## CHAIR STOCK MILL IS DESTROYED BY FIRE

BIATTLEBORO, Vt., Nov. 18.—With H. Taft's chair stock mill in West Townsend was burned this morning with practically all its contents, causing a loss of about thirty thousand dollars, partly covered by insurance. About thirty men were thrown out of employment. The absence of wind saved nearby residences from destruction. The plant consisted of the main building, a dry house and an engine house. A Central Vermont railroad tool house also was burned. Merton Adams, who lives near the mill, discovered the fire which started from an unknown cause, summoned other residents, but nothing could be done as the village had no fire fighting apparatus. The mill contained a large amount of stock, both finished and unfinished. Mr. Taft was working on the mill, but he has no further plans. A smaller mill, owned by Mr. Taft on the same site, was burned 24 years ago.

Fire Abandoned Steamer  
HAYRE, France, Nov. 18.—Fire broke out today in the French line steamer Texas, which is in the Havre docks with a cargo of grain, barley and cotton, from Houston and Galveston. The blaze, believed due to spontaneous combustion, was raging in three holds and the entire fire department of the city was fighting the flames.

TO THE HERO!  
President Coolidge placed a wreath on the tomb of the Unknown Soldier on Armistice day and with Acting Secretary of War Dwight Davis (left) and Secretary of the Navy Wilbur silently paid homage to the heroes of the World War.

## PROGNOSTICATORS ARE TALKING RAIN ITS FUNNY SPOTS

Clouds of the ominous category are lying low on the western horizon today, the cumulus soon to come, perhaps. Rain is predicted by weather sharps watching conditions meteorological in the office, and it may be much warmer tomorrow.

Sunshine and higher temperatures were programmed this morning as a son-in-law of the daily weather story. It wasn't a warm day by any means, but entirely satisfactory to one and all.

The mercury refused to climb very high this morning, failing to reach the freezing point before noon. At 9:30 a. m. most places registered 23. At 10 o'clock, 25 was the rule, but immediately after that the mercury slumped. At 11 the 24-mark was tagged again. Set with a mortgage on all-clear sky nearly all the morning, did not "warm up" the air much in Lowell and vicinity today. Many folks believe the frigid lung will remain all day, and that tonight will see freezing temperatures again, though the harshness of the cold will not be felt if the winds remain quiet.

Old Man Winter's demonstration yesterday of the worst he could do with a bunch of snowflakes trilled with Arctic trade-marked breezes, was a proper success of its kind. It was a record-breaker for a cold wave of similar mercury reckoning on a November 17. Weather men searched back the pages of time for 12 years and they found a similar low temperature on that day in the eleventh month of the year.

Lowell escaped from severe ravages during the icy wind storm that swept into every nook and corner of the city, filtered through house windows and doors supposedly wind-proof and generally caused a city-wide battle with the Zerkle wave that heralded and caught thousands of people entirely unawares.

The electricity service was interrupted, tramways were stopped, taxis were few and far between, the gutters were choked with debris and the main streets were deep in water.

In many of the buildings the roofs leaked and the gutters proved incapable of taking the deluge of water.

Nor is this peculiar only to Rome, I remember once seeing a train in Venice once as the lightning started the electric lights out. Our gondola left its way about the dark canals. Arrived at the station, we groped our way through the gloom trying to find our train by lightning matches.

Spain not long ago reduced its protective tariff duties on motor cars.

It is vital for the country and it was believed easier to increase motor car traffic than to improve the railway system at once.

## COURT HOUSE BIDS OPENING POSTPONED

The date for opening bids from contractors for the erection of the new Lowell district court building has been postponed from Nov. 25 to Dec. 2, at 3 p. m. at the county commissioners' rooms in the East Cambridge court house.

This action was taken by the commissioners today when it became known that plans and specifications had not been ready for distribution at the time scheduled. If the original date of Nov. 25 had been allowed to stand, contractors would have been unable to submit proposals within the time limit.

Brings Visitors Here  
Continued

Lines indicated by their "filled up" in force also in the erection of the new Lowell district court building has been postponed from Nov. 25 to Dec. 2, at 3 p. m. at the county commissioners' rooms in the East Cambridge court house.

Tomorrow, there will be the usual sales continued from day to day, in many departments. Windows in stores of other retailing merchandisers of many different lines of business, are changed daily, in many cases.

Hardware stores have new and novel displays each day, and the stationery stores follow suit. Small wares stores, haberdasheries, ladies' garment emporiums and general goods stores, as well as specialty stores, radio exchanges and the confection and food shops including the bakeries, are all participating in window and counter displays with proper labels in celebration of "Suburban Week."

This week's celebration in observance of Lowell's first real "Suburban Week" proves that it pays not only to advertise, but to maintain that rule of common courtesy to the available ends of both customers and store keepers, year in and year out.

Modern, Up-to-Date Equipment

OUR equipment is all modern, and embraces all the best and latest aids that mortuary science has developed.

The proper tools are needed by the most experienced and resourceful workman. Proper equipment is vital to the funeral director who is interested in giving the very best of service.

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.  
You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and really there is nothing better for coughs. Into a pint bottle, put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.  
You can feel this take hold instantly, soothing and healing the membranes to all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.  
Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments.  
To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., P. E. Wayne, Ind.

moving picture curtains of local theatres. Managers of moving picture houses know nothing of the proposition.

**SPECIAL PERMIT TO WEAR RED CHRYSANTHEMUMS**  
BOSTON, Nov. 18.—Harvard men who wish their women companions at the Harvard-Yale game at New Haven next Saturday to wear large red chrysanthemums have been advised to get a special permit for each flower in order to avoid possible seizure. R. E. Luffton, head of the Boston bureau of etymology of the federal department of agriculture, wrote yesterday to F. W. Moore, graduate treasurer of the Harvard Athletic association, informing him that the chrysanthemum, the traditional flower of the Yale-Harvard game, is a carrier of the European corn borer. New Haven, he said, is outside the New England quarantine area.

**DR. FOSDICK'S SERVICES MUST END MARCH 1**  
NEW YORK, Nov. 18.—After months of controversy which, according to Presbyterian ministers, has "affected the whole country and broken up friendships," the New York Presbyterian church has decided, with only two dissenting votes, that Rev. Dr. Harry Emerson Fosdick's services as special preacher at the First Presbyterian church must end March 1, 1925, and that in the meantime he may continue to fill the pulpit.  
An amendment proposed at yesterday's meeting calling for the immediate cessation of Dr. Fosdick's services was defeated by a rising vote of 53 to 18.

**Heating and Housing**  
Continued  
Hultman, chairman of the committee of life commissioners, wrote as follows:  
November 11, 1924.  
My dear Mr. Attorney General:  
In connection with the forthcoming report of the commission to the legislature in regard to being matters there seems to be some question as to whether chapter 555, acts of 1923—to penalize the violation of certain rights of tenants—as extended to May 1, 1925, by chapter 72, acts of 1924, may be invoked by tenants at will as well as by tenants under lease.  
The commission has noted on the assumption that the benefits of this law were intended by the legislature for all tenants in good standing. In the thousands of complaints made to the commission concerning lack of heat and other conveniences, furnished tenants by landlords, it has only been necessary to recommend court action in about ten cases. The commission finds that one justice whose district includes a section where there are many moderate-priced, heated apartments claims that this law does not apply to tenants at will.  
The commission finds that this emergency housing law has been of great help to many tenants at will. It enables a tenant in good standing to secure reasonable redress when an irresponsible landlord refuses or neglects to furnish heat and other services in accordance with the agreement. Furthermore, in view of our laws in regard to the termination of a tenancy at will it may leave a tenant who quits the property without giving the proper legal notice of termination of tenancy in a complicated legal case.  
In view of the importance of this matter, I am asking the liberty of asking you for your opinion as to whether the provision of chapter 555, acts of 1923, as extended by chapter 72, acts of 1924 apply to tenants at will as well as tenants under lease.  
Very truly yours,  
E. C. HULTMAN.  
November 17, 1924.  
To this Mr. Lincoln replied:  
Mr. Eugene C. Hultman:  
You request my opinion as to whether St. 1920, c. 555, applies "to tenants at will as well as tenants under lease."  
I assume that you refer to a distinction between a tenancy created by parol and a tenancy created by an instrument in writing. A tenant at will may be created by an instrument in writing. Murray v. Cherrington, 29 Mass. 225 St. 1920, c. 555, 1, reads as follows:  
"Any owner of any building, or part thereof, who is required by the terms, expressed or implied, of any contract or lease to furnish water, heat, light, power, elevator service, or telephone service, at any time when the same is necessary to the proper or customary use of the building, or part thereof, or any owner who wilfully and intentionally interferes with the quiet enjoyment of the leased premises by such occupant, shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than six months."  
The word "lease," although often used as referring to the written instrument by which a tenancy is created, is also used in the law with reference to the letting, or creation of a tenancy. This is its primary meaning. In this sense a lease may be made by parol as well by writing, and although it is provided under G. L., c. 183, § 2, that lease by parol "shall have the force and effect of an estate at will only," this provision does not make it any the less a lease. Elliott v. Stone, 1 Gray 571, 671. For example, also, in R. S., c. 50, § 28, the term "such lease" is used in reference to the preceding words "all estates at will."  
There is still less reason for restricting the meaning of the word "lessor" to one who lets by an instrument in writing, and in my opinion this word, as used in St. 1920, c. 555, is not to be so construed.  
Yours very truly,  
ALEXANDER LINCOLN,  
Attorney General.

**CHARGED WITH BURNING GOODS TO DEFRAUD**  
Nicholas Andreopoulos of this city was arraigned in superior criminal court yesterday on two indictments charging him with burning goods to defraud in a Cross street avenue tenement on Oct. 9. The Sun Insurance Co. of London was named in one indictment, and the National Fire Insurance Co. in the other. Andreopoulos pleaded not guilty and his case was continued for trial at a later date. He was held in the sum of \$3000.

**FRATERNAL NEWS**  
A regular meeting of Loyal Wamsit lodge, I.O.O.F., M.U., was held last evening in Grafton hall with N. G. George Everett presiding. It was announced that the next social of the M.U.S.C. will be held at the Excelsior lodge meeting the first Monday in December. Nomination of officers was opened and was continued to the next meeting.  
Pansaconaway tribe, I.O.R.M., met in regular session Friday evening with Nathan John E. Koonig presiding. Routine business was transacted and a report of the proceedings of the great council was submitted by P.S.J.A. Viv-

ter and P.S.F.D. Corr. It was announced that at the next meeting the adoption degree will be worked by a team from Friendship association, which is composed of members of tribes from Methuen, Haverhill, Lawrence, Amesbury, Derry and Lowell.  
**DALY'S ORCHESTRA AT THE COMMODORE**  
Leo Daly's orchestra will be the attraction at the Commodore ballroom this evening, instead of Hallett's orchestra, as advertised in last night's paper. Snappy fox trot numbers and dreamy waltzes will be featured in the program of latest dance hits. The ad-

mission will be 30 cents, with dancing free from 8.30 until 12. "Mabel Hallett and his orchestra will be at the Commodore on Thursday and Saturday evenings. A new policy will be tried out—40 cents admission with dancing free.  
The unit is comfortably heated, the music wonderful and the dancing surface in the best of condition—everything for an enjoyable evening.  
**SPECIAL FOR EUROPE**  
Station GRAC, Montreal, has decided on a regular broadcasting program especially for its listeners in England and Europe. It follows successful reception of this station across the Atlantic.

**A. G. POLLARD CO.**

Fourth Floor

## TO LAY CORNERSTONE OF \$400,000 GYMNASIUM

HAMILTON, N. Y., Nov. 18.—The cornerstone of Colgate university's new \$400,000 gymnasium will be laid Friday morning as part of the program of the annual alumni day. A special chapel service to be addressed by James C. Colgate, president of the board of trustees, and George Cobb, president of the Alumni corporation, will precede the ceremony. Hundreds of old grads are expected back for the day and to witness the annual football game between Colgate and Syracuse which takes place Saturday.

## GIRLS' CITY CLUB HAS BUSY PROGRAM

Gymnasium classes will be in session tomorrow evening and as the classes are open to all members a large attendance is expected.

Thursday evening, Prof. Herman Hase of the Lowell State Normal school will continue his series of lectures on Sociology. His topic will be "The Worth of Personality."

The Girls' City club bowling team will on Friday evening next meet the Talbot Mills Office League of North Billerica in a contest to be held at the Crescent Bowling alleys. Last evening an elimination contest was held and the team chosen. Last year's team was a fast playing aggregation and gathered up sufficient points at every contest. This year's team, however, is out to break previous records and indications point to a busy season.

The following girls will make up the Girls' City club team: Grace O'Neil, Mildred Hunter, Ellen Wigglesworth, Mary McCarthy, Anna Hayes and Helen Thomas.

On Saturday evening will be held the regular dancing party of the club. Sunday afternoon at 4:30 o'clock, reading and discussion groups will be held. From 7:30 o'clock in the evening until 10:15 o'clock, "Open House Night" will be observed for members and their friends.

**Best Diet for Invalids**

A well-balanced, palatable, easily assimilated food that nourishes and up-builds. Use at meals, between meals, or upon retiring, and when faint or hungry.

Prepared at home by stirring the powder in hot or cold water. No cooking.

## BANDITS HOLD UP TRAIN

Send Locomotive Against Approaching Passenger Train

Crash Avoided

MEXICO CITY, Nov. 18.—Bandits under Vadil Tamarit stopped a freight train on the Vera Cruz-Isthmus line yesterday, sacking the cars and afterwards sending the locomotive against an approaching passenger train, according to press dispatches. A crash was avoided when the engineer drove back the passengers while the crew successfully derailed the locomotive.

## LOWELL'S COMMUNITY CHEST CAMPAIGN

Lowell's community chest organization invites men and women of the city to Liberty hall, Memorial Auditorium, this evening, to participate in a general discussion of the campaign just launched and now proceeding toward the desired ends. Much interest in many quarters of business and social life in the community centers in tonight's rally in the cause of charity. It will be the first public meeting held in promotion of the chest campaign.

Tonight's gathering in Liberty hall was arranged principally to give the general public an opportunity to receive full information first hand, concerning the charitable scope of the present canvass of Lowell by the community chest representatives. Representative D. H. McFarland, vice-president of the American City Bureau Inc., supervising the Lowell campaign, will be present and answer any questions that may come up for consideration in the community chest campaign preliminary program.

Mr. McFarland is in receipt of numerous lengthy communications from leading men in other cities, where similar community chest campaigns have been launched very successfully. He recently received a letter from President William H. Miller, of the Newark, N. J. chamber of commerce, in which the latter points out that the "community chest" means a once-a-year solicitation for one fund to take care of all the budgets of all the organizations and institutions participating in the federation.

## COOLIDGE CARRIED VERMONT BY 64,374

MONTPELIER, Vt., Nov. 18.—The official count of the vote cast in Vermont on Nov. 4 for presidential candidates, announced today, shows that President Coolidge received 60,498 to 16,124 for Davis and 5,918 for La Follette. There were 316 votes for the prohibition candidate and 112 scattered. The total vote of 163,886 was \$2,825 greater than that cast in 1920, when there was a republican plurality of 17,293.

Paper from the mulberry tree is now made into various flexible and durable garments.

## You Can Do It Better With Gas

## Twelve Reasons Why You Should Heat Your Garage

A cold garage is bad for your automobile. Whether you realize it or not the fact is that much damage is caused by keeping machines in garages not properly heated.

You may say that you have always used a cold garage and can't see where it did much harm. But

- A Cold Garage
- 1—Cracks radiators and cylinders
- A Cold Garage
- 2—Harms tires.
- A Cold Garage
- 3—Injures bearings.
- A Cold Garage
- 4—Ruins body finish.
- A Cold Garage
- 5—Makes washup impossible.
- A Cold Garage
- 6—Increases gasoline bill.

—if you only knew what proportion of your yearly repair bills has been due to the low temperature in your garage you might be amazed.

These are some of the reasons why you should have a gas-fired garage heater.

- A Cold Garage
- 7—Fills motor with carbon.
- A Cold Garage
- 8—Injures battery.
- A Cold Garage
- 9—Makes metal brittle.
- A Cold Garage
- 10—Strains motor.
- A Cold Garage
- 11—Wears self-starter.
- A Cold Garage
- 12—Is money thrown away.

## MONEY WAITING FOR NEW RADIO PATENTS

By N. B. A. Service  
CHICAGO, Nov. 18.—A million dollars is ready for investment here in promising radio-inventions or other related enterprises.

This is the second time large financial interests have put their approval on the advancement of radio. During the New York radio show recently there was money for investment in new radio firms or for the manufacture of new radio apparatus. Now, with the approach of the Chicago radio show here, it is announced bankers are appropriating a million dollars to be divided among at least five of the most promising radio companies.

**Biggest Show**  
The radio show is to be held in the Coliseum, Nov. 18 to 23. It is expected to be even larger than the New York show, because of additional exhibitions from Europe and the Orient. One hundred and eighty American manufacturers and 20 of the most famous wireless concerns of England, France, Italy, Germany and Japan will be among the exhibitors. More than \$5,000,000 worth of apparatus will be on display.

**Foreign Exhibits**  
Among the new features, that were not shown in New York, will be some new kinds of French receivers, tubes and battery operated sets, Italian and Japanese products that arrived too late for the New York show. Twenty-five cash prizes and six silver cups will be awarded in various competitions to be held during the week of the show. There will be an amateur set builders' contest, a department set aside for new inventions and an exhibit of practical miniature models.

If the record of the mayoralty vote reveals inaccuracies similar to those found in the returns of the 15th representative district, then it will be time to move for some change by which the qualification of election officers will be passed upon before their appointment.

This is supposed to be Education week, but it might more appropriately be called Football week.

"Heat Lightning" is the reflection of thunderstorms too far distant to be audible.

### PERFECTING RADIO

Louis Lumiere, famous French scientist, is conducting research work in radio acoustics in his laboratory at Lyons, France. He and his brother, Auguste Lumiere, are known to the world chiefly for the invention of the first cinematograph and for their achievements in the field of color photography.

### ESPERANTISTS TO BE ON THE AIR

Esperantists throughout the world are preparing to communicate by radio during the coming International Radio Week, Nov. 24-30.

Mrs. R. J. Meriam, secretary of the Esperanto Association of North America, says ten American and Canadian broadcasting stations so far have consented to allow time for Esperanto talks at that time.

"Esperantists in 61 countries will listen for greetings from America," she adds. Foreign stations also will send out Esperanto programs.

**HALF KILOWATT SETS**  
Licenses will soon be issued by the department of commerce for increasing power of broadcasting stations. The plan calls for addition of only 500 watts at a time, and then under strict government supervision.

## RADIO BROADCASTS

WNAO, BOSTON

8.30 p. m.—Concert by Carl Zoller's melodists. Late important news.

## OPERATION ADVISED FRIEND SAID "DON'T DO IT!"

Try Lydia E. Pinkham's Vegetable Compound First. Proved Good Advice

Chicago, Illinois.—"Just a few lines to let you know what Lydia E. Pinkham's Vegetable Compound did for me. I was married going on for three years, and went to a doctor and was taking treatments twice a week for pains every month. I used to lie in bed three or four days with them and the doctor would call and inject something into my arm to put me asleep so I would not feel the pains. At last she said I would have to be operated on if I wanted any children. Well, I just happened to go to see a friend with her first baby and I told her I was going to the hospital, and she said, 'Don't do it! You go and get a bottle of Lydia E. Pinkham's Vegetable Compound and you won't need any operation.' So my husband got me a bottle right away. Now I have two lovely children. I can't commend the Vegetable Compound to every woman. It has helped me and a lot of my friends."—Mrs. A. McANDLESS, 1709 South Morgan St., Chicago, Illinois.

## SOMETHING WRONG WITH ALL HOOKUPS

BY ISRAEL KLEIN, N.E.A. Service Radio Editor.  
No matter what kind of a receiving set you have, it isn't perfect. Take them from all kinds of authoritative sources.

The nearest to perfection may be said to be the little crystal receiver, that is satisfied with listening in to local concerts through headphones. Proof is the recent wave of universal toward use of the crystal in connection with larger hookups.

Beyond the crystal come sets with amplifiers, for loud signals, and as soon as a radio is sought perfection must be sacrificed to more or less extent. Five Methods

To receive louder signals, there are five fundamental principles. These are: 1. Regeneration; 2. super regeneration; 3. radio frequency amplification; 4. audio-frequency amplification, and 5. super-heterodyne.

This trouble with each of these is: 1. Regeneration—apt to oscillate, act as a local transmitter and cause interference with nearby sets when forced to the height of its signal strength.

### PRES. COOLIDGE IN BEST OF HEALTH

WASHINGTON, Nov. 18.—President Coolidge, who has waved aside suggestions of some friends that he take a vacation, now that the campaign is over, assuring them, it is understood, that not only is he in the best of health but feels he will keep in better condition by sticking to work.

The president's decision is understood to have the endorsement of his bulletins. Official central standard time announced at 10 o'clock.

WRC, WASHINGTON, D. C.

6 p. m.—Children's hour by Peggy Alling.  
7.30 p. m.—Pan American night. Principal addresses by Dr. Leo S. Rowe, Secretary of State, Charles Evans Hughes. Music by the Army band.  
10.15 p. m.—Dance program by Meyer Davis' La Parada band.

WEAF, NEW YORK CITY

## MOTHER!

Watch Child's Bowels

"California Fig Syrup" is Children's Harmless Laxative

When your child is constipated, bilious, has colic, feverish-breath, coated tongue, or diarrhoea, a teaspoonful of genuine "California Fig Syrup" sweetens the stomach and promptly cleans the bowels of poisons, acids, bile, souring foods and waste. Never cramps or overacts. Contains no narcotics or soothing drugs. Children love its delicious taste.

Ask your druggist for genuine "California Fig Syrup" which has full directions for babies and children of all ages, plainly printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Adv.

physician, Dr. James F. Coups, who at first was thought to be among those advising a short rest. Close friends explain that Mr. Coolidge feels more at ease when working and also regards it as his duty to remain as near to his desk as possible for the present.

### FOR RESTORATION OF AGRICULTURE

WASHINGTON, Nov. 18.—With preliminary formalities and introductions completed, members of President Coolidge's agricultural commission and the way clear today for laying the foundation for a program which administration officials hope will point the way toward restoration of agriculture to a basis of economic equality with other industries.

At its first meeting yesterday, held behind closed doors at the department of agriculture, the commission adopted a preliminary plan of procedure and decided that the best method of formulating constructive recommendations in time for considering at the impending session of congress would be to study the whole farm question, with pending relief legislation, present laws and scientific education of the farm as a working chart.

### LOWELL CASES IN SUPERIOR COURT

Albert Roberge of this city pleaded guilty in superior criminal court, East

Cambridge, yesterday, to driving an automobile while he was under the influence of liquor. He was fined \$100. A drunkenness charge was filed.

In the same court, Alfred Rodriguez was fined \$25 for operating a motor vehicle without a license. A plea of nolo was accepted on the charge of operating in a manner to endanger the lives and safety of the public.

John M. Marchand failed to appear in answer to a charge of neglecting to care for a minor child, and was defaulted.

Peter Rodopoulos was defaulted for non-appearance on a complaint charging him with illegally keeping liquor. Harry Lambert of Chelmsford paid a fine of \$30 for illegal keeping. A plea of nolo was accepted.

## PROGRAM FOR AMERICAN EDUCATION WEEK

Today marks the opening of American Education week, which is being observed throughout the country and especially in the public schools of the nation.

In connection with the observance, Supt. Hugh J. Molloy, of the school department, calls attention to President Coolidge's proclamation, and the program chosen by the national committee in charge of the week's observance.

The program for the week as outlined by the national committee gave yesterday as Constitution Day and the program for the remainder of the week is as follows:

Patriotism Day, Tuesday, November 19—"The United States Flag is the Living Symbol of the Ideals and Institutions of Our Republic."

The red flag means death, destruction, poverty, starvation, disease, anarchy and dictatorship.

Help the immigrants and aliens to become American citizens.

Take an active interest in governmental affairs.

Stamp out revolutionary radicalism.

To vote is the primary duty of the patriot.

Slogans:

America first.

The red flag—danger.

Visit the schools today.

School and Teacher Day—Wednesday, November 20—"The Teacher—The Guiding Influence of Future America."

The necessity of schools.

The teacher as a nation builder.

The school influence on the coming generation.

The school as a productive institution.

School needs in the community.

Get Fitted for that halo now!..... a good disposition (based on a perfect digestion) is the first essential. One or two Jaques' Capsules & a swallow of water..... there's the perfect digestion back again.

## Tonsillitis

Sore throat and nasal catarrh result from inflamed conditions and indicate the presence of germs. Although Bafaline Lotion is non-poisonous and pleasant to the taste, laboratory tests show that it kills the developed germs in less than half a minute. Its soothing and healing action quickly relieves soreness and irritation when it is applied to the throat and nose in the form of a gargle or spray. You and the children should start using it today as a preventive for coughs, grippe, colds, scarlet fever, diphtheria and all other forms of contagious diseases.

Be sure to ask for Bafaline Lotion for it is positively effective and different from any other and should be in every home. At all drugists, 50c and \$1.00.—Adv.

## Bafaline Lotion

## CORN

Dr. Scholl's Zino-pads stop corns hurting instantly. Remove the cause—friction and pressure. They are thin, medicated, antiseptic, waterproof. Absolutely safe! Easy to apply. Get them at your druggist's or shoe dealer's.

Three Sizes—for corns, callouses, bunions

**Dr. Scholl's Zino-pads**  
"Put one on—the pain is gone"

## Piles

Can't Be Cured From the Outside. External treatments seldom cure Piles. Not do surgical operations. The cause is inside—bad circulation. The blood is stagnant, the veins flabby.

The bowel walls are weak, the parts almost dead.

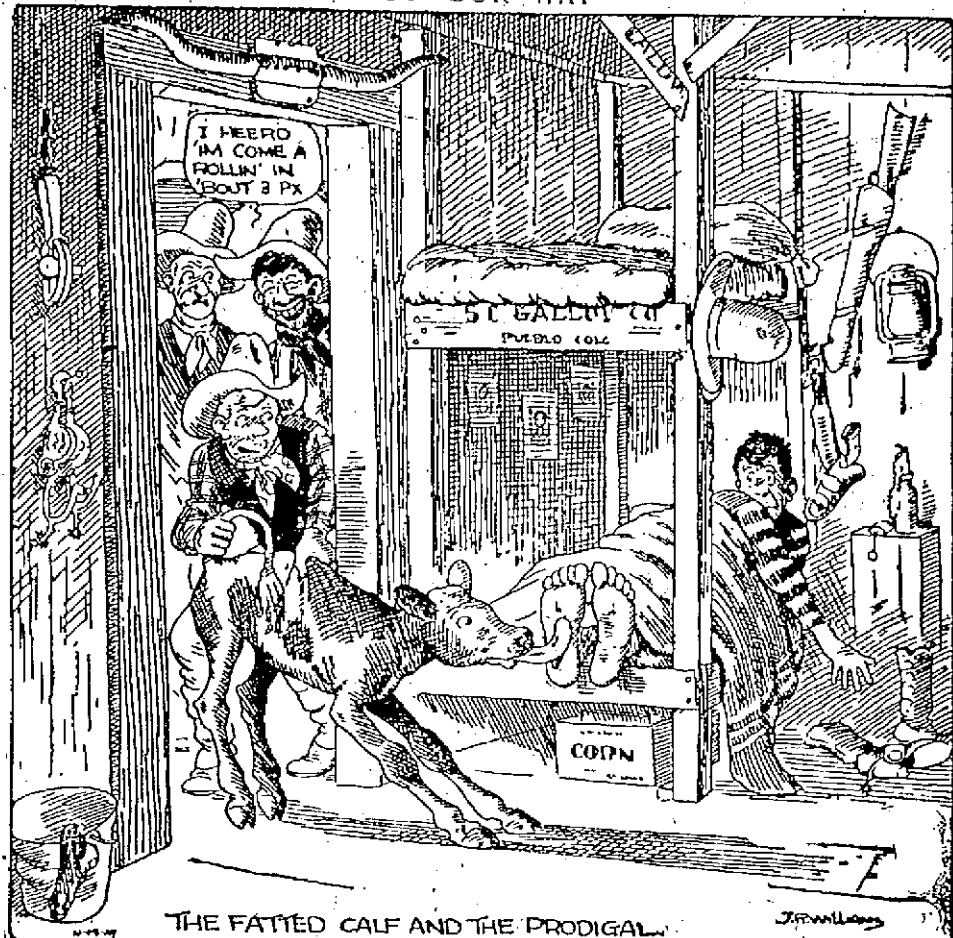

To quickly and safely rid yourself of piles you must first get the circulation and a fresh current through stagnant vessels. External treatment is the one safe method. Ointments and cutting won't do it.

J. S. Leonard, M. D., a specialist, set at work several years ago and found a real internal remedy for piles. He succeeded. He named his prescription HEM-ROID, and tried it in 1000 cases before he was satisfied. Now HEM-ROID is sold by druggists everywhere under guarantee. It is a harmless tablet, easy to take, and can always be found at Green's Drug Store, which will gladly refund the purchase price to any dissatisfied customer.—Adv.

Dr. Howard always recommended **Oxidaze for Coughs, Colds, Br. Asthma**

Years of study and observation convinced him that a safe, quickly and surely stop a bad cough, give instant relief in Bronchitis, Asthma, Hoarse back, it falls. Guaranteed harmless. All druggists, including Green's Drug Store and Leggett's.—Adv.

## OUT OUR WAY

THE FATTED CALF AND THE PRODIGAL

Muscle influence upon a nation.

Slogans:

Better trained and better paid teachers, more adequate buildings.

Schools are the nation's greatest asset.

Illiteracy day, Thursday, November 20—"Informed Intelligence—the Foundation of Representative Government."

Illiteracy is a menace to our nation. An illiterate is a danger to the uneducated.

Provide school opportunity for every illiterate.

Illiteracy creates misunderstanding. An illiterate who obtains only second-hand information is a tool of the radical.

Slogans:

No illiteracy by 1930.

Education is a godly nation's greatest need.

The dictionary is the beacon light to understanding.

Visit the schools today.

Physical Education Day—Friday, November 21—"Playgrounds and Athletic Fields Mean a Strong Healthy Nation."

A playground for every child.

Physical education and health habits for all.

Adequate parks for city, state and nation.

Safety education saves life.

Encourage sane athletics for all.

Physical education is a character builder.

Slogans:

A sick body makes a sick mind.

Athletes all.

Visit the schools today.

Community Day—Saturday, November 22—"Service to Community, State and Nation is the Duty of Every Citizen."

Equality of opportunity in education for every American boy and girl.

Better rural schools.

Adequate public library service for every community.

A community's concern for education measures its interest in its own future.

Good roads build a community.

Slogans:

Get acquainted with your neighbor.

A square deal for the country boy and girl.

Children today—Citizens tomorrow.

For God and Country Day—Sunday, November 23—"Religion, Morality and Education Are Necessary for Good Government."

Education in the home.

Education in the school.

Slogan:

A godly nation cannot fail.

Ministers of all denominations are urged to preach a sermon on education, either morning or evening. All communities are urged to hold mass meetings. Requests for speakers should be made to the American Legion posts throughout the country for meetings during this week.

## CROSSWORD PUZZLES

Only one word in this crossword puzzle is vertical—is not to be found in the author's unabridged dictionary. You ought to be able to find it under rat in an encyclopedia. The unlettered letters are C and R, which, with the cross-words, will tell it.

- HORIZONTAL**
- Hot, burning. (Not love).
  - Derivative of power; to wound.
  - Something less than the whole.
  - The weight of container.
  - Behold!
  - Mix up.
  - Make mistakes.
  - First person singular objective
  - Enact.
  - Part of the verb "to be."
  - A vague feeling of uneasiness, often preceding sickness. (A hard word, but we found it in our unabridged dictionary).
  - Color given the skin by the sun.
  - Repair.
  - Forbidden thing.
  - Large extinct bird.
  - First person objective plural pronoun.
  - Place where.
  - Female of the species.
  - Bridge.
  - Storage box, as for coal, grain, etc.
  - A member of 43 horizontal.
  - Hall (from the Latin).
  - Contraction for I am.
  - Exclamation of surprise.
  - Before.
  - Of horizontal again.
  - Forever. (Usually poetic).
  - An entry on a bill of goods.
  - Given space.
  - Entrance; opening way.
  - Put forth with an effort.

- VERTICAL**
- A kind of palm producing the rattan cane.
  - Higher place on.
  - Juice of a tree. (Also: Poor—)
  - Cut edges off.
  - Third person singular pronoun.
  - Same as 5 vertical.
  - First word in the definition of 7 vertical.
  - Part of the verb "to be."
  - Another form of 3 vertical.
  - Avoidance of waste.
  - The water rat.
  - Rocky containing metals.

- Answer to yesterday's puzzle:**
- Arduous, enthusiasm.
  - Mob disturbance.
  - A baby's name for father.
  - Half of an em.
  - Preposition indicating place where.
  - An.
  - Part of the infinitive form of every verb.
  - One deeply loved.
  - Period of 10 years.
  - To make an ink design on the skin. (The dictionary listed three spellings of this word. We used that one that fit.)
  - A small liquid measure; a single drop.
  - Chum.
  - Japanese coin.
  - The cry of a cat.
  - Consumed.
  - Seizing.
  - A comment.
  - Possessive wealth.
  - Nest, compact.
  - A fine wheatsheaf.
  - Scenic of charges.
  - Molten volcanic rock.
  - Intro.
  - First person plural pronoun.
  - Not any.
  - Short for papa.
  - Biblical form of show.
  - Slightly cooked.
  - Dined.
  - Feminine pronoun, possessive case.
  - Neuter singular nominative pronoun.
  - Short for mother.
  - Instrument used for cutting wood.
  - Place where.

## AMUSEMENT NOTES

**THE STRAND THEATRE**  
Featuring the bill at the Strand theatre the first of this week is "The Breath of Scandal," based on the story by the same author, which appeared in the form of a serial in the "Boston Herald." The secondary feature is "One Night in Rome," a Metro-Goldwyn production of the stage play of the same name.

"The Breath of Scandal" was widely read when printed in serial form and pronounced one of the best stories of the year. It is a defense of the flapper, no part showing the wildest of the present-day youth is not something new but is inherited.

The leading roles are taken by Betty Hythe and Lou Tellegen. Betty Hythe plays the part of the vampire, who lures the father of a family, played by Mr. Tellegen, away from the health. Miss Hythe makes a very attractive vampire, far different from the type which was popular on the screen a few years ago and of which the public has grown tired. Mr. Tellegen is always good and this picture is no exception.

The heroine of the play, if she may be called such, is Patsy Ruth Miller, a charming little actress who is the daughter who learns of her father's infatuation for the vampire and becomes a devoted ally of the police.

Playing opposite her is Forrest Stanley, who has been seen here in other pictures and is very well liked for his talent and interpretations of the parts in which he is cast. Among the other characters are Myrtle Steadman as the neglected daughter of the vampire, the Haver and a number of other entirely well known luminaries of the screen.

Specialty houses viewed the initial showing of this picture yesterday and everyone present was well entertained for the picture in well cast, well directed and follows the story as closely as is possible.

"One Night in Rome" is the story of an Italian nobleman who, banished from his native land, flees to England and in London earns his livelihood as a fortune teller. It is a character play and as such is extremely well told. Laurette Taylor, hailed by many as the premier character actress of the moving picture world, is the star of the picture. The picture is a masterpiece of the young Italian nobleman, a part which she played to hundreds of audiences on the legitimate stage and which gained for her contributions from critics through the length and breadth of the land.

The picture is completed with a news weekly and a side-splitting comedy.

**MERRIMACK SQUARE THEATRE**  
There is not one feature, but two, at the Merrimack Square theatre on the current program, for "Feet of Clay" and "Never Say Die" are both of the high-class variety that makes them headlines on any program.

"Feet of Clay" is a Cecil B. DeMille production brimful of jazz, sensational drama, beautiful scenery and exquisite gowns, containing an interesting story of a young man who, through a series of accidents, is forced to work to support himself and his wife, but because of the high-class variety that makes them headlines on any program.

"Never Say Die" is a picture of a young man who, through a series of accidents, is forced to work to support himself and his wife, but because of the high-class variety that makes them headlines on any program.

**THEATRE**  
The theme of the story deals with a young couple who have been reared in riches. After the marriage, the husband is forced to work to support himself and his wife, but because of the high-class variety that makes them headlines on any program.

The picture is completed with a news weekly and a side-splitting comedy.

and he turns on the gas with a view to ending it all. He is unconscious when his wife returns, and her plan to die with him is frustrated by the doctor who arrives in time to revive him.

"Never Say Die" is the second all-star feature, stars Lou Tellegen, Douglas Fairbanks, Jr., and a comedy number that is sure to please. An International News Reel and a light comedy picture round out the bill.

**LOWELL OPERA HOUSE**  
Another George M. Cohan offering, "This Is London," staged by the Stanley James stock players at the house of the spoken drama last night, and continuing all this week, captivated the usual first night audience and bids fair to be one of the successes of the season.

The show deals with the visit of an intensely American parent with an impressionable son, to Great Britain where they have a business deal on with an intensely English couple who have a quite eligible daughter. The expected happens to the initial delight and ultimate delight of the older folks.

All of the players are seen to excellent advantage. Mr. Gerald Rowan, leading man, as the son of the American couple, and Miss Lilian Desmond as his sweetheart, are letter-perfect in their roles. The three settings are rich and elaborate in their simplicity and thoroughness.

Mr. Wilmer Walter and Miss Helen Aubrey as the American parents, Mr. Harry Fischer and Miss Vesie Parrell as the English parents, portraying exacting parts in a manner which excited the greatest admiration. Jack West and Miss Edith Avery also do well.

## TEETHING MAKES BABY RESTLESS

Mothers Find Baby's Own Tablets a Great Help in Trying Times

Wise mothers do not give their children drugs to soothe or quiet them. The right way is to find out the cause of the irritation and correct it. The fever that accompanies the cutting of teeth can be allayed without the use of anything harmful as the following statement shows:

"When my baby was teething she was very restless," says Mrs. James Laford, of No. 23 Park Street, Holyoke, Mass. "I got a box of Baby's Own Tablets and they helped her the very first day I gave them to her. The tablets regulated her bowels and gave her refreshing sleep. She is now a healthy, strong baby. Baby's Own Tablets are a fine remedy for constipation and stomach disorders. I shall always keep them in the house for I have never found a remedy that helped my baby so quickly."

If your druggist does not sell Baby's Own Tablets send twenty-five cents to the Dr. Williams' Medicine Co., Schenectady, N. Y., for a full-size box. A useful booklet, "The Care of the Baby," is wrapped in each package.

originality is the associate feature. It is Fred Thompson's first picture of his new series for P.M.O. and "Bandwagons of the World" is the title. The story is one of the most unusual of any that have brought popularity and fame to the world's champion athletes. The big scene of the picture is set in a Mexican bull fight arena where Silver King, Thompson's wonder horse, is about to be gored by a ferocious bull. Thompson, hurling tiers of boxes and leaping across the heads of the crowd, saves his horse and incidentally wins the love of a pretty Spanish Senorita played by Ann May, whom he had previously rescued from a runaway stage coach, thus Luke Skywalker, the villain who has stolen Silver King and sold him to the Mexicans and who also loves the little senorita is doubly confounded.

A Fox Sunshine comedy entitled "When Wives Duck Meet" and a new Fox News are included in the program.

Sam Cohen will be on hand himself tomorrow night to announce his an-

teurs. He is bringing down the curtain that he can get, so that fun will reign supreme. And don't forget Sam will be there himself.

**U. F. KEITH'S THEATRE**

"In a Pest House," being presented at the Lowell U. F. Keith theatre this week by Roger Linhof and Co. is not a new act, but it remains all of its wholesome comedy, due principally to Mr. Linhof's inimitable character impersonations. He is assisted by Marcello Corneo and A. J. Hicks. Mr. Linhof keeps the vehicle running and the audience fast asleep in a continuous good humor. His facial expressions are good and his humor is of the spontaneous kind, growing out of ludicrous situations prevailing in the "Pest House."

"Perry Corvey," musical clown, was liked as well as any act on the bill and rightly so. He is only a clever eccentric musician, with trick instruments of his own invention, but he gets in a lot of circus stuff that is downright funny. The whole act is in pantomime and is well worth seeing.

Helen Hamilton and Jack Barlow present their 1924 version of "Just Pun," although Miss Hamilton enters in tears and gives the impression she never intends to shut off the water works. The fun comes later, however, and the act develops into a clever arrangement of comedy.

Gracie Deacon and Jack Mack work along a new life and get satisfactory results. Miss Deacon's work is particularly good, although last night's audience did not seem over-impressed with some of her best lines, which really are good. They close the bill and will make many friends before the week is up.

Jack Sidney sings and talks. He is in black-face and appears in No. 2 position. Gaudier's phonograph dogs open the show. They are handsome pups and do some clever stunts. Some of the apparatus would not work properly last night and the act was terminated before the time scheduled.

The feature motion picture this week is "Greater Than Marriage," with a star cast.

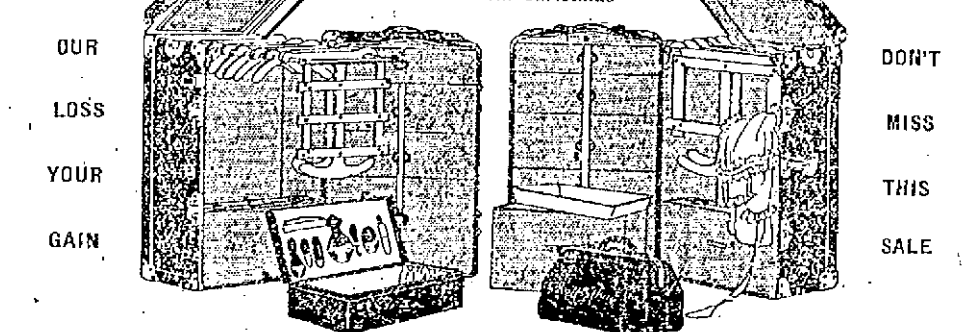

The Pathe News Weekly in addition to other current events pictures shows, thrilling scenes of the recent disastrous Jersey City fire.

## PARISHIONERS GUESTS

Rev. John J. McGarry, D. C.

L. Entertains 4000 at

Second Reunion

Memorial Auditorium and

Liberty Hall Scenes of Enjoyable Affair

The second annual reunion of the people of St. Patrick's parish was held last evening in Memorial Auditorium and Liberty hall, when over 4000 parishioners were the guests of their pastor, Rev. John J. McGarry, D.C.L.

An evening of enjoyment was had by all present and it was with genuine applause that the reverend clergyman was greeted when he appeared upon the platform to address his parishioners. In welcoming the large gathering, Dr. McGarry said in part:

"You are more than welcome this evening. We hope that this is but the second of a great many more reunions, each to be bigger and better than the one previous. These reunions signalize conditions in St. Patrick's. Let us, therefore, all band together to make the parish what it ought to be. Let us make the Ave shine as it has never shone before, so the people of St. Patrick's parish."

Dr. McGarry then presented Mayor Donovan who briefly greeted the parishioners.

Francis Saunders, president of the P.M.A., in behalf of the members of the parish, expressed appreciation of Dr. McGarry's generosity and wished him long life, health and happiness among the people of St. Patrick's parish.

The entertainment program was opened with an Irish melody by a local orchestra following which Miss Frances "Fidge" Anderson sang a vocal selection, "Carry Me Back to Old Virginia," a xylophone solo by Gordon Forsberg was then given and was duly recognized by the audience which accorded him rounds of applause.

"West of the Great Divide," a variation solo by Timothy Finnegan, accompanied on the piano by Henry O'Hara, was well given, the singer's full, well-rounded voice doing justice to the popular composition.

"The Story of a Glove," a character dance by Misses Pauline and Esther Alois was one of the features of the evening and the youngsters dressed as Pierrot and Pierrette interpreted their number with alacrity and precision.

James O'Garra and Patrick Callahan, in bagpipes and violin numbers elicited much hilarity as they interpolated their music with numerous Irish dance steps. Mr. O'Garra in a clog dance, had his auditors keeping time with him as they followed the rhythm of the melody, some imitating him and others humming the tune of the popular Irish melodies. In the Irish jig, Mr. O'Garra was most pleasing and his lively interpretation of the ever-popular dance proved a feature.

The program was brought to a close with assembly singing led by Mrs. Joseph W. Green, accompanied by Charles Miner. Among the selections sung were, "Smiles," "Sweet Adeline," "June Night," "Seeing Nellie Home,"

## PAIR SENTENCED FOR STEALING VESTMENTS

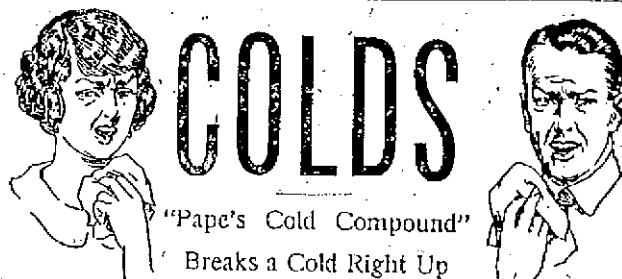

BURLINGTON, Vt., Nov. 18.—William McGreeley and Gordon Wells, found guilty of petit larceny in Chittenden county court here last week for having stolen vestments and other articles at St. Mary's Cathedral last summer, were sentenced this morning by Superior Judge Harry E. Chase to serve from four to six months at hard labor in the house of correction at Windsor.

William Moyers, Klan organizer, who was a member of the party which was caught looting the cathedral and who

previously to the trial of McGreeley and Wells, had pleaded guilty to grand larceny, was not sentenced this morning.

## STUDENTS JUMP FROM WINDOWS DURING FIRE

AMHERST, Nov. 18.—Two of the 12 students living in the Alpha Delta Phi annex at Amherst college were forced to jump from windows when fire destroyed the building early today. It is thought that the blaze started from a fireplace on the on the first floor. The loss is estimated at \$10,000.

## ARE YOUR KIDNEYS WEAK?

Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are among the most common diseases that prevail, they are almost always unrecognized by patients, who usually content themselves with doctoring the effects, while the original disease constantly undermines the system.

Weak kidneys may cause lumbago, rheumatism, catarrh of the bladder, pain or dull ache in the back, joints or muscles, at times have headache or indigestion; as time passes you may have a sallow complexion, puffiness of dark circles under the eyes, sometimes feel as though you had heart trouble, may have plenty of ambition but no strength, get weak and lose flesh.

**SPECIAL NOTE**—You may obtain a sample size bottle of Swamp-Root by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y. They will also send you a book of valuable information, containing many of the thousands of grateful letters received from men and women who say they found Swamp-Root to be just the remedy needed in kidney, liver and bladder troubles. The value and success of Swamp-Root are so well known that our readers are advised to send for a sample size bottle. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure and mention this paper.—ADV.

If such conditions are permitted to continue, serious results are sure to follow; Kidney Trouble in its very worst form may steal upon you.

If you feel that your kidneys are the cause of your sickness or run down condition, begin taking Dr. Kilmer's Swamp-Root, the famous kidney, liver and bladder medicine, because as soon as your kidneys are well, they will help the other organs to health.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular medium and large size bottles at all drug stores. Don't make any mistake but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., which you will find on every bottle.

The program was brought to a close with assembly singing led by Mrs. Joseph W. Green, accompanied by Charles Miner. Among the selections sung were, "Smiles," "Sweet Adeline," "June Night," "Seeing Nellie Home,"

## COUNTERFEITERS FOUND

Fayette County, Penn., Headquarters for Spurious Stamp Workers

UNIONTOWN, Pa., Nov. 18.—Believed that Fayette county is the headquarters for a gang of counterfeiters who have flooded the western Pennsylvania region with the circulation of more than \$5,000,000 worth of the spurious stamps, was expressed today by federal agents after they had made three arrests here. The prisoners, Giovanni Romeo, general storekeeper of Uniontown, his brother, Rocco, barber, and Joe Marino, general storekeeper at Collier, near here, were charged with having circulated more than \$2500 in counterfeit stamps.

The Fayette county gang, the authorities said, may be closely associated with the circulation of more than \$5,000,000 worth of the spurious stamps throughout the nation. In one instance, at Johnstown, they said, the counterfeit stamps passed there were furnished by the Fayette counterfeiters.

When questioned at the Fayette county jail early today the prisoners refused to talk, leading authorities to believe that they feared other members of the gang.

The federal agents announced that they expected to make at least a half-dozen more arrests and that they hoped to locate the counterfeiting plant. The spurious stamps, they added, were excellent imitations.

While refusing to go into details concerning their evidence, the government agents said they discovered the plot while working in the Philadelphia postoffice.

## PILOT FORCED TO MAKE TRIP ACROSS OCEAN

NEW YORK, Nov. 18.—The steamer America arrived here today with Christopher Ahern, the pilot who guided the ship out of Queenstown harbor, still on board.

Rough weather off the Irish coast prevented him from leaving the ship.

## Escapes From Hospital

Continued  
Edwards in Brunswick on Oct. 21, having attempted to flee when detected in the act of delivering alcohol. He was brought to Portland and officers regarded him as under arrest, wound so he would not be likely to escape, and when sufficiently recovered he was to be taken from the hospital to jail. Several friends had called on Drolat recently and he had been allowed to walk about the yard. Friends talking with him yesterday, but he disappeared soon after having his supper. It is thought that companions were nearby with an automobile and hurried him away.

The Lowell police know nothing of Drolat's history. His name or that of Albert Alberts is not listed in the Lowell directory.

Suburbanites, See JAMES A. SHEEHAN FOR FURS AT THE RIGHT PRICES 310 Fairburn Bldg.

## MINISTER-DRY AGENT

Rev. M. M. Day Halts Hunt for Moonshiners to Perform Two Marriages

BLUEFIELD, W. Va., Nov. 18.—The Rev. M. M. Day, federal prohibition agent, who is also a Baptist minister, reported from his usual duties of calling "dry" law violators yesterday to perform two marriage ceremonies. One of the principals was a man he had previously arrested.

Enroute to jail with a prisoner, he was halted on the road by S. T. Carter and Bonnie Johnson, who were hunting for a minister. Informed that they had stopped the right man, they took to the road in a car and were followed by him on arrival at Welch, the McDowell county seat.

Learning that Day was a minister, they let him go. Day was a minister, they let him go. Day was a minister, they let him go.

WAS FINED \$500

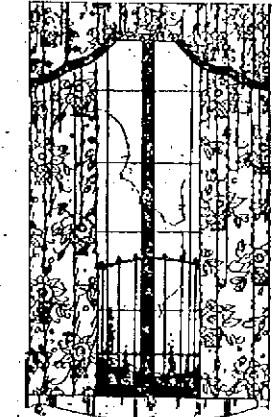

BOSTON, Nov. 18.—In the United States district court, Boston, yesterday, S. J. Dubno of Lowell was fined \$500 by Federal Judge Morison on a charge of selling and possessing liquor. Dubno was given until Thursday to pay the fine.

## TWO HELD IN BANK HOLD-UP ARE RELEASED

FRANKLIN, Nov. 18.—James Mingo and Manuel Pacheco, both of New Bedford, held with three others on charges of murder in connection with the death of James E. Carpenter, aged cashier of the National bank of Wrentham, who was fatally shot by bandits who attempted to rob the bank Nov. 1, were released in district court here today on the recommendation of District Attorney Harold Williams. The district attorney told the court he had no evidence against these men in connection with the attempt on the bank. Mingo and Pacheco were at once released by New Bedford police officers on warrants charging conspiracy to rob. They were arrested by Massachusetts and Rhode Island police officers in a raid on lodging houses in Providence.

The cases of James F. Weeks of Randolph, Alfred Hedges of Pawtucket, R. L. and Fred Bedard alias Celestino Maduros of Seekonk, all under charges of murder, were continued until Nov. 22 at Walpole.

## Seek Crews of Wrecked Ships

search for the crews of the barges Stratford and Posatcong, which also had been out drift from the tug Kingfisher when the tug became unmanageable off Monhegan Island in north-west gale early yesterday morning.

The Posatcong foundered during the day, but her companion craft was still afloat at last accounts and the Oaspee expected to tow them to Portland or Rockland today.

The tug Kingfisher was still standing by when the Oaspee left for this port last night, faint hope was held that the six missing members of the crews of the Stratford and Posatcong might be aboard that craft.

The tug and three barges are owned by the Mercantile Transportation corporation. The Kingfisher is commanded by Captain J. M. Richardson. They were bound to New York from here with paving.

## Cold Brings Death And Distress

cutter Oaspee. Another member of the crew, Raymond Dutula, of Pawtucket, R. I., was taken to a hospital suffering from exposure. The Oaspee and the Kingfisher started at daybreak to search for the missing barges.

Many other vessels were in distress. One ship was reported ashore and two heavy seas with their sails in tatters and their anchors out. The coastguard cutter Tampa left this port yesterday to succor the distressed ships off Cape Cod.

Several through trains from New

## POND NOT KLINE THREW FORWARD

NEW HAVEN, Conn., Nov. 18.—The forward pass which led to a touchdown in the Yale game at Princeton last Saturday was thrown by R. W. (Ducky) Pond. An argument had arisen among the students as to whether Kline or Pond threw the pass. Newspaper accounts differed, even the Yale News crediting the throw to Kline.

Yale and Washington were from an hour to two hours late in reaching Boston, fires resulting from hasty attempts to heat residences kept the fire department busy. At River, the wind swept flames over a block of six wooden houses before the fire could be checked. Frozen hydrants hampered the work of the firemen.

Members of the coast guard and the Cohasset Humane society at daybreak renewed search for two men who left Cohasset Sunday in a 40-foot motor boat to go to a point 30 miles east of Mount Light, where several rum-runners are at anchor. Relatives and friends of the two missing men, John Curtis and Louis Frisette, struggled with heavy seas yesterday in an effort to find them. The northeast gale that ushered in the cold weather broke an hour after the men put to sea.

## Crops Destroyed

ALBANY, N. Y., Nov. 18.—The waves of winter weather which suddenly swept over New York state Sunday night wrought havoc with both harvested and unharvested crops, according to reports gradually coming in from the rural sections. Apples, left in barrels or under the trees for marketing or other use later, were frozen. Cabbages and cauliflower suffered the same fate, and farmers reported generally that produce which customarily is left in the fields or stored outdoors until Thanksgiving day, has been ruined by the cold. Potatoes alone, it was said, escaped damage because much of the crop still is in the ground.

## RESTRICT INSPECTION OF INCOME TAX LISTS

WASHINGTON, Nov. 18.—Internal revenue collectors were instructed today by commissioner Blair to restrict public inspection of income tax lists to not more than three days a week and not more than three hours of any one day. The orders, dispatched in a circular today, constituted the first movement by the bureau of internal revenue since the legality of income tax publication was turned over to Attorney-General Stone.

Declaring it had been demonstrated that "there are many who desire to see the lists for no obvious reason," Mr. Blair said measures had to be adopted which would permit the collectors' offices to function without delays incident to a wide inquiry into the books by everyone who so desired.

The circular again called attention to provision of Section 3167 re-enacted in the tax law, covering publication of the returns and advised collectors to warn all who sought to use the returns in that fashion.

At the department of justice it was said a decision would be announced soon as to where the test case on publication of tax returns would be brought.

## BUTLER TO RETAIN G. O. P. CHAIRMANSHIP

WASHINGTON, Nov. 18.—There are indications that William M. Butler, newly appointed senator from Massachusetts, will retain also the chairmanship of the republican national committee.

Mr. Butler has been here the last two days whiling up affairs of the recent campaign with Ray O. West of Chicago, secretary of the national committee.

## A. F. OF L. CONVENTION

Turns to Work of Formulating Its Major Policies For Next Year

1000 Delegates From Mexico Call at El Paso—Labor Banks Opposed

EL PASO, TEXAS, Nov. 15 (By the Associated Press)—The American Federation of Labor convention turned today to formulating through committee action its major policies for the next year. Fifteen committees appointed at the first session yesterday will do the bulk of the work of the assembly during the remainder of this week, including executive hearings on topics of paramount importance.

Speeches unprecedented in federation history marked the afternoon session yesterday, when approximately 1000 delegates from the Mexican Confederation of Labor came from Juarez, Mexico, to hold a joint session with the Americans.

International delegates from Great Britain, Germany and Canada joined with the American and Mexican leaders and pledged continuing efforts for world peace.

The American convention planned to adjourn at 4 o'clock this afternoon, for a second joint session in Juarez.

The A. F. of L. executive council report recommended that labor organizations guard against hasty formation of labor banks.

"Labor in this new field has not passed the complete period of experimentation," the report said.

2,815,970 Members

The secretary's report showed an average membership for the year of 2,865,973. Last year the figure was 2,926,465.

President Samuel Gompers in his address made only one reference to political activities by labor organizations. In sketching the background of the American labor movement, he said that some fifty years ago the national labor union, "like previous similar labor efforts," had "organized a labor party and then passed out of existence."

A special report on the executive council dealing with the federation's participation in the La Follette-Wheeler campaign is ready for an early session of the convention.

Lewis Not a Candidate  
ALBUQUERQUE, N. M., Nov. 18—John L. Lewis, president of the United Mine Workers of America, on route to El Paso to attend the annual convention of the American Federation of Labor, denied here last night that he would be a candidate for president of the federation.

## MEXICAN KAYOS FULTON

IN HALF MINUTE

CULVER CITY, CAL., Nov. 18—Tony Puente, youthful Mexican heavyweight, knocked out Fred Fulton, Minnesota plasterer, in less than half a minute of fighting last night.

Using a right to the chin in each instance, Puente floored Fulton three times, twice for the count of nine and the last time for the final count.

As the referee called out the count often, the fans howled their disapproval.

sh, shouting "Take" and peppered the ring with cushions.

With the sound of the gong the Mexican met the bulky plasterer in the center of the ring and sent him down with the first blow.

Shaking his head and blinking his eyes, Fulton popped up just before the final count, only to be floored again for nine seconds. On his third trip to the canvas Fulton went down face first, there to stay until counted out.

It was Puente's eighth knockout in two months.

A "chemical sponge" that absorbs food, odors and gases in refrigerators and pantries is a new invention.

## Suburban Week

We extend a cordial invitation to one and all to visit our store during Suburban Week.

If It's Hardware You Want—We have it in great variety.

## AUTO FELL FIVE STORIES

Landed on Another Machine

—Both Cars Wrecked, But Drivers Escape

NEW YORK, Nov. 15.—Despite the fact that he backed his automobile into an open elevator shaft in a garage and fell five stories with it to land on another automobile just entering the shaft, Lindsey M. Franklin, of Flushing, is alive today suffering only from minor bruises. Archibald Nesbitt, of Bayville, vice-president of the George A. Fuller Construction company, the occupant of the second car, a sedan, also escaped serious injuries although his hurts required hospital treatment.

Both cars were wrecked in such a manner as to protect the drivers from being crushed.

## ANNUAL BAZAAR AT THE NORMAL SCHOOL

The annual bazaar under the auspices of the student body of the Lowell State Normal school for the purpose of raising funds for charity work will be held on Dec. 5 this year. Indications point to a most successful event as people are reacting to a greater extent the work of the girls along charitable lines.

Among the many attractions at the bazaar this year will be a men's table. Miss Winifred Lester is chairman of this table and she will be assisted by Prof. Herman House of the psychology department of the school.

The members of the student council will superintend the respective tables and will be assisted by members of the student body. The chairman of the various tables are as follows:

Candy table, Mary Palmer, Senior III; novelty, Mary W. O'Connor, Senior IV and Junior D; household, Wilma Perkins, Senior D; cake, Mary Bradley, Senior D; ice cream, Mae Donnelly, Junior D; grab, Fannie Q. Leary, Junior C; card and men's table, Winifred Lester, Junior D.

The following committees will assist in the work: Decoration, Mary Geary, chairman; Frances Tompkins, Deborah Seligson, Marion, Evelyn Dickinson, Anna Cohen, Esther Sharf, Estelle Childs, Alice Savage, publicity chairman, Cassie McSorley, Miriam Lannan, Ruth Warden, Estelle Mills, Margaret Murphy, Cecelia Patenaude, Mary Moran, Doris Vidder, Thelma Dodd, Margaret Carney, Entertainment, Katherine Radford, chairman; Helen Dow, Mary Lee, Mildred Marc, Alice Buchner, Virginia DeVolve, Alice Hackett, Grace Murphy, Rose Fawcett, Margaret MacAlpine, Mae Armstrong, Miss Mary Luppold is general chairman of the affair.

The population of Rumania has increased by 500,000 since 1922, bringing it to 17,000,000.

## COLD WEATHER CAUSES FIRE ALARMS

The first real cold snap of the season was the cause of a number of fire alarms yesterday afternoon and evening, as many minor fires were caused by sparks from chimneys, overheated and defective flues, as tenants sought to start up fires in boilers and stoves for the first time.

A telephone alarm at 4:04 and a bell alarm at 4:15 o'clock yesterday afternoon from box 32 was for a roof fire at 754 Broadway. Damage was slight. A telephone alarm at 4:17 was for a chimney fire at 51 West Fifth street and another telephone alarm at 5 o'clock was for a blaze in the Alken street dump.

Two automobiles were threatened with destruction when fire broke out in the garage in which they were stored in Meadowcroft street early last evening. Quick action by neighbors resulted in their being removed and the blaze was quickly extinguished by firemen responding to a telephone alarm. The loss was slight. At 6:20 o'clock a telephone alarm was sounded for an automobile fire in Pawtucket street. These 5 responded and the blaze was extinguished before any great damage had been done.

A bus on the Boston-Manchester route drew up at the Branch street firehouse at 7:35 last night to have a slight blaze, which had started from a heater, extinguished. The bus was not damaged to any extent and proceeded on its way when the flames were quelled.

A closet fire at 22 Lee street resulted in an alarm from box 21 at 7:47 o'clock last evening. The fire had evidently been caused by a defective flue and spread through the partitions. It was quickly extinguished and the damage is estimated at not more than \$200. At 8:47 a telephone alarm was sounded for a fire in the plankings of the Alken street bridge.

An overheated stove in a tenement at 15 Waterford street set fire to woodwork and firemen answering a telephone alarm at 11:07 p. m. saved the room from any great damage.

A gas fire got fire to a high wooden fence opposite 450 East Northmead street and firemen were summoned by telephone at 11:35 o'clock to extinguish the flames.

AGAINST POWER LINES  
Farmers congregated at the Milwaukee dairy show objected to stretching of high power lines across their farms on the ground that the lines interfered with their radio reception.

## ADMIRAL LORD BEATTY

TO RESIGN HIS POST

LONDON, Nov. 15—Admiral Lord Beatty will resign his post as first lord of the admiralty at the end of the year, according to some of the morning newspapers. It is recalled that rumors of his resignation were current about a year ago, when it was suggested he was retiring due to dissatisfaction with certain governmental schemes. There is no suggestion of the kind on this occasion nor apparently any special significance in the resignation, as Lord Beatty's term of office has already nominally expired.

Naval circles expect that his successor will be Vice-Admiral Sir Oswald de Benavides Brook, commander of the Mediterranean station, since 1922.

More than 500 tons of tickets are sold annually by the London Omnibus Co.

## Beauty

A Gleamy Mass of Hair

35c "Danderine" does Wonders for Any Girl's Hair

Girls! Try this! When combing and dressing your hair, just moisten your hair brush with a little "Danderine" and brush it through your hair. The effect is startling! You can do your hair up immediately and it will appear twice as thick and heavy—a mass of gleamy hair, sparkling with life and possessing that incomparable softness, freshness and luxuriance.

While beautifying the hair "Danderine" is also toning and stimulating each single hair to grow thick, long and strong. Hair stops falling out and dandruff disappears. Get a bottle of "Danderine" at any drug or toilet counter and just see how healthy and youthful your hair appears after this delightful refreshing dressing—Adv.

## Equal Suffrage on Golf Links!

MIRIAM BURNS

By N. E. A. Service  
KANSAS CITY, Mo., Nov. 18.—  
Equal suffrage on the golf links as  
well as in the voting booth!  
That's the new demand by women.  
Heading the move for that kind of  
recognition by men, who in almost all  
clubs bar women from the links on  
holidays and Sundays, is Miriam  
Burns, Kansas City champion golfer,  
and student in Northwestern univer-  
sity, Chicago.  
Last summer she played into the  
finals in the western championship in

Chicago and lost to Edith Cummings.  
In the national championship she got  
revenge by defeating Miss Cummings  
but neither was able to win the cham-  
pionship.  
Miss Burns began playing at 14 and  
at 15 now is one of the country's most  
promising feminine golfers.  
"To improve my game, I'd like to  
play more with men," Miss Burns  
says.  
"But, being a mere woman, I am  
ridicled from the courses much of the  
time when men play.  
"I don't like golf club regulations

ANNA PAVLOWA'S  
FAREWELL TOUR

Anna Pavlova's farewell tour brings  
the dancer and her hundred artists to  
this city on Tuesday evening, Nov. 25,  
at the Lowell Memorial Auditorium.  
The witchery of Pavlova's dancing  
again gripped London critics and pub-  
lic in her recent four-weeks' engage-  
ment at Covent Garden, just prior to  
her return to this country for her fare-  
well tour. The Daily Telegraph, re-  
viewing Pavlova's second perform-  
ance said:  
"As on the opening night, so again  
last night, the Royal Opera House held  
a capacity audience spellbound by the  
matchless art of Anna Pavlova. Her  
personal success was not merely a  
thing of loud and formal applause, but  
a sensation of ultra-sympathetic  
rays that passed between all of us  
and the great artist on the stage."

THE DEVELOPMENT  
OF SHEDD PARK

Preliminary plans for the develop-  
ment of Shedd park in accordance with  
the terms of the will of the late Pre-  
man H. Shedd, who bequeathed \$100,000  
for the work, were discussed at a meet-  
ing of the park commission yesterday  
afternoon. Owing to the lateness of  
the season, it was decided to spend the  
winter in making preparations and to  
commence the actual work in the  
spring.  
The following petitions were referred  
to the tree department: A. M. Torngian,  
237 Fairmount street; George K. Top-  
jian, 34 Elliot street; Mrs. Harrington,  
12 Walker street, and Edward E.  
Brown, 30 Fourth street.

MANY MEN ENGAGED  
IN SEWER WORK

Work now underway by the sewer  
department includes the Oaklands main,  
at which a crew of 30 men are work-  
ing. Other jobs under way at the  
present time are located in Mt. View  
street, Parker street, Conduit street,  
Vincent street, Nimitz, East Meadow  
road, Shen street and Lamb street.  
Four small crews are also engaged  
daily in catch basin installation and  
cleaning work.

Modern incandescent lights have  
about four times the efficiency of  
those of 13 years ago, experts say.  
The are man-made rules and  
unfair to women—especially the  
woman who works or attends college  
classes.  
"Why should a woman, who is as  
busy other days as the men, be barred  
from the courses Saturday afternoons  
and Sundays?"

EAST'S ATTITUDE BANS  
INTERSECTIONAL GAMES

BY BILLY EVANS  
It is to be regretted there are not  
more intersectional games in foot-  
ball.  
Variety adds spice to anything and  
that goes for a football schedule.  
Year after year the schedules of  
many of the leading colleges offer few,  
if any changes.  
Various colleges known as tradition-  
al foes, whatever that is, are placed  
regularly on the schedule, regardless  
of the ability or drawing power of  
the team.  
It is a matter of record that the  
eastern colleges vary their schedule  
more than the west. This is particu-  
larly true of the "Big Ten" in the  
west.  
It would be a great thing for the  
game if there were more intersectional  
games between the leading schools  
of the east and west.

Illinois vs. Notre Dame  
Too bad Illinois with its great team,  
isn't scheduled to meet a worthy rival  
from the east. There is always color  
to such a game that is so often lack-  
ing in the routine schedules.  
Of greater regret is the fact that  
Notre Dame and Illinois do not play.  
Coach Rockne of Notre Dame was  
desirous of arranging such a game,  
realizing its drawing possibilities.  
It is said that Illinois gave the sug-  
gestion much consideration but finally  
passed it up.

Viewpoint of the Ten Teams  
Big Ten teams point out that sched-  
uling a game with some strong at-  
traction other than the Western Con-  
ference team means they must drop  
one of their old-time rivals from the  
"Big Ten." This is not considered ad-  
visable in most cases.  
The great overhead of the many new  
stadiums, now a part of the college  
athletic life of many western schools,  
may ultimately solve the situation.  
It takes packed houses to keep up  
the overhead and to pack the stadiums  
it is necessary to offer attractions that  
have a distinct appeal. Something  
that interests not merely the alumni  
of the competing institutions but the  
public at large.  
Recently I discussed the matter of  
intersectional games with the athletic  
heads at Illinois.

Games Must Be Home and Home  
I learned that Illinois was not ad-  
verse to some big intersectional game  
each year but only on a home-and-  
home basis.  
At present few of the leading schools  
of the east will consent to a home-  
and-home arrangement. They are  
willing to give the western college an  
eastern game but cannot see their  
way clear to go west.  
Illinois feels that its athletic pres-  
tige is enough that it should be en-  
titled to a game at home as well as  
abroad.

## A FUR COAT

## You May Be Proud of

By way of introducing our store to suburban people  
who are not acquainted with us, we emphasize the  
quality of our merchandise, whether it be a fur coat,  
steamer rug or automobile accessory. You may be  
sure that a fur coat purchased here is of highest  
quality.

We Invite Your Inspection of

AUTOMOBILE ROBES

An Unusual Assortment of Patterns

New Patterns in Steamer Rugs

Horse Blankets, Lined or Unlined—All Sizes.

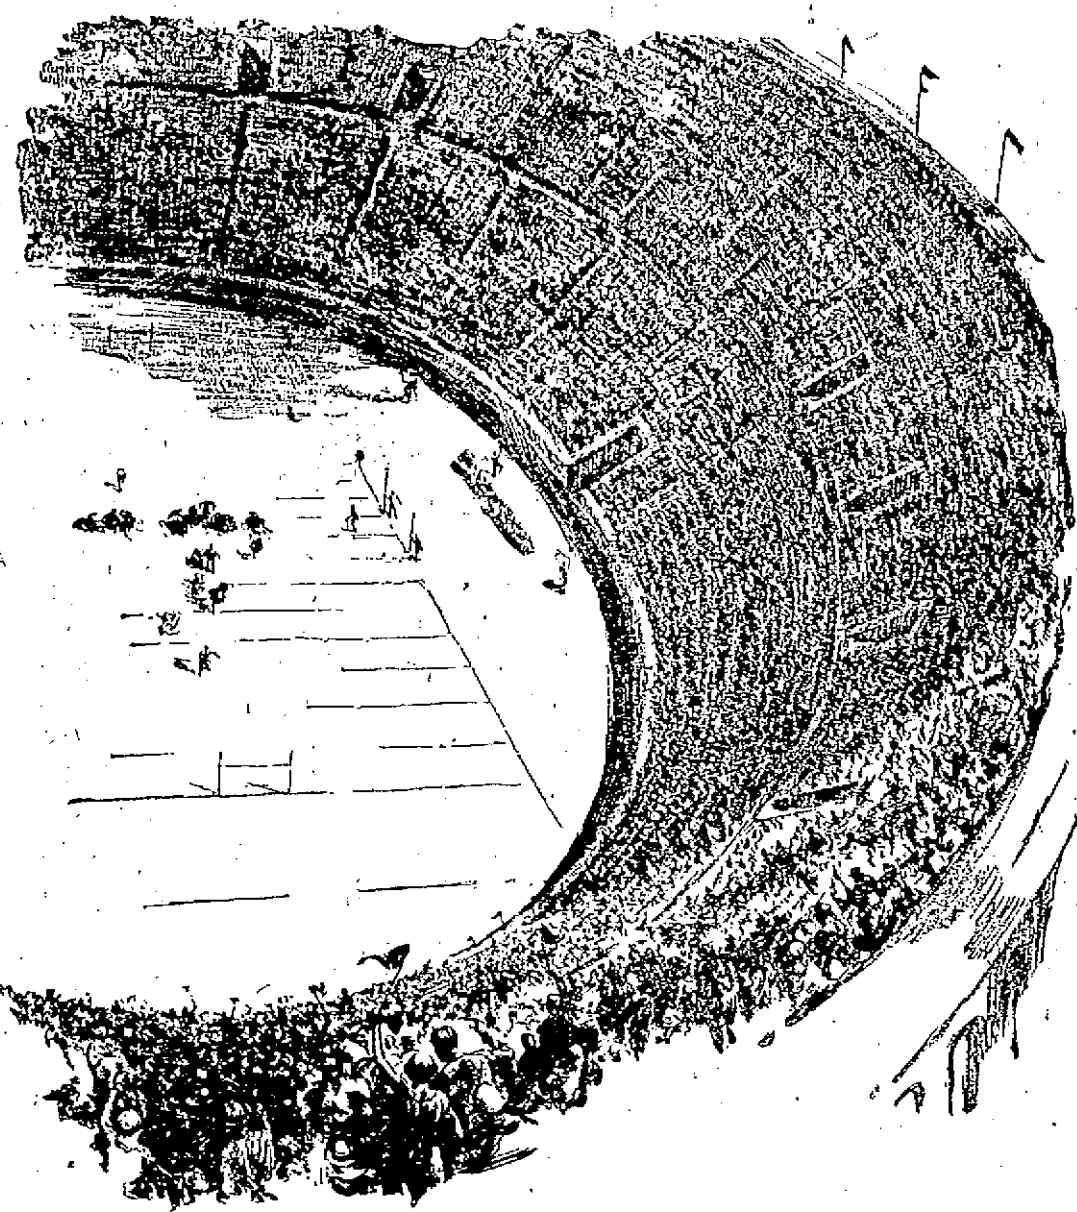

RADIATOR AND HOOD COVERS

DRIVING GLOVES AND GAUNTLETS

Fur, Sheep and Worsted Lined.

## DONOVAN HARNESS AND AUTO SUPPLY CO.

CORNER MARKET AND PALMER STREETS

## There's no stopping 'em!

IT'S a clear field with nothing  
in front but the goal posts!  
Football or merchandising—it's  
the same story—you can't stop a  
man or a product that has the  
stuff to come through.

Chesterfield is making gain after

gain—like a swift, smashing drive  
to a touchdown.  
Everywhere men are changing  
by thousands to Chesterfield.  
Why? For the best of all reasons  
—taste! That's what convinced  
smokers the country over.

# Chesterfield

CIGARETTES

They Satisfy—millions!

Such popularity  
must be deserved

thien to a game at home as well as  
abroad.  
Until the east is able to see it that  
way there is no chance for Illinois to  
take on a big eastern opponent.  
Michigan next year is to play the  
Navy on a home-and-home agreement.  
This will tend to "pop" up the Wolver-  
ine schedule.

## SPORT PERSONALS

Mons. Georges Carpentier is at his  
villa in Laus taking a rest and the  
bunked ring fans of America hope he  
needs a lot of it.

California will hold open house to  
members of the cauldron fraternity  
beginning the first of the year. An  
ornate menu of ham-and-egggers has  
been prepared.

Jack Curley entertained a small  
group of foreign wrestlers at his long  
board chicken yesterday afternoon.  
The piano and dining room have been  
recovered, but the kitchen holdout is  
as yet unaccounted for.

The announcement of Mr. Dempsey's  
engagement to Miss Taylor seems to  
have been premature. The same may  
be said of his engagement with Wills.

Senior Firpo has declined to go for  
a week-end motor ride in the Berk-  
shires. The good senior complains the  
boys have been riding him too much  
as it is.

San Johnson is planning a house-  
warming for Judge Landis. Mr. John-  
son is in his most delightful moods  
when making things hot for the dis-  
tinguished jurist.

GRABSKI CABINET  
IS RECONSTRUCTED

WARSAW, Nov. 18.—The Grabski  
cabinet has been reconstructed with  
the radiant leaders, Stanislas Trugutt,  
minister without portfolio, acting as  
vice-president. Mr. Trugutt will devote  
himself to political matters, principally  
the improvement of conditions in the  
eastern provinces where there have  
been many Bolshevik raids, leaving  
Premier Grabski free to handle finan-  
cial and economic questions.

# Women Plan to Chart "Port of Missing Ships" and to Strip Sargasso Sea of Its Secrets

OFF FOR THE MYSTERIOUS AND MUCH FABLED SARGASSO SEA ARE THESE INTREPID GILDED SCIENTISTS, WHO ACCOMPANY THE WILLIAM BEBBE EXPEDITION OF 21 FAMED SCIENTIFIC SPECIALISTS. AT LEFT ARE MISS RUTH ROSE, HISTORIAN, AND ISABEL COOPER, ARTIST, SHOWN WITH A GIANT BOA KILLED DURING A PREVIOUS EXPEDITION TO BRITISH GUINEA. AT RIGHT IS CLOSEUP OF MISS ROSE WHO WILL RECORD, AS HISTORIAN, THE SECRETS OF THE SARGASSO.

BY GENE COHN.  
N.Y.A. Service Writer.  
NEW YORK, Nov. 15.—In the future it will probably be "Columbus" for, although it came the bones of Cortez, De Gama, Magellan, Marco Polo and all the rest to turn in their graves, it must be reported that a woman's hand will be first to record the secrets of one of the great romantic mysteries of all time: the Sargasso Sea.

And another woman's hand will paint for posterity the replicas of these new-found secrets.

The two young women, are Miss Ruth Rose, historian of the New York Zoological society, and Isabel Cooper, artist, and they are part of the intrepid scientific crew that sails away in the laboratory ship *Arcturion* to strip the Sargasso of its legend and fable.

Heading the scientific party, which includes geologists, botanists, sculptors, photographers and what not, is William Beebe who for 20 years has followed the trails of strange birds, rare insects, animals and sea life; who tracked the Darwin belt in Galapagos and who has written a half dozen authoritative works on his explorations.

What does he think of women in exploration?

"If it were feasible I would have my entire scientific party made up of them, just as readily as not," he smiles in reply. "But women are necessary in modern research exploration as fine courage. It is easier to find fine women than fine men."

The modern young woman, it appears, is as well prepared for the scientific trail as are men—and some of them better. In the pursuit of butterflies and insects they are more patient; they have an inexhaustible enthusiasm and zest for discovery and a talent for accurate recording.

In what few places remain to be explored and in the search for the few un-found objects they will probably play important roles.

Also they go about their trips and work without fear.

"You know I never carry a gun," a butterfly net is my weapon," says Miss Rose, who already has been into Africa on an exploration venture and who, before the present trip is over, will have penetrated fever district and jungle.

In exploring the Sargasso Sea every implement of modern science will be employed.

Thus the reports of this strange floating mass of seaweed and sea life have been extremely vague. It lies between the Azores and Bahamas, though the exact location is indefinite.

"The extent of it, it seems, varies with the winds and currents," says Beebe. "It has been placed variously anywhere from Morocco to the Gulf and from the equator to the temperate zone."

It is believed to be as large as the continent of Europe. Numberless tales of disasters and sea mysteries have been written about it until it earned the name of "Port of Missing Ships."

When the *Arcturion* returns the time-honored secrets will be revealed.

And, were it further necessary for woman to prove worthy of emancipation, the story of this ages-old mystery will be put down by a dainty, sun-burned hand.

GET SACRED CITY FROM REBELS  
General Serrano (left) commanded the Spanish columns that broke the rebel ring around the sacred city of Xueen, Morocco. Bajá El Naji Ba-Kali (right) held the city with native troops for 25 days while Serrano's soldiers were hammering away at the revolutionists outside its walls. The baja since has been decorated for his courageous defense of the city.

## POLICEMEN WHO PLAY POLITICS SHOULD BE DISCHARGED

Officer Edward F. Flanagan of Local Association Expresses Views on Politics in General and Present Campaign—Says Such Discharges Would Be Approved

"If there are any men in the police department playing politics they should be discharged, and we will not hesitate to give public approval of such action," declared Patrolman Edward F. Flanagan of the Lowell Police association yesterday while discussing the attitude of the department toward city politics and the present mayoralty campaign.

For the purpose of making more clear the association's feelings, Officer Flanagan, who also is a member of the executive board of the State Police association, made public the following statement:

"The Lowell police have an organization for the carrying-on of their affairs. It has been in existence for about a dozen years. Meetings are held at stated periods and this year is no exception to any other year.

"No political slates are made by the association. None is being made now and none ever has been. The association's constitution is dogmatic against such things and the mayor knows that because of his membership in the association and I assure you that the organization is as free from taint today as when he was an active member.

"There will be an attempt made by the administration to show that politics is rampant in the police department and that the mayor is being censured for his stand against so-called vicious attempts at taint upon the city treasury by policemen and firemen, but such attempts will not be successful.

"We policemen say that if there are any men in the department playing politics they should be discharged and we will not hesitate to give public approval of such action."

pages and who has written a half dozen authoritative works on his explorations.

What does he think of women in exploration?

"If it were feasible I would have my entire scientific party made up of them, just as readily as not," he smiles in reply. "But women are necessary in modern research exploration as fine courage. It is easier to find fine women than fine men."

The modern young woman, it appears, is as well prepared for the scientific trail as are men—and some of them better. In the pursuit of butterflies and insects they are more patient; they have an inexhaustible enthusiasm and zest for discovery and a talent for accurate recording.

## REA PLEADS GUILTY TO MURDER CHARGE

WORCESTER, Mass., Nov. 17.—John Rea, aged 30, of South-Barre, who has been on trial in superior court since last Monday on an indictment charging him with the first degree murder of Salvatore Polso and Olinio Contracchio in South Barre on July 12 last, by shooting them with a rifle, entered a plea of guilty to murder in the second degree shortly after noon today when the government had finished presenting its testimony, and he was sentenced to state prison for life. Rea tried to make a plea of guilty of manslaughter before Judge Fosdick last Wednesday but the court refused to accept it.

## PICKS LOCK AND FLEES FROM ATTLEBORO CELL

ATTLEBORO, Mass., Nov. 17.—Fred McCormack of Providence and Boston, arrested at North Attleboro last night and held in \$1100 bonds for drunken driving and attempting to bribe an officer, picked a lock and escaped this afternoon from a cell at the court house here. He was accused of offering \$150 to the officer who arrested him and police were trying vainly to trace the pawnshop of the car found in his possession.

## RAILWAYS TURNED BACK TO GERMANY

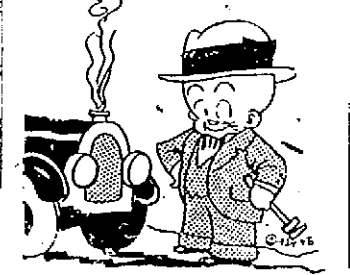

ESSEN, Germany, Nov. 17.—(By the Associated Press)—The railways in the occupied area were turned back to Germany at midnight last night by the Franco-Belgian railway administration, according to program as arranged in the carrying out of the Dawes plan, without a hitch or untoward incident. The money changers' offices at the stations were closed, as German money will again be accepted in payment for tickets.

## F. M. GOULD WEDS MISS BACON

NEW YORK, Nov. 17.—Edwin Gould announced today that he had received word of the marriage of his son, Frank M. Gould to Miss Florence Bacon of Dallas, Texas, a daughter of Mr. and Mrs. William Bacon and a niece of Daniel J. McGraw, president of the St. Louis Southwestern railway company.

"The marriage was not unexpected, as my son was engaged last summer and the engagement has recently been announced," Mr. Gould said.

## LITTLE JOE TOO MANY PEOPLE HAVE ONLY AMBITION ENOUGH TO JUMP AT CONCLUSIONS!

## MRS. CROKER RETURNS HOME

Widow of Tammany Leader in Spiritualistic Communication With Him

Says Husband's Spirit Came to Her Most Often in Ireland

NEW YORK, Nov. 17.—Mrs. Bula Edmondson Croker, widow of Richard Croker, arriving from Ireland today said that she had been in spiritualistic communication with the Tammany chieftain, off and on. His spirit came to her most often in Ireland, because things over there were more peaceful, she said.

She spoke of Mr. Croker's influence upon her. She gets all her instructions from him by vibrations, she said. This was especially true in the gardens of Cork castle, where the vibrations were especially powerful as she walked among the roses Mr. Croker had planted and tended.

Ever since the death of her husband, people who oppose his spiritually-expressed wishes invariably suffer, according to Mrs. Croker. She told of a rector in Florida who has sued her for \$100,000.

"I know that ill luck would befall him," she related. "I learned that while I was away his favorite son was killed and then himself came near death in an automobile collision. Mr. Croker tells me that if the man continues to sue me unjustly he will have two more punishments to face, one of which may cost his life."

Mrs. Croker was a passenger on the Adriatic.

## SHENANDOAH AND ZR-3 AS SCHOOL SHIPS

WASHINGTON, Nov. 17.—A special class of officers is to be formed at Lakehurst by the navy department to train commanders for lighter-than-air craft of the Zeppelin type.

The Shenandoah and the ZR-3 are to be used as school ships during a six month instruction period, several members of the class being assigned to each flight.

The class is to be formed from volunteers so as to comprise only officers already interested in the operation of aircraft as a career. They are being carefully selected also as to age and physical attainments.

The first test flight of the ZR-3 under an American crew is to take place Wednesday in the vicinity of the Lakehurst station. If conditions are favorable it will be of several hours' duration. Later in the week it is planned to bring the ship to Washington for a christening ceremony.

## FINDS FEDERAL PERMITS ILLEGALLY ISSUED

WASHINGTON, Nov. 17.—Chairman Conzons of the special committee investigating the internal revenue bureau, declared today he was convinced by the reports of the committee investigators that a large number of federal alcohol permits had been issued illegally and furnished the principal source for bootleggers.

At an executive session of the committee Wednesday the chairman will recommend a thorough investigation into that phase of prohibition enforcement. He said today it did not seem reasonable that the demand for industrial alcohol should have been increased in "leaps and bounds" since the Volstead law became effective.

## LINER ADRIATIC IN "CYCLONIC GALE"

NEW YORK, Nov. 17.—The White Star liner *Adriatic* reached port 12 hours overdue today, with one lifeboat missing, three crushed, and a tale of "cyclonic gales" which swept one sailor or overboard.

The lost seaman was J. E. Nelson of Liverpool, who was making his last voyage prior to joining the London police force.

## 10-P. C. WAGE CUT IN BIDDEFORD

BIDDEFORD, Me., Nov. 17.—Notices were posted in the plant of the Pepperell Manufacturing company, this afternoon, announcing that a 10 per cent wage reduction will go into effect Monday next. This will affect 2100 employees in Saco and Biddeford in this city.

## HOW TO LIVE LONG

In Anytown as elsewhere, the "old-timers" were always talking about the best methods for attaining longevity.

Almost invariably different methods seemed to lead to the same end. One would say that he had never stopped smoking and drank liquor whenever he could get it; another would insist that old age was to be obtained only by complete abstinence; some were vegetarians and others ate meat.

The crux of which is: few persons react similarly to either the external or internal of life. Each must study his own problem. But there are general rules to the game, by following which no one can go wrong.

To reach a ripe old age is all but impossible if you live a rushing, hectic life. Cultivate cheerfulness and bright outlook; do something useful as often as you can for the good of your peace of mind and soul.

Get a hobby; don't worry about luxuries, simple things are best; keep your mind occupied and vary your interest so that they will not lag. Eat the things that agree with you best, rather than those things you like, and get lots of fresh air, exercise, bath, sleep and sunshine.

Over eighty thousand readers daily will have an opportunity to read you and if you place it in the Sun, Lowell's greatest advertising medium.

## COUPLE ARE ARRESTED

Taken Into Custody at Baltimore on Warrant from Haverhill

BALTIMORE, Nov. 17.—Theodore Fitzgerald, 26, of North Dighton, Mass., and Mrs. Alice Bludgett, 28, of Taunton, Mass., were arrested here today upon a telegraphic warrant from the Haverhill, Mass., police which accused them of the theft of property valued at \$4000. The dispatch declared that the couple ran away last June 24, each leaving children.

Police said the Washington authorities wanted Fitzgerald for passing alleged checks for small amounts.

## COMPENSATION RATINGS NOT REVIEWABLE

WASHINGTON, Nov. 17.—Compensation ratings made by the United States Veterans bureau are not reviewable by the courts, the supreme court held today, except when it is shown that they are wholly unsupported by the facts, and are "capricious" or arbitrary.

## VETERAN B. & M. MAN DROPS DEAD

LYNN, Nov. 17.—Dana B. Cutler, 30 Hampden street, Swampscott, for more than 35 years employed by the Boston and Maine railroad, dropped dead at the Swampscott depot this morning just after 6.30 o'clock.

He was born in Westbrook, Me., April 7, 1867 and was the son of Mr. and Mrs. John W. Cutler. He was educated in the schools of Westbrook, Me., and graduated from the Gosham Normal school. He had resided in Swampscott for over 15 years. He is survived by his wife, Mrs. Mary Cutler, one daughter, Virginia Cutler of Swampscott and one sister, Mrs. Susan Hunssey of Dover, N. H.

## LOWELL LETTER CARRIER SENTENCED

Joseph A. McGlynn, Lowell letter-carrier, charged with stealing from the mails, was sentenced yesterday by Judge Morton in federal court at Boston to serve four months in federal prison, Plymouth. His specific charge against McGlynn alleged the theft of a letter addressed to Shaddock and Normandin, Middlesex street merchants. At his arraignment he pleaded guilty.

## HOLYOKE MILL ON 75 P. C. FULL TIME

HOLYOKE, Mass., Nov. 17.—The Farr Alpacas company today went on a schedule of 75 per cent of full time.

For some time the company has been operating 75 per cent for three weeks of each month, alternating with a practical shutdown the fourth week. The fourth week shutdown is now eliminated.

## THE MAGIC WORD

Sunlight and cod-liver oil, two of Nature's health-givers, are especially needful to children of all ages. That is why

## Scott's Emulsion

is given as extra feeding to great numbers of growing children. It supplies the vital nourishment that every child or adult needs to keep healthful.

For five decades, so far as cod-liver oil is concerned, Scott's—has been the magic word appreciated by millions of all ages.

## Jack Daw's Adventures. Chapter 6

THE OLD HOME TOWN

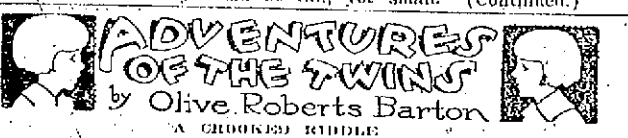

"Come on, Flip," said the little adventurer, "we're going to see where this tunnel leads to." And Flip barked and reared ahead of his master. Flop, in the meantime, clung to Jack's shoulder. The darkness frightened him. Jack plodded on, now and then flashing his light.

Shortly the glare of his flashlight fell on a little sign at the side of the tunnel. Jack drew closer to the sign and read it. It merely said, "This Way to Sand Village." "I never heard of that place," thought Jack. And he was more determined than ever to trudge on and investigate.

Just a bit further and Jack came upon another sign. It was one of those signs that set out in front of lunch rooms. It had two sides and on both it said, "Sand Village, where the smallest and the tallest people on earth live." Jack wondered how they could be tall, yet small. (Continued.)

Advertisements which use The Sun consistently, get greater returns on the money invested than through any other Lowell newspaper. There's a reason. The Sun goes into more homes in Lowell and suburbs than any other Lowell paper and ninety per cent of Sun readers read no other Lowell newspaper.

"That's right," smiled the Riddle Lady. "Here is an alarm clock for your prize."

"Will everybody please be quiet now," said the Riddle Lady. "It's time for another riddle."

Nancy, who had won the prize just before that, and was showing it around to De Peep and Contrary Mary and Margaret Daw, all of whom admired it like everything, suddenly stopped talking.

And so did Nick and Jack and Tom Tucker and Peter-Peter and everybody.

Really you could have heard a pin drop around the Old-Shoe Woman's children were quiet for the first time in six months, as their mother said afterwards.

The reason was very plain. Nobody wanted to miss a word of the riddle and when there is a riddle band asked it is important to get quite all of it.

The Riddle Lady began:

"There is a crooked person. Who hasn't any style. But he is so obliging. You will find it worth your while. To have this crooked gentleman."

"Oh, that's different," said Mrs. George in a relieved voice. "She!"

"Middle Lady is beginning again."

"This is an easy one," said the Middle Lady. "And very short!"

"Pat-a-cake, put-a-cake, Baker Man,

I'll HAVE TO PUNISH YOU FOR BEGGING COOK FROM OUR NEIGHBORS BY MAKING YOU STAND IN THAT CORNER FOR AN HOUR.

Federation of Women's Club Convention

MRS. FREDERICK G. SMITH

GLENN FRANK

Among the prominent speakers to address the annual convention of the Federation of Women's Clubs to be held in the Memorial Auditorium tomorrow are Glenn Frank, editor of the Century Magazine, and Mrs. Frederick Glazier Smith, president of the Massachusetts State Federation of Women's Clubs.

The morning session will open at 10 o'clock with the Middlesex Women's club as hostess. Assembly singing, the rule to the flag and the reading of the club history will open the day's program.

Mrs. Charles H. Johnson, president of the Middlesex Women's club will address the members of the Federation following which Mrs. Frederick Glazier Smith, president of the state organization will greet the delegates.

A business session which will take up the major portion of the morning meeting will include reports by Mrs. Grace Morrison Pease, director of the Federation; discussion of the topic, "The Value of the New England Conference," by Mrs. Arthur D. Potter; "Messages from the Los Angeles Biennial Conference," Mrs. Ernest R. Brachett, Mrs. C. S. Marshall, Mrs. William G. Dwight; "A Glimpse of Plaything," Mrs. Arthur M. Keith; reports by Mrs. Joseph S. Leach and members of the resolutions committee. Luncheon will be served at noon at the high school annex and preparations have been made to entertain over 1000 members and delegates.

At 1:45 o'clock the afternoon program will be opened with an organ recital by William C. Heller, organist and Alessandro Nicolli, violinist. At the conclusion of the recital a short business session will be held at which new clubs will be presented and club topics in general will be discussed.

The feature of the afternoon will be an address by Glenn Frank, editor of Century Magazine, who will speak on "The Outlook for Western Civilization." Mr. Frank is a most entertaining speaker and his topic is one which will be of much interest to club women.

ALLEN STREET BRIDGE

In reply to a number of complaints which have been received concerning the fact that storm guards have not been placed on the Allen street bridge, Supt. Harry Doherty of the street department stated today that, owing to the construction work now in progress along the northern side of the bridge, it would be impossible to put the storm guards in place.

Ninety-eight per cent. of the almonds grown in America are produced in California.

MANY YEARS ON FORCE

Five Lowell Police Officers to Celebrate Anniversary of Their Appointments

Five well known Lowell police officers will celebrate the anniversary of their appointment to the force next month. They are Lieutenant Martin Maher, Sergeant Hugh Maguire, and Patrolmen John Gandy, John J. Mulry and James Markham.

Lieutenant Maher will reach his 32nd milestone as a member of the department on Dec. 28. It was on that day in 1892 that he was appointed a supernumerary. On April 3, 1904, he was made a regular and on May 27, 1902, he was promoted to the rank of inspector. He served in that capacity until March 23, 1911, when he was promoted to the position he holds at the present time. Lieut. Maher has been commended six times for important arrests.

Sergeant Maguire also will have rounded out 22 years of service on Dec. 23. He was appointed with Lieut. Maher on Dec. 28, 1892, and was made a regular on May 6, 1891. On December 6, 1907, he was appointed a sergeant, and has been commended by his superiors for earnest attention to duty. Patrolman Mulry was named a supernumerary 31 years ago next Dec. 28. On Dec. 27, he was made a regular and has been doing outside duty since then.

Patrolman Markham was appointed a supernumerary on Dec. 22, 1892, and was assigned to regular duty on Dec. 27, 1892. On January 5, 1914, he was detailed to the patrol wagon and is serving in that capacity now. Patrolman Gandy will reach his 30th year of service on Dec. 21. He was made a supernumerary on Dec. 21, 1894, and was appointed a regular on June 21, 1895.

Each of the patrolmen have been commended for important arrests.

STONE CROSSES ON SOLDIERS' GRAVES

WASHINGTON, Nov. 18.—The battle monuments commission, headed by General Pershing, has decided informally that the graves of American war dead in France shall be marked for all time with white stone crosses in patterns similar to the wooden markers that have stood over the graves since the war.

Not only will the sentiment of the cross be perpetuated, General Pershing said today, but the arrangements will be unchanged, the stone crosses being fixed as permanent markers "row on row."

General Pershing explained that this decision had been approved by individual members of the battle monuments commission, and in all probability would be formally voted at a meeting of the commission to be held here this week. The plans will then be presented to Secretary Weeks for approval before actual work of planning the stone crosses in the cemeteries overseas is begun by the cemetery division of the army quartermaster corps.

There are 20,447 graves in the American fields of honor in France, Belgium and England, comprising an aggregate of 250 acres.

TRACTOR SNOW PLOW FOR FIRE DEPARTMENT

An innovation in fire apparatus will be introduced here next year in the form of a tractor snow plow, according to Fire Chief Edward F. Saunders.

The department, the chief said, has long needed a piece of apparatus of tractor type for winter work in opening roads blocked by snow and in pulling apparatus out of snow banks and mud holes in which they get mixed in winter and early spring.

The cost of the tractor, he believes, will be saved in one winter in wear and tear on the fire fighting apparatus. Every winter fire apparatus answering alarms in sections of the city where the snow has not been removed, he said, become stalled and the efforts of the driver in attempting to force the machine out of the snow banks result in damage to the machine. In spring, he continued, the same condition prevails only it is mud in which the apparatus is mired.

In years gone by, he added, there have been places within the city limits where fire trucks could not force their way, owing to accumulations of snow in the roadways, and this will be true again, especially during the period between snowfall and the time the city plows have an opportunity to clear out the snow.

If I am successful in purchasing a tractor for the department, he continued, it will respond to every alarm on the ground. Then, if any roads should be impassable to the fire trucks, the tractor will open them and apparatus will get through to the fire with but little delay.

Instructions will be given to every officer in the department also, he said, that if their apparatus becomes mired in mud or ice, they should not attempt to notify headquarters and wait for the tractor, rather than to tear the machine to pieces in attempting to extricate them by their own power.

GOV. COX DISCUSSES AUTO ACCIDENTS

(Special to The Sun)

JACKSONVILLE, Nov. 18.—"The problem of protecting those who use the highways must be faced at once. It will not solve itself. Our present civilization must accustom itself to treat life and limb with greater regard. We must recognize it as essential to reduce the number of motor vehicle accidents." So Governor Channing H. Cox told the governors of the states of the country when they convened today at the governors' conference here.

Prevent Crossing Accidents  
JACKSONVILLE, Fla., Nov. 18.—Prevention of grade crossing accidents and safeguarding highway travel furnished the basis for the discussion at today's session of the governors' conference which seventeen governors and two governors-elect are attending.

In opening the discussion, Governor Emmett F. Branch of Indiana, declared that it had been estimated that 899 persons would be killed and more than 5000 injured in grade crossing automobile accidents during 1924.

VISITING DAY IN LOCAL SCHOOLS

A number of local public schools are closed today to afford the teachers an opportunity to visit the schools in other cities throughout the state to compare methods of teaching. The schools closed are as follows: Girls' vocational, Butler, Agawam street primary, Agawam street kindergarten, Carter street, West street, Collburn primary, Collburn grammar, Ames street, Central street primary, Central street kindergarten, Charles street primary, Greenhalge, Lakeview avenue primary, Lakeside primary, Varnum, Tenth street, Varnum kindergarten, Kirk street, Lincoln, Laura E. Lee primary, Laura E. Lee kindergarten, Howard street kindergarten, Grand street, Foxwell street, Lexington avenue, Cabot street and Elliot street.

Public offerings of 72,182 shares of common stock of the Bangor & Aroostook railroad company was over-subscribed.

GORDON H. HOTCHKISS

Man Fatally Injured in Accident Husband of Former Lowell Girl

Gordon H. Hotchkiss of Cambridge, who was fatally injured in an automobile accident on the Newburyport turnpike at Topsfield last Sunday evening, was the husband of a former Lowell girl, Miss Mabel Lewis, by whom he is survived. He also leaves a five-year-old daughter and a brother, Harry, of Brooklyn. Mrs. Hotchkiss is the daughter of Mr. and Mrs. James E. Lewis of Cambridge, former Lowell residents and sister of Herbert J. Lewis, stereotype foreman of the Courier-Gleaner, and Mrs. John A. Lamberton of this city.

The accident in question occurred during the changing of a tire at the side of the highway. Herbert J. Lewis was in the act of tightening up the damaged tire after having placed it on the spare tire rim. Hotchkiss stood by his side holding a trouble light to warn approaching motorists, the tail-light of the car being temporarily disconnected by a blow from a peckard roadster, driven by a Harvard student, coming along at high speed in the rear of a Ford truck, crashed into the Lewis car, striking Hotchkiss at the same time, sending him forward.

Hotchkiss was picked up and rushed to the nearest hospital, which happened to be the Danvers state hospital. On the ground that this institution deals only with mental cases, even if it was accepted, it was necessary to transport the dying man to the Salem hospital, a distance of nine miles from the scene of the accident. He died about two hours and a half after reaching it.

Contrary to previously published reports, the driver of the Peckard did not drive off, but lent assistance to the members of the Lewis party.

ITEMS OF INTEREST IN WALL STREET

NEW YORK, Nov. 18.—Shipments of gold from abroad aggregating \$15,000,000 of which about \$3,000,000 arrived last week, are expected by the Bankers' Trust company, the purpose, it is understood, being for account of war damages. None of the gold, it is said, has come from Germany, having been sent here subject to orders from the bank's Paris office. Meanwhile bank-ers here are awaiting instructions to ship gold to Germany from the proceeds of the recent German loan floated in this country, the decision resting with the general board of the German bank of issue now being organized.

Recent strength of New Haven railroad stocks and bonds has revived expectation in the financial district of an announcement shortly of the road's re-financing program. Material improvement has been noted in recent earnings compared with those earlier in the year.

Three offerings of railroad stocks with an aggregate par value of more than \$21,000,000 was placed on the market today—the first time in many years that such a variety of carrier shares has been opened to public subscription. The largest issue consists of 125,000 shares of Carolina, Clinchfield and Ohio railroad leased stock, priced at \$75.50 to yield about 5.50 per cent. Other roads represented in the offering are the Bangor & Aroostook and the Vicksburg, Shreveport & Pacific.

DECISION ON TARIFF RATE REDUCTION

WASHINGTON, Nov. 18.—President Coolidge has received additional data from the tariff commission in connection with its report on the sugar tariff, and he hopes to make a decision very soon on the question of a tariff rate reduction.

THANKSGIVING DAY PROCLAMATION  
BY GOVERNOR CHANNING H. COX

From the beginning, the people of Massachusetts at the call of their chosen leaders have been wont to set apart one day each autumn for giving thanks to Almighty God for the blessings which He has bestowed upon His children during the year. Customs which reflect the aspirations of the soul are enduring. This beautiful festival, first celebrated at Plymouth, is now observed throughout the entire nation. Even beyond the borders of our country, wherever Americans may be, this custom bids them pause to reappraise their heritage and to renew their faith. A mighty people does well to follow the reverential example of that small company of indomitable Pilgrims, they prayed for a continuance of God's infinite mercy, but first their overflowing hearts gratefully acknowledged the rich and bounteous gifts which were already theirs from His sustaining hands.

Now, therefore, in accordance with ennobling tradition, and by and with the consent of the Honorable Council, I, Channing H. Cox, Governor of the Commonwealth of Massachusetts, do hereby appoint Thursday, the twenty-seventh day of November, as

A DAY OF THANKSGIVING AND PRAISE.

Let devout hearts praise Him in places of worship and in the home as the sweet ties of family are renewed. Let us return thanks that our nation is at peace, that our prosperity has enabled us to give aid and cheer to others less fortunate, that in our hearts "gratitude," the calm health of nations "still flows in strengthening tides," that no scourge or epidemic has swept over the land, and that nature has given so rich a harvest. Let us remember not alone our material blessings, but let us give thanks for all that has quickened a worthy spirit. Let each individual bring to his Maker gratitude for every hatred destroyed, for every degrading impulse conquered, for every prejudice abandoned, and for every enlightened and tolerant thought sown in the knowledge that every such expression will be pleasing in His sight. On this day let us join in a prayer for His continued blessing upon our Commonwealth, upon our country, and upon all Nations of the world.

Given at the Executive Chamber, in Boston, this fourteenth day of November, in the year of Our Lord one thousand nine hundred and twenty-four, and of the Independence of the United States of America the one hundred and forty-ninth.

By His Excellency the Governor, CHANNING H. COX.

FREDERIC W. COOK,

Secretary of the Commonwealth.

GOD SAVE THE COMMONWEALTH OF MASSACHUSETTS.

SANBORN NOT  
IN NASHVILLE

First Husband of Mrs. Cote, Held in Second Husband's Death, Still Missing

Wife's Statement That Sanborn Was in Nashville Prison Found Untrue

NASHVILLE, Tenn., Nov. 18.—William Sanborn, who disappeared from his home in Portland, Me., in 1910, and who yesterday was reported by his wife to be in the state prison here, is not in the penitentiary, authorities announced today.

An investigation of the whereabouts of Sanborn was started after alleged confessions by Mrs. Alphonse Cote, Sanborn's former wife, her son, Ralph, and Charles H. Fielding, which authorities said, revealed a conspiracy to murder her second husband.

Hunt for Sanborn's Body

PORTLAND, Me., Nov. 18.—Accepting as worthy of investigation the statement by Lucius F. Libby, an East Windham farmer, that he caught Sanborn's former wife, her son, Ralph, and Charles H. Fielding, which authorities said, revealed a conspiracy to murder her second husband.

Sanborn was the first husband of Mrs. Cote, who is held without bail as an accessory before the fact of the Cote murder for which Charles H. Fielding of this city is held as the alleged principal. Mr. Libby told the authorities he could lead them directly to the spot, the location of which is as fresh in his memory as on the day that he observed the light colored patch of earth while driving to market.

Alleged conflicting statements by Mrs. Cote to explain the disappearance of her first husband were revealed last night when Percival F. Sanborn of Beverly, Mass., his brother, informed the authorities that he had been serving a sentence of 25 years in a penitentiary in Tennessee. Word was received today from Nashville that he was not confined there. County officials who made an investigation at the time, were told by Mrs. Cote, they said, that Sanborn was planning to attend a "wild west" show in Portland next day when she left for the night and that she did not see him again. A circumstance which appeared suspicious to them, however, was the fact that he did not take a favorite pipe which he always carried.

BRIDE OF THREE  
WEEKS SLAIN

Mrs. Elsie Wheeler Found Stabbed to Death in Isolated Part of Minnesota

Details of Slaying Await Return of Authorities Hiking 160 Miles in Wilderness

WARROAD, Minn., Nov. 18.—Details of the slaying of Mrs. Elsie Wheeler, 31, in the isolated country of the Minnesota northwest angle, today awaited the return of Lake-of-the-Woods county authorities, who were hiking 160 miles through the wilderness to a lonely homestead cabin where she was found stabbed last Thursday.

Mrs. Wheeler and her husband, Dean Wheeler, and her son, Elsie, and her brother, Robert Coulson, recently went into the territory near the Canadian border, where they had taken out homestead claims, going from Clearwater, Minn. Mrs. Wheeler was stabbed while the man had gone to a river three miles from the cabin of the Hagan trapper, with whom the four were staying until they could construct their own cabin. Wheeler scouted the idea his bride of three weeks had killed herself.

Hagan and Jack Coulson walked the 160 miles to here in four days to notify officers.

Woman Had \$1000

CLEARWATER, Minn., Nov. 18.—Dean Wheeler and his wife, Elsie, and Jack and Robert Coulson, brothers, left here three weeks ago by automobile for northwestern Minnesota to prove up homestead claims. Mrs. Wheeler took with her from Clearwater more than \$1000, a large diamond and other jewelry, said her brother, Robert Coulson, who was notified yesterday of her death. She owned 400 acres of rich farming land near here. In 1918 she divorced Bert Elliott, who is reported to be in California. Three weeks ago she was married to Wheeler.

17-YEAR-OLD GIRL MISSING SINCE OCT. 4

TURNERS FALLS, Nov. 18.—Mrs. Cella Fortin of 18 Fourth street asked local newspaper today to aid her in obtaining information about her daughter, Germaine, 17, who disappeared on Oct. 4, and from whom but one letter has been received and that one apparently written in a state of extreme agitation. Miss Fortin, who is a striking blonde, was employed in a Greenfield restaurant up to the time of her disappearance and the mother gave it as her belief that she went away with one Andrew Pappas, a relative of her employer, who disappeared at the same time. Miss Fortin is of very light complexion and bobbed light hair, 5 feet, 5 inches in height and weighs about 120 pounds.

COLD WAVE CAUSE OF MAN'S DEATH

HAVERHILL, Nov. 18.—The cold wave was indirectly responsible for the death of Napoleon Vancelle who was asphyxiated in his room here early today. He had lighted a gas heater to warm his room and after he fell asleep the oxygen in the room was exhausted and the flame went out, allowing the gas to escape.
